Otis, 2015-06-29 Excerpt from Sacred and Constructive Art Its Origin and Progress a Series of Essays In composing this work it has not been my object merely to write a book but to place if possible before the public in as clear and simple a form as practicable the cause origin nature and object of Constructive Art While a student of Architecture I became conscious of the public necessity of a work of this nature and I have watched the progress of literature with some impatience hoping the subject would attract the attention of some able and accomplished scholar As no work of a similar nature has yet appeared and still impressed with the idea of its public necessity I have ventured upon the undertaking trusting that a generous public will attribute its imperfections to the author and not to the subject as I consider the subject one of the noblest yet unexplored by literature About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
