A BIOGRAPHICAL ESSAY

Laurence L. Bongie

Sade A Biographical Essay

Tom Flynn

Sade A Biographical Essay:

Sade Laurence L. Bongie, 2000-03-15 The writings of the Marquis de Sade have attained in recent years a widely acclaimed position in the canon of world literature Sade himself at one time discussed in horrified whispers is now often celebrated as a heroic apostle of individual rights a giant of philosophical thought and a martyr to freedom of conscience In *Sade A Biographical Essay* Laurence Bongie puts these claims to a severe test and finds them unfounded and undeserved

Sade's Sensibilities Kate Parker, Norbert Sclippa, 2014-11-20 *Sade's Sensibilities* tells a new story of one of the most enduring and controversial figures in European literature Blending ideas about subjectivity identity and natural philosophy with politics and pornography D A F de Sade has fascinated writers and readers for two hundred years and his materialist account of the human condition has been widely influential in post structuralism nihilism and feminism This new collection of essays considers Sade's Enlightenment legacy both within and beyond the narratives of radicalism and aberration that have historically marked the study of his oeuvre From different points of view these essays argue that Sade engaged with and influenced traditional Enlightenment paradigms particularly those related to sensibility subjectivity and philosophy as much as he resisted them They thus recover a Sade more relevant even foundational to our twenty first century understanding of modernity selfhood and community In *Sade's Sensibilities* Sade is no longer a solitary peripheral radical but an

Enlightenment philosopher in his own right [The Cambridge Companion to Simone de Beauvoir](#) Claudia Card, 2003-03-10 Simone de Beauvoir was a philosopher and writer of notable range and influence whose work is central to feminist theory French existentialism and contemporary moral and social philosophy The essays in this 2003 volume examine all the major aspects of her thought including her views on issues such as the role of biology sexuality and sexual difference and evil the influence on her work of Heidegger Sartre Merleau Ponty Husserl and others and the philosophical significance of her memoirs and fiction New readers and nonspecialists will find this the most convenient and accessible guide to Beauvoir currently available Advanced students and specialists will find a conspectus of recent developments in the interpretation of Beauvoir

Fictions of Pleasure Alistaire Tallent, 2023-12-15 This book identifies the prostitute memoir as a subgenre of the eighteenth century French libertine novel and explores how the fictional utopia the narrators of these salacious pseudo memoirs undermine the patriarchal hierarchies of the Ancien R gime and propose a social model in which women form networks of mutual support to achieve wealth and personal satisfaction

The Other Rise of the Novel in Eighteenth-Century French Fiction Olivier Delers, 2015-09-01 The rise of the novel paradigm and the underlying homology between the rise of a bourgeois middle class and the coming of age of a new literary genre continues to influence the way we analyze economic discourse in the eighteenth century French novel Characters are often seen as portraying bourgeois values even when historiographical evidence points to the virtual absence of a self conscious and coherent bourgeoisie in France in the early modern period Likewise the fact that the nobility was a dynamic and diverse group whose members had learned to

think in individualistic and meritocratic terms as a result of courtly politics is often ignored The Other Rise of the Novel calls for a radical revision of how realism the language of self interest and commercial exchanges and idealized noble values interact in the early modern novel It focuses on two novels from the seventeenth century Furetiere's Roman bourgeois and Lafayette's Princesse de Clèves and four novels from the eighteenth century Prevost's Manon Lescaut Graffigny's Lettres d'une Pruvienne Rousseau's La Nouvelle Héloïse and Sade's Les infortunes de la vertu It argues that eighteenth century French fiction does not reflect material culture mimetically and that character action is best analyzed by focusing on the social and discursive exchanges staged by the text rather than by trying to create parallels between specific behavior and actual historical changes The novel produces its own reality by transforming characters and their stories into alternative social models different articulations of how individuals should define their economic relations to others The representation of interpersonal relations often highlights personal conceptions of private interest that cannot be easily reconciled with the traditional narrative of a transition towards economic modernity Realism then is not only about verisimilar storytelling and psychological depth it is an epistemological questioning about the type of access to reality that a particular genre can give its readers

