**Pilgrims and Pilgrimages as Peacemakers in Christianity, Judaism and Islam** Antón M. Pazos, 2016-04-08. Pilgrimages can be analysed as acts of conflict such as the Crusades or also as platforms for relationship building and rapprochement between religions. With a set of contributions from leading experts in the field, this book explores the concept of pilgrimage in Christianity, Judaism, and Islam. Some specific examples of pilgrimages that helped to strengthen links between different religions or civilisations are explored, ranging from Europe to Asia and from the Middle Ages to the twentieth century. Even though every pilgrimage that is investigated here has helped to link different worlds, the case studies show that this relationship rarely led to a better inter-understanding. Nowadays peaceful coexistence seems to be its greatest achievement.

**Gods of the Runes** Frank Joseph, 2010-11-11. The ancient origins and divinatory power of the runes. Uncovers the original divinatory meaning of each rune through the myths of its corresponding Norse god or goddess. Includes beautiful full-color illustrations of the runic gods and goddesses. Presents rune-casting spreads for divination and character analysis. Explores the controversial history of runes from the Paleolithic Stone Age to today. Invented long before the appearance of the runic alphabet, Futhark, less than two thousand years ago, the runes were originally created as symbols for specific deities. Representing the twenty-four Norse gods and goddesses from the Vanir and Aesir pantheons, the runes provide a way to establish direct contact with the divine shapers of fate. Based on

the work of Austrian mystic and runologist Guido von List and anthropologist Marija Gimbutas as well as the oldest rune artifacts to survive from pre Christian Europe this book reveals the long history of runes from their appearances in Paleolithic cave paintings through their rechristening in Medieval times to their modern resurgence as a popular tool of divination It uncovers the original names and divinatory meanings of each rune by exploring the myths personality traits astrological periods identifying colors and gemstones of the rune s corresponding god or goddess It also illustrates and explains five ancient rune casting spreads used by Norse adepts for divination as well as character analysis By renewing their link with the divine Gods of the Runes shows how working with the runes can be a genuine mystical experience enabling a personal connection with the gods and a rediscovery of their perennial truths **Poverty Point Legends & Lore** Jon L.
