Intuition - Your Sacred Gift Michael Basch,2018-03-22 You have a sacred gift the knower who can lead you to fulfillment joy and a sense of strong self worth and confidence This powerful component of every great success Already resides in you Is always present and You know and use it every day Develop it and you will experience life and the myriad of decisions you face at both work and home with far more ease far less stress and far greater satisfaction Unfortunately part of our culture is built upon the notion that no such inner knowledge exists Those foolish ideas of the rational mind as the only provider of answers often limit your own use of your inner abilities and knowledge Your Sacred Gift Einstein said paraphrased Your intuitive mind is a sacred gift Your rational mind a loyal servant Our culture honors the servant and has forgotten the gift What is the difference between the intuitive mind and the rational mind and what are the roles of each Your intuitive mind sees the big picture the possibilities that are or can be in your future The intuitive mind is not caught up as much in what is as it is in what can be Einstein is saying that your intuitive mind is the leader and your rational mind the servant He is not suggesting that we drop or minimize the rational mind but rather put it in its proper context as the doer not the seer Call this sacred gift God the divine the Self or simply the intuitive self It doesn t matter You don t have to live your life by trial and error You don t have to live your life following the advice of others who don t walk in your shoes We all have the intuitive mind but as Einstein suggests we leave it behind at a very early age Think about your early childhood If you re like me choices were fairly simple You followed your bliss And your intuition probably led the way Then the outsiders in your life your parents your school your friends your culture all began to put the chains on and if you re like me you gradually gave up your freedom and your intuitive mind I had hit bottom after what some would call great successes I realized that I could no longer live my life by trial and error I had to make better choices in life I had hurt too many and lost too much So I began a seven

year journey to learn as much as I could about this mysterious power called intuition The journey included in depth interviews with over 80 people from all walks of life I was able to identify a dozen of those people who live their life primarily by following their intuitive guide Three of these profiles are covered in this book An internationally acclaimed artist and his wife a successful Silicon Valley venture capitalist and a three star general Each of these people live the life Einstein suggests Their intuitive mind leads their rational mind follows Intuition Your Sacred Gift is book I in a three part series Its purpose is to reveal in you your intuitive mind Your Sacred Gift The Psychology of Money Michael Argyle,Adrian Furnham,2013-10-23 This fascinating book examines such diverse and compelling subjects as money and power gender differences morality and tax the very rich the poor lottery and pools winners how possessions and wealth affect self image and esteem why some people become misers and others gamblers spendthrifts and tycoons and why some people gain more pleasure from giving away money than from retaining it Comprehensive and cross cultural The Psychology of Money integrates fascinating and scattered literature from many disciplines and includes the most recent material to date It will be of interest to psychologists sociologists anthropologists and to people interested in business and economics The quantum leap Angelo Aulisa,2017-02-21 **The G.O.D. Experiments** Gary E. Schwartz,2006-04-04 DOES GOD EXIST ONLY IN OUR HEARTS According to highly esteemed scientist Gary E Schwartz Ph D there is compelling scientific evidence that we no longer have to accept God on faith alone Through a multidisciplinary approach Harvard University educated Dr Schwartz blends psychology quantum physics and mathematics to examine the science of spirit Faith and science are not mutually exclusive and a better understanding of their relationship can lead us to recognize how God operates in everything Trained in the scientific method as an open minded skeptic Dr Schwartz was taught how to raise questions turn them into hypotheses and design experiments to test them He was not trained to consider the nature of God And yet his scientific research led him directly to the discovery of God s existence in intelligent evolution and everyday life Scientifically rigorous and spiritually reassuring this eye opening book is a wake up call for anyone who wonders about life s true meaning and who longs to believe in the existence of a universal intelligence Two Spirit People Lester B. Brown,1997 Two Spirit People is the first ever look at social science research exploration into the lives of American Indian lesbian women and gay men Editor Lester B Brown posits six gender styles in traditional American Indian culture men and women not men and not women persons of one biological sex assuming the identity of the opposite sex in some form and gays and lesbians He brings together chapters that emphasize American Indian spirituality present new perspectives and provide readers with a beginning understanding of the place of lesbian gay and bisexual Indians within American Indian culture and within American society This beginning will help you understand these unique people and the special challenges and multiple prejudices they face Traditionally American Indian cultures showed great respect and honor for alternative gender styles since these were believed to be part of the sacred web of life If the Great Spirit chose to create alternative sexualities or gender roles who was bold enough to oppose