Self-Made Tara Isabella Burton, 2023-06-27 An exploration into the curation of the self in Western civilization from Da Vinci to Kim Kardashian In a technologically saturated era where nearly everything can be effortlessly and digitally reproduced we're all hungry to carve out our own unique personalities our own bespoke personae to stand out and be seen As the forces of social media and capitalism collide and individualism becomes more important than ever across a wide array of industries branding ourselves or actively defining our selves for others has become the norm Yet this phenomenon is not new In Self Made Tara Isabella Burton shows us how we arrived at this moment of fervent personal branding As attitudes towards religion politics and society evolved our sense of self did as well moving from a collective to individual mindset Through a series of chronological biographical essays on famous and infamous self creators in the modern Western world from the Renaissance to the Enlightenment to modern capitalism and finally to our present moment of mass media Burton examines the theories and forces behind our never ending need to curate ourselves Through a vivid cast of characters and an engaging mix of cultural and historical commentary we learn how the personal brand has come to be

Who's Who in Gay and Lesbian History Vol.1 Robert Aldrich, Garry Wotherspoon, 2005-10-25 Who's Who in Gay and Lesbian History From Antiquity to the Mid Twentieth Century is a comprehensive and fascinating survey of the key figures in gay and lesbian history from classical times to the mid twentieth century Among those included are Classical heroes Achilles Aeneas Ganymede Literary giants Sappho Christopher Marlowe Arthur Rimbaud Oscar Wilde Royalty and politicians Edward II King James I Horace Walpole Michel de Montaigne Over the course of some 500 entries expert contributors provide a complete and vivid picture of gay and lesbian life in the Western world throughout the ages

Seducing the Eighteenth-Century French Reader Paul J. Young, 2016-12-05 As he demonstrates that narratives of seduction function as a master plot for

French literature in the eighteenth century Paul Young argues that the prevalence of this trope was a reaction to a dominant cultural discourse that coded the novel and the new practice of solitary reading as dangerous seductive practices Situating his study in the context of paintings educational manuals and criticism that caution against the act of reading Young considers both canonical and lesser known works by authors that include Rousseau Sade Bastide Laclos Crillon and the writers of two widely read libertine novels How these authors responded to a cultural climate that viewed literature and especially the novel as seductive sheds light on the perils and pleasures of authorship the ways in which texts interact with the larger cultural discourse and what eighteenth century texts tell us about the dangers of reading or writing Ultimately Young argues the seduction not in the text but by the text raises questions about the nature of pleasure in eighteenth century French literature and culture

Gay and Lesbian Literary Heritage Claude J. Summers, 2014-02-25 The revised edition of *The Gay and Lesbian Literary Heritage* is a reader's companion to this impressive body of work It provides overviews of gay and lesbian presence in a variety of literatures and historical periods in depth critical essays on major gay and lesbian authors in world literature and briefer treatments of other topics and figures important in appreciating the rich and varied gay and lesbian literary traditions Included are nearly 400 alphabetically arranged articles by more than 175 scholars from around the world New articles in this volume feature authors such as Michael Cunningham Tony Kushner Anne Lister Kate Millet Jan Morris Terrence McNally and Sarah Waters essays on topics such as Comedy of Manners and Autobiography and overviews of Danish Norwegian Philippines and Swedish literatures as well as updated and revised articles and bibliographies

The Limits of Ferocity Daniel Fuchs, 2011-05-30 A powerful critique of the revolutionary mentality and sexual aggression represented in the works of authors including D H Lawrence Georges Bataille Henry Miller and Norman Mailer

Who's who in Gay and Lesbian History Robert Aldrich, Garry Wotherspoon, 2001 500 entries from more than 100 contributors profiling gay and lesbians throughout history ranging from Sappho to Andre Gide most entries are accompanied by a bibliography

