Summary of Sacred Woman Reads Fireside (author), 1901 **Sacred Woman Holistic Healing** Katie White, 2023-09-21 We live in a world where no one truly knows what it means to be a woman For centuries we've had to fight for our rights and our place in society We constantly have to strive to be respected and recognized for our successes and abilities As we grow up many women are shamed for whatever they do They are told to lose weight to look more flattering gain weight to look more feminine become smarter to earn a place in society play dumb because males feel threatened and the list goes on Many of us feel like we always have to tweak our appearance or behavior to become more likable and appealing The worst part is that no one seems to realize or accept that we would still be called out no matter what we do Feminine in our society is often perceived as less We allow everyone's expectations perceptions and behavior to tear right through us Though that's because no one realizes the power that comes with being a woman A magnificent force lies inside every woman known as the Divine Feminine or the Sacred Feminine This force is a representation of the connection we have with the mother goddess It is an inner power that calls us to the mother goddess and breathes life into us **Sistah Vegan** A. literature comparative American Ethnic literature American literature and spirituality as well as women s studies In addition it will be an important text for both undergraduate and graduate students in those fields As Professor Johnnella Butler 2006 points out the African American search for wholeness is tightly linked to the search for freedom and agency Ever since the 19th century African American writers have given expression to an African American self which functions in Western civilization simultaneously as a colonized other and an assertive self Due to the continuous ordeal of the African Diaspora this self is caught in between the binaries proposed by the material and the spiritual world seeking a balance where the person can become whole The search for wholeness feeds from cultural roots that imply the presence of ancestral spiritualism rememory and double consciousness Contemporary black women writers reflect the metaphor of building spiritual bridges seeking the possibilities of building a bridge to the archetypal African past that is carried in their memories as a presence that offers sustenance via spiritual reconnection Their works seek to bridge the gap between the myths and traditions of the past and contemporary African American culture The texts included in this collection are examples of writing as an exercise of what V v Clark calls Diaspora literacy The texts written by contemporary African American women writers explicitly show how to recognize and read the cultural signs left scattered along the road of progress In this way material acquisition is achieved along with cultural dispossession becoming a metaphor for the history of the African in America The powerful message is that one should not exclude the other *That time when I decided to make peace (once and for all) with my emotionally unstable vagina* Sabrina Moella,2021-12-31 During the summer of 2013 Afro Canadian writer Sabrina Moella made a life changing trip to Brooklyn New York Unbeknownst to her at the time what started as a simple long weekend in the Big Apple to attend a concert at BAM quickly turned into a healing journey full of surprises and plot twists In this non fiction essay where spirituality meets serendipity way more than once the author narrates her incredible adventures while paying a vibrant homage to neo soul music the streets of Brooklyn and the magic of Black womanhood You Are Divine Dawn Reno Langley,2022-01-08 Embrace Your Feminine Strength Every woman holds the divine feminine within her but sometimes it can be hard to find inside ourselves Dawn Reno Langley delivers the advice that goddesses offer us as well as how we can incorporate those lessons into our daily lives With powerful interviews and journaling prompts Langley invites you to find your inner strength let go of the expectations of society and embrace your own divinity You Are Divine is a celebration of all women sharing inspiring stories of divine female archetypes from different cultures across the globe It features powerful examples of mythological historical and contemporary women who represent the best qualities in all of us With this book you can discover your unique way of taking back power calling for justice connecting with your creativity exploring ecofeminism and so much more **It's a Sistah Thing** Monique R.