such power If one's spiritual quest revealed one's identity to be that of not woman not man gay or lesbian who should defy their calling The interpretation of contemporary American Indian religions that gay American Indians retain sacred rights within Indian cultures and that they can share this gift with others have implications for therapy identity formation social movements and general human relations Social workers and other human service professionals American Indian studies students sociologists anthropologists and lesbian and gay scholars will find Two Spirit People enlightening and a significant contribution to the development of professional interventions for oppressed groups that is ethnically and culturally sensitive Only by understanding the belief systems from which these oppressed groups come will you begin to really help them achieve positive change You will become better equipped to specifically help gay and lesbian American Indians as you gain insight into American Indian alternative gender styles social service issues for American Indian lesbians and gay men American Indian not men and not women and their choosing ceremonies American Indian lesbian and gay identity development American Indian lesbian and gay literature AIDS and American Indians Two Spirit People helps you see that family and community acceptance of lesbians and gays is possible The families of American Indian lesbians and gays do not usually abandon them thus helping them face a generally unaccepting American milieu Looking to this book and the American Indian perspective of alternative sexuality gender styles American society as a whole can begin to take a new approach to the treatment and understanding of other groups traditionally held to the outside of American mainstream society **Wiersbe**

The Soul of a Woman Ann Marie Floch, 2010-04 Even with all of the strides that women have taken over the past century some still believe that they are not equal to men Some have even gone as far as to say that women were not supposed to have souls and have drilled this notion into young minds that continue to pass it on to generations to come The Soul of a Woman offers a new challenge to the women of the world a chance to embrace their newfound souls and bring about the changes the world needs for its survival Written in a beautiful poetic style each chapter focuses on a different type of woman Throughout the journey of a woman's soul she may move through one two or many of these different identities until she finds her own Now is your chance to truly discover The Soul of a Woman Author Ann Marie Floch lives in Spokane Washington where she spends much of her time writing After teaching junior high and high school for many years she now

focuses on family and marriage counseling as well as retreat work In addition to being a Reiki Practitioner she is involved in many groups and is team teaching a series of workshops for strengthening families The author is currently working on three other books and plans to write many more Publisher s website <http://www.strategicpublishinggroup.com> title TheSoulOfAWoman htm **Unlocking a Spiritual Love Within** Rain Basia,2015-06-23 This is a little story of a seven year journey of faith with the Great I Am acknowledging only Him to present you to your real bashert and what it is to be called upon to achieve greater consciousness You learn how to become an understanding and a loving mate what it is to truly comfort the one whom you really love This is what its like when you faithfully wait and let Gods love rule your life This is what unconditional devotion looks like This is a leap of faith for me Witness a love that can unlock racism segregation prejudice etc This is who Jesus Christ has called me to be I am a freedom fighter for equality of life This is my mission He has suffered our pain and He has chosen me to pick up my cross for Him in making our world a better place Teaching the human race that God loves all mankind so we may be seen as brothers and sisters and welcomed as equals just as Ive pleaded for in 2007 For Dr Martin Luther Kings Jr s Dream for the Lion of Judea Jesus Christs prayer of salvation and love for us all as believers exclusively as His children to be unified as one **Falling in Love with Nature** Amanda J. Baugh,2024-11-19 Explores the contours of Latinx Catholic environmentalism Home based conservationist measures such as cultivating backyard gardens avoiding consumerism and limiting waste are widespread among Spanish speaking Catholics across the United States Yet these home based conservationist practices are seldom recognized as environmental because they are enacted by working class immigrant communities and do not conform to the expectations of mainstream environmentalism In Falling in Love with Nature Amanda J Baugh tells the story of American environmentalism through a focus on Spanish speaking Catholics shedding light on environmental actors who have been hidden in plain sight While dominant narratives about environmental activism include minorities primarily in the realm of environmental racism and injustice Baugh demonstrates that minority communities are not merely victims of environmental problems They can be active agents who express love for nature based on inherited family traditions and close relationships with the land Baugh shows that Spanish speaking Catholics have values that have been overlooked in global discourses grassroots movements and the highest echelons of the US Catholic Church By drawing attention to the environmental knowledge that is already abundant within Spanish speaking Catholic communities Falling in Love with Nature challenges readers to rethink their assumptions about who can be an environmental leader and what counts as environmentalism **Achaemenid Impact in the Black Sea** Jens Nieling, Ellen Rehm,2010-07-16 For 200 years from the second half of the sixth century to the decades before 330 BC the Persian dynasty of the Achaemenids ruled an enormous empire stretching from the Mediterranean Sea to Afghanistan and India The Great Kings Dareios I and Xerxes I even tried to conquer Greece and the northern Black Sea territories Although they failed parts of Thrace did become part of their dominion for a short period The question always rises as to why the Great