Historical Dictionary of French Literature John Flower, 2022-05-15 With the possible exception of Great Britain France can justifiably lay claim to possess the richest literary history of any country in Western Europe This book covers the authors and their works literary movements and philosophical and social developments that have had a direct impact on style or content and major historical events such as the two world wars the Franco Prussian War the Algerian War or the events of May 1968 that are directly reflected in a substantial body of imaginative writing *Historical Dictionary of French Literature* Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on individual writers and key texts significant movements groups associations and periodicals and on the literary reactions to major national and international events such as revolutions and wars This book is an excellent resource for students researchers and anyone wanting to know more about French literature

Surrealism, History and Revolution Simon Baker, 2007 This book is a new account of the surrealist

movement in France between the two world wars It examines the uses that surrealist artists and writers made of ideas and images associated with the French Revolution describing a complex relationship between surrealism s avant garde revolt and its powerful sense of history and heritage Focusing on both texts and images by key figures such as Louis Aragon Georges Bataille Jacques Andr Boiffard Andr Breton Robert Desnos Max Ernst Max Morise and Man Ray this book situates surrealist material in the wider context of the literary and visual arts of the period through the theme of revolution It raises important questions about the politics of representing French history literary and political memorial spaces monumental representations of the past and critical responses to them imaginary portraiture and revolutionary spectatorship The study shows that a full understanding of surrealism requires a detailed account of its attitude to revolution and that understanding this surrealist concept of revolution means accounting for the complex historical imagination at its heart *Morbid*

Undercurrents Sean M. Quinlan, 2021-09-15 In *Morbid Undercurrents* Sean M Quinlan follows how medical ideas stemming from the so called birth of the clinic zigzagged across the intellectual landscape of the French Revolution and its aftermath It was a remarkable hotspot in the historical timeline when doctors and scientists pioneered a staggering number of fields from forensic investigation to evolutionary biology and their innovations captivated the public imagination During the 1790s and beyond medicine left the somber halls of universities hospitals and learned societies and became profoundly politicized inspiring a whole panoply of different often bizarre and shocking subcultures Quinlan reconstructs the ethos of the time and its labyrinthine underworld traversing the intersection between medicine and pornography in the works of the Marquis de Sade efforts to create a natural history of women the proliferation of sex manuals and books on family hygiene anatomical projects to sculpt antique bodies the rage for physiognomic self help books that taught readers to identify social and political types in post revolutionary Paris the use of physiological medicine as a literary genre and the mesmerist renaissance with its charged debates over animal magnetism and somnambulism In creating this reconstruction Quinlan argues that the place and authority of medicine evolved at least in part out of an attempt to redress the acute sense of dislocation produced by the Revolution *Morbid Undercurrents* exposes how medicine then became a subversive radical and ideologically charged force in French society **The Devil in the Holy Water, or the Art of Slander from Louis XIV to Napoleon** Robert

Darnton, 2009-11-27 Slander has always been a nasty business Robert Darnton notes but that is no reason to consider it a topic unworthy of inquiry By destroying reputations it has often helped to delegitimize regimes and bring down governments Nowhere has this been more the case than in eighteenth century France when a ragtag group of literary libelers flooded the market with works that purported to expose the wicked behavior of the great Salacious or seditious outrageous or hilarious their books and pamphlets claimed to reveal the secret doings of kings and their mistresses the lewd and extravagant activities of an unpopular foreign born queen and the affairs of aristocrats and men about town as they consorted with servants monks and dancing masters These libels often mixed scandal with detailed accounts of contemporary history and

