Aesthetics of Politics in W B Yeats and Others hinge on the question of political articulation in Yeats's poetry Politics and history are paramount to our understanding of the Yeatsian poetic text They are inextricable from the poet's aesthetic philosophy Yet politics manifests itself in a complex and complicated form in his work It articulates itself both consciously and unconsciously It is at once latent and manifest appropriated and yet rejected unambiguously announced in the title but immediately muffled in the corpus Additionally political articulation in Yeats's poetry is multifarious insofar as the biographical the national and the historical are not only politicized but most often envisioned apocalyptically as emblems of adversity To put it differently ageing Irish politics and modernity are synonymous with a Time transmogrifying ancestral houses into ruins a Time half dead at the top Self Ireland and history are intermeshed in Yeats's symbolism They are inseparable from his worldview His rage against ageing most often culminates in raging about the age both modernity and Irish current reality These essays trace Yeats's aestheticization of politics right from the beginning of his poetic career from his early pastoral innocence to the later modernist experience Some of them examine Yeats comparatively with other modernists

*Between Constantinople and Rome* Kathleen Maxwell, 2016-12-05 This is a study of the artistic and political context that led to the production of a truly exceptional Byzantine illustrated manuscript Paris Bibliothèque nationale de France codex grec 54 is one of the most ambitious and complex manuscripts produced during the Byzantine era This thirteenth century Greek and Latin Gospel book features full page evangelist portraits an extensive narrative cycle and unique polychromatic texts However it has never been the subject of a comprehensive study and the circumstances of its commission are unknown In this book Kathleen Maxwell addresses the following questions what circumstances led to the creation of Paris 54 Who commissioned it and for what purpose How was a deluxe manuscript such as this produced Why was it left unfinished How does it relate to other Byzantine illustrated Gospel books Paris 54's innovations are a testament to the extraordinary circumstances of its commission Maxwell's multi disciplinary approach includes codicological and paleographical evidence together with New Testament textual criticism artistic and historical analysis She concludes that Paris 54 was never intended to copy any other manuscript Rather it was designed to eclipse its contemporaries and to physically embody a new relationship between Constantinople and the Latin West as envisioned by its patron Analysis of Paris 54's texts and miniature cycle indicates that it was created at the behest of a Byzantine emperor as a gift to a pope in conjunction with imperial efforts to unify the Latin and Orthodox churches As such Paris 54 is a unique witness to early Palaeologan attempts to achieve church union with Rome
