James MacGregor Burns

Semi Sovereign Presidency The Bush Administrations Strategy For Governing Without Congress:

The Semi-sovereign Presidency Charles Tiefer, 2019-07-11 In *The Semi Sovereign Presidency* Capitol Hill insider Charles Tiefer shows how George Bush used the executive office to circumvent Congress thwart official Washington and confound the public will Even Bush partisans may be surprised to discover the president's unprecedented use of executive signing statements to modify or in effect abrogate acts of Congress even popular bipartisan efforts like the 1991 Civil Rights Act his commissioning of the Quayle Council to derail regulatory legislation such as the Clean Air Act of 1990 and his catapulting of the National Security Council into foreign policy prominence outstripping that of the Departments of Defense and State As Tiefer details for the first time here Iraqgate the hidden courtship of Saddam Hussein prior to the Gulf War is perhaps the most dramatic example of Bush's executive fiat a relationship conducted by way of Bush National Security Directives and similarly obscured from the public eye Bush chose an essentially negative approach to governing partly because he was unwilling to engage Congress on matters of principle head to head and was equally unwilling to make his principles public addressing himself to the nation as his predecessor had so effectively done But as Tiefer persuasively argues it was Bush's belief in the sovereignty of executive power an almost monarchical conception of the presidency that was his primary modus operandi and ultimately his downfall Bush and his approach to power are interesting not just to students and scholars of the presidency but to all citizens concerned about the country and its leadership

The Bush Administration (1989-1993) and the Development of a European Security Identity Sophie Vanhoonacker, 2017-11-22 This title was first published in 2001 This compelling study draws insightful conclusions about US foreign policy towards Europe at a critical juncture in the post Cold War period An absorbing and illuminating account this material will be useful to non specialists and student readers of US foreign policy European integration and international relations alike [Guide to the Presidency and the Executive Branch](#)

Michael Nelson, 2012-08-13 This comprehensive two volume guide is the definitive source for researchers seeking an understanding of those who have occupied the White House and on the institution of the U S presidency Readers turn *Guide to the Presidency and the Executive Branch* for its wealth of facts and analytical chapters that explain the structure powers and operations of the office and the president's relationship with Congress and the Supreme Court The fifth edition of this acclaimed reference completes coverage of the George W Bush presidency the 2008 election and the first 3 years of the presidency of Barack Obama This includes coverage of their handling of the economic crisis wars abroad and Obama's healthcare initiatives The work is divided into eight distinct subject areas covering every aspect of the U S presidency and all chapters in each subject area have been revised and updated Origins and Development of the Presidency including constitutional beginnings history of the presidency and vice presidency and presidential ratings Selection and Removal of the President including the electoral process a chronology of presidential elections removal of the president and vice president and succession Powers of the Presidency including the unilateral powers of the presidency and

those as chief of state chief administrator legislative leader commander in chief and chief economist The President the Public and the Parties including presidential appearances the president and political parties the president and the news media the presidency and pop culture public support and opinion and the president and interest groups The Presidency and the Executive Branch including the White House Office the Office of the Vice President supporting organizations the cabinet and executive departments presidential commissions and executive branch housing pay and perquisites Chief Executive and Federal Government including the president and Congress the president and the Supreme Court and the president and the bureaucracy Presidents their Families and Life in the White House and Beyond including the daily life of the president the first lady the first family friends of presidents and life after the presidency Biographies of the Presidents Vice Presidents First Ladies This new volume also features more than 200 textboxes tables and figures Major revisions cover the supporting White House organizations and the president's role as chief economist Additional reference materials include explanatory headnotes as well as hundreds of photographs with detailed captions

The Administrative Presidency and the Environment
David M. Shafie, 2020-03-24 The growth of the administrative state and legislative gridlock has placed the White House at the center of environmental policymaking Every recent president has continued the trend of relying upon administrative tools and unilateral actions to either advance or roll back environmental protection policies From natural resources to climate change and pollution control presidents have more been willing to test the limits of their authority and the role of Congress has been one of reacting to presidential initiatives In The Administrative Presidency and the Environment Policy Leadership and Retrenchment from Clinton to Trump David M Shafie draws upon staff communications speeches and other primary sources Key features include detailed case studies in public land management water quality toxics and climate policy with particular attention to the role of science in decisionmaking Finally he identifies the techniques from previous administrations that made Trump's administrative presidency possible Shafie's combination of qualitative analysis and topical case studies offers advanced undergraduate students and researchers alike important insights for understanding the interactions between environmental groups and the executive branch as well as implications for future policymaking