current politics And though they are now largely forgotten many sold as well as or better than some of the most famous works of the Enlightenment In *The Devil in the Holy Water* Darnton winner of the National Book Critics Circle Award for his *Forbidden Best Sellers of Pre Revolutionary France* and author of his own best sellers *The Great Cat Massacre* and *George Washington's False Teeth* offers a startling new perspective on the origins of the French Revolution and the development of a revolutionary political culture in the years after 1789 He opens with an account of the colony of French refugees in London who churned out slanderous attacks on public figures in Versailles and of the secret agents sent over from Paris to squelch them The libelers were not above extorting money for pretending to destroy the print runs of books they had duped the government agents into believing existed the agents were not above recognizing the lucrative nature of such activities and changing sides As the Revolution gave way to the Terror Darnton demonstrates the substance of libels changed while the form remained much the same With the wit and erudition that has made him one of the world's most eminent historians of eighteenth century France he here weaves a tale so full of intrigue that it may seem too extravagant to be true although all its details can be confirmed in the archives of the French police and diplomatic service Part detective story part revolutionary history *The Devil in the Holy Water* has much to tell us about the nature of authorship and the book trade about Grub Street journalism and the shaping of public opinion and about the important work that scurrilous words have done in many times and places

The Pleasure's All Mine Julie Peakman, 2013-10-15 Handcuffs paddles whips the words alone are enough to make a person blush Even by our society's standards the practice of things like BDSM is still very hush hush considered deviant sexual behavior that must be kept hidden But the narrow view of what is thought of as normal sex a vanilla act performed by one man and one woman is more and more contested these days And as Julie Peakman reveals normal never really existed for everyone different kinds of sex have always offered myriad pleasures and almost all sexual behaviors have traveled between acceptance and proscription *The Pleasure's All Mine* examines two millennia of letters diaries court records erotic books medical texts and more to explore the gamut of deviant sexual activity Delving into the specialized cultures of pain necrophilia and bestiality and the social world of plushies furies and life size sex dolls Peakman considers the changing attitudes toward these as well as masturbation golden showers sadomasochism homosexuals transvestites and transsexuals She follows the history of each behavior through its original reception to its interpretation by sexologists and how it is viewed today showing how previously acceptable behaviors now provoke social outrage or vice versa In addition she questions why people have been and remain intolerant of other people's sexual preferences The first comprehensive history of sexual perversion and packed with both color and black and white images *The Pleasure's All Mine* is a fascinating and sometimes shocking look at the evolution of our views on sex

The Bohemians Anne Gédéon Lafitte, Marquis de Pelleport, 2011-07-07 While the marquis de Sade was drafting *The 120 Days of Sodom* in the Bastille another libertine marquis in a nearby cell was also writing a novel one equally outrageous full of sex and slander and more revealing for what

it had to say about the conditions of writers and writing itself Yet Sade's neighbor the marquis de Pelleport is almost completely unknown today and his novel *Les Bohémiens* has nearly vanished Only a half dozen copies are available in libraries throughout the world This edition the first in English opens a window into the world of garret poets literary adventurers down and out philosophers and Grub Street hacks writing in the waning days of the Ancien Régime The *Bohémiens* tells the tale of a troupe of vagabond writer philosophers and their sexual partners wandering through the countryside of Champagne accompanied by a donkey loaded with their many unpublished manuscripts They live off the land for the most part by stealing chickens from peasants They deliver endless philosophic harangues one more absurd than the other bawl and brawl like schoolchildren copulate with each other and pause only to gobble up whatever they can poach from the barnyards along their route Full of lively prose parody dialogue double entendre humor outrageous incidents social commentary and obscenity *The Bohémiens* is a tour de force As Robert Darnton writes in his introduction to the book it spans several genres and can be read simultaneously as a picaresque novel a roman clef a collection of essays a libertine tract and an autobiography Rediscovered by Darnton and brought gloriously back to life in Vivian Folkenflik's translation *The Bohémiens* at last takes its place as a major work of eighteenth century libertinism **Binding Violence** Moira

