Sacramental Presence in a Postmodern Context Lieven Boeve, Lambert Leijssen, 2001 The second biannual congress of the Leuven Encounters in Systematic Theology LEST II Nov 3 6 1999 was dedicated to a fundamental theological reflection on the question of how to conceive of sacramental presence in a postmodern context This volume contains the main lectures presented at the conference as well as the formal responses to those lectures and a selection of supplementary papers These papers examine the Christian claim that God is present in human history in the light of the contemporary rethinking of the relationship between transcendence and immanence In addition to an extensive introductory paper by L Boeve contributions include among others M C Bingemer L M Chauvet G De Schrijver K Hart W Jeanrond F Kerr J Y Lacoste T Merrigan P Moyaert D Power I Verhack and G Ward

Engraved Upon the Heart Hwarang Moon, 2015-07-17 How does liturgy impact the formation of faith The Protestant Church has traditionally emphasized human reason and doctrinal knowledge But there is another method with great formative power participation in liturgy Human beings gain important knowledge not only through traditional cognitively focused learning but also through practice and participation And because knowledge is wholistic an inability to express an idea in language does not necessarily signify an absence of knowledge This book shows how liturgy transmits knowledge that transcends human reason We repeat the liturgy in weekly public worship and its contents are inscribed on our minds and bodies Contrary to common belief this is also true for children and cognitively challenged individuals They may be unable to verbally express the contents of their faith in a way that satisfies normal adult expectations but these two groups of people are capable of rich religious experiences This book explores how welcoming them into experience and practice of worship and sacrament can benefit children cognitively challenged church members their families and the church community as a whole and makes us all a more inclusive community in Christ

[Institutes of the Christian Religion, 1536 Edition](#) Jean Calvin, 1995 John Calvin was just twenty seven years old when the first edition of his Institutes was published in Basel in 1536 Calvin s little book as he affectionately called it grew in size throughout the rest of his life eventually this early shorter version evolved into what is now known as the Institutes the 1559 edition which Calvin considered the authoritative form of his thought for posterity Renowned Calvin scholar Ford Lewis Battles translated the 1536 Institutes in 1975 after completing his masterful translation of the 1559 Institutes This revised edition of Battles s translation will interest general readers who wish to better understand the earliest expression of Calvin s theology as well as scholars who wish to pursue further research In addition to Calvin s own classic text the book s four appendices make available in English four significant Reformed texts including a new translation of Calvin s preface to Oliv tan s 1535 French Bible Five indices include an index of biblical references and a comparative table of the 1536 and 1559 Institutes Numerous citations in the endnotes from the writings of Calvin s predecessors and contemporaries help place the text in its historical context

Symbol and Sacrament Louis-Marie Chauvet, 1995 This work comes at an opportune hour a time in which many

complain that contemporary theology lacks a general theory of sacraments Chauvet charts a reorientation in sacramental theology from the scholastic treatments which appropriated the metaphysical categories of causality and substance to develop an essentially instrumentalist appreciation of grace in favor of an approach through the category of symbol In this approach the subject is as much grasped and transformed by the symbolic representation as is the object being interpreted Chauvet commands a wealth of scholarship which he deploys to powerful effect His work in developing a foundational theology of sacramentality will remain the standard for years to come *East London antiquities*, ed. by W.A.