Kings were interested in the western and northern Pontic zones In contrast to some of the other satrapies such as Egypt Phoenicia and Syria the Black Sea had no prosperous cities or provinces to offer One possible answer might be the desire to conquer every part of the known world After 479 BC it seems that the Great Kings acknowledged the fact that the coast and the Caucasus formed the natural borders of their Empire The satraps on the other hand could not avoid becoming involved in the affairs of the Black Sea region in order to safeguard the frontiers they had established They had to incorporate the Greeks as accepted inhabitants of their province into the Persian administrative system Possibly they achieved this by granting them the monopoly in sea trade and using the Anatolian Greeks as the main active bearers and transmitters of Persian customs and culture More research into this chapter of Persian history is still required Christ and the Human Soul Rudolf Steiner, 2023-07-05 10 Lectures in Copenhagen and Norrköping May 23 30 1912 July 12 16 1914 CW 155

Spiritual science does not want to replace Christianity rather it aims to be the instrument through which the meaning of Christianity can be grasped And one thing that will become particularly clear through spiritual science is that the being whom we call Christ must be recognized as the center of life on earth and that what we call the Christian faith is the ultimate religion the eternal religion for the future of the earth Rudolf Steiner July 13 1914 This collection of lectures from 1912 and 1914 offers a deepened understanding of the being of Christ the divine Logos in his connection with individual human souls From religious figures such as John the Baptist and Saint Francis to the twentieth century poet Christian Morgenstern these lectures reveal how Christ works with and through all who seek him The Pauline statement Not I but Christ in me becomes an inner guide by which each human soul can find a way to intimate union with the Christ being It is he who has the power to make our ideals and goals in life if they are worthy into true seeds of future reality The time of faith has come and gone Christ needs our conscious striving our effort to understand within the heart's deep core his ongoing presence and activity in the further evolution of our spiritual Earth and in our journey toward humanness These lectures are a comfort and a signpost for the soul to walk the inner path of communion with Christ for the healing and redemption of the earth We may be able in the end to redeem the karma accrued by our own individual souls but for our spiritual work to be fruitful for all humanity it must be brought into connection with Christ What we take into ourselves in such a way that it is done from the perspective of Not I this is what Christ makes into a common possession for all humanity July 14 1914 To know Christ means to undergo the school of selflessness Under the influence of materialism the selflessness of humanity was lost in a way as will be understood in future ages of humanity However through absorption in the Mystery of Golgotha the penetration of the knowledge of the Mystery of Golgotha with our whole feeling and soul being we can once again acquire a culture of selflessness We can come to understand that what Christ did for the development of the Earth is contained in the fundamental impulse of selflessness and that what he can become for the conscious development of the human soul is the school of selflessness Rudolf Steiner June 1 1914 To read these lectures is to strike out on the heart's path of fellowship with the living Christ This book is a