Fradinger, 2010-06-03 *Binding Violence* exposes the relation between literary imagination autonomous politics and violence through the close analysis of literary texts in particular Sophocles *Antigone* D A F de Sade's *120 Days of Sodom* and Vargas Llosa's *The Feast of the Goat* that speak to a blind spot in democratic theory namely how we decide democratically on the borders of our political communities These works bear the imprint of the anxieties of democracy concerning its other violence especially when the question of a redefinition of membership is at stake The book shares the philosophical interest in rethinking politics that has recently surfaced at the crossroads of literary criticism philosophy critical theory and psychoanalysis Fradinger takes seriously the responsibility to think through and give names to the political uses of violence and to provoke useful reflection on the problem of violence as it relates to politics and on literature as it relates to its times

Casanova Was A Book Lover John Maxwell Hamilton, 2000-04 Everyone knows which books people buy they can just look at the best seller lists But who knows which books people steal Who for that matter knows that authors ruin the book market by writing too much Or why book critics are not critical Or why librarians need to throw out more books Who indeed knows the answer to that all important question in our democracy should presidents and presidential candidates write books The answer is no In this irreverent analysis of the book industry John Maxwell Hamilton a longtime journalist and public radio commentator answers these questions and many more proving that the best way to study books is not to take them too seriously He provides a rich history of the book from the days when monks laboriously hand copied texts to the tidal wave of Titanic tie ins and gives a succinct overview of the state of the industry today including writing marketing promoting reviewing ghostwriting and collecting Throughout Hamilton peppers his prose with spicy tidbits of information that will

fascinate bibliophiles everywhere For instance did you know that Walt Whitman was fired from a government job because his boss found Leaves of Grass and its author immoral Or that the most stolen book in the United States is the Bible followed by The Joy of Sex How about that Dan Quayle s 1989 Christmas card read May our nation continue to be a beakon of hope to the world Or that Casanova was an ardent lover of books as well as women Hamilton offers an inside look at the history and business of book reviewing explaining why more often than not reviewers resemble counselors at a self esteem camp and examining the enormous impact of the Oprah effect on the market As the self appointed Emily Post of the book world he advises publishers authors and readers on proper etiquette for everything from book parties Feel free to build a party around a theme in a book no matter how tacky and jacket photos You should not show off your new baby unless your book is about raising kids to book signings Just because an author has given you an autograph does not mean they want to become your pen pal and promotion by friends and relatives They should carry the book at all times on public transportation with the cover showing Both edifying and enjoyable Casanova Was a Book Lover fills a Grand Canyon sized void in the literature on literature It is indispensable for book enthusiasts who want to know the naked truth about reading writing and publishing

The New Encyclopedia of Unbelief Tom Flynn, 2007-04-30 Successor to the highly acclaimed Encyclopedia of Unbelief 1985 edited by the late Gordon Stein the New Encyclopedia of Unbelief is a comprehensive reference work on the history beliefs and thinking of America s fastest growing minority those who live without religion All new articles by the field s foremost scholars describe and explain every aspect of atheism agnosticism secular humanism secularism and religious skepticism Topics include morality without religion unbelief in the historicity of Jesus critiques of intelligent design theory unbelief and sexual values and summaries of the state of unbelief around the world In addition to covering developments since the publication of the original edition the New Encyclopedia of Unbelief includes a larger number of biographical entries and much expanded coverage of the linkages between unbelief and social reform movements of the 19th and 20th centuries including the labor movement woman suffrage anarchism sex radicalism and second wave feminism More than 130 respected scholars and activists worldwide served on the editorial board and over 100 authoritative contributors have written in excess of 500 entries The distinguished advisors and contributors philosophers scientists scholars and Nobel Prize laureates include Joe Barnhart David Berman Sir Hermann Bondi Vern L Bullough Daniel Dennett Taner Edis the late Paul Edwards Antony Flew Annie Laurie Gaylor Peter Hare Van Harvey R Joseph Hoffmann Susan Jacoby Paul Kurtz Gerd L demann Michael Martin Kai Nielsen Robert M Price Peter Singer Victor Stenger Ibn Warraq George A Wells David Tribe Sherwin Wine and many others With a foreword by evolutionary biologist and best selling author Richard Dawkins this unparalleled reference work provides comprehensive knowledge about unbelief in its many varieties and manifestations