Running Alone James MacGregor Burns, 2009-06-16 A disastrous war in Iraq prisoner abuse secret wiretaps the presidency of George W Bush represents a crisis in American democracy How did this happen In Running Alone the revered political scientist and commentator James MacGregor Burns sets the imperial presidency of George W Bush in the context of half a century of presidential politics In his 1960 campaign John F Kennedy turned his back on the Democratic Party He relied instead on his personal charisma and his family's vast wealth to win office Once elected he governed much as he had run alone He ignored the Democratic platform and instead sought counsel from a small group of hand picked advisors including his own brother Kennedy fundamentally reshaped the role of President and each of his successors has built on this model American presidents have become increasingly isolated from the parties that brought them to power Democratic

presidents Johnson Carter and Clinton did tremendous damage to the Democratic Party by abandoning its core principles Republican presidents have managed to lead more effectively in isolation but have imperiled the nation in the process Drawing on his own personal letters interviews and recollections of America s presidents Burns charts the decline of genuine leadership in the Oval Office and offers a stirring vision of what the presidency can and should be America deserves better leaders and with unsurpassed knowledge of American history and politics Burns shows us the way forward

A Presidency Upstaged Lori Cox Han,2011-04-07 A president who distances himself from stagecraft will find himself upstaged George H W Bush sought to stay the course in terms of policy while distancing himself from the public relations strategies employed during the administration of Ronald Reagan his predecessor But Bush discovered during his one term presidency that a strategy of policy continuity coupled with mediocre communication skills does not make for a strong public image as an effective and active leader in the White House as author and scholar Lori Cox Han demonstrates in *A Presidency Upstaged* Incorporating extensive archival research from the George Bush Presidential Library at Texas A M University including documents only recently available through requests made under the Freedom of Information Act Han thoroughly examines the public presidency of George H W Bush Han analyzes how communication strategies relationships with the press and public opinion polling shaped and defined his image as a leader The research for this study also includes content analysis of press coverage both print and television and major public addresses during the Bush administration Lori Cox Han skillfully uses archival materials interviews and leading academic studies to present a thorough analysis of George H W Bush s public presidency Her book is a valuable addition to the literature on presidential communications media and politics and also stands as a very useful resource on the events of the first Bush presidency Mark Rozell professor of Public Policy George Mason University and author *Power and Prudence Watergate Remembered* M. Genovese,2012-01-02 As the fortieth anniversary of the Nixon resignation approaches it is time to take a fresh look at Watergate s impact on the American political system and to consider its significance for the historical reputation of the president indelibly associated with it

Presidents Neil A. Hamilton,2010 A biographical dictionary profiling the presidents of the United States from George Washington to Barack H Obama

Bomb Power Garry Wills,2011-01-25 From Pulitzer Prize winning historian Garry Wills a groundbreaking examination of how the atomic bomb profoundly altered the nature of American democracy and has left us in a state of war alert ever since Look out for a new book from Garry Wills *What the Qur an Meant* coming fall 2017 In *Bomb Power* Garry Wills reveals how the atomic bomb transformed our nation down to its deepest constitutional roots by dramatically increasing the power of the modern presidency and redefining the government as a national security state in ways still felt today A masterful reckoning from one of America s preeminent historians *Bomb Power* draws a direct line from the Manhattan Project to the usurpations of George W Bush The invention of the atomic bomb was a triumph of official secrecy and military discipline the project was covertly funded at the behest of the president and despite its massive scale

never discovered by Congress or the press This concealment was perhaps to be expected in wartime but Wills persuasively argues that the Manhattan Project then became a model for the covert operations and overt authority that have defined American government in the nuclear era The wartime emergency put in place during World War II extended into the Cold War and finally the war on terror leaving us in a state of continuous war alert for sixty eight years and counting The bomb forever changed the institution of the presidency since only the president controls the button and by extension the fate of the world Wills underscores how radical a break this was from the division of powers established by our founding fathers and how it in turn has enfeebled Congress and the courts The bomb also placed new emphasis on the president's military role creating a cult around the commander in chief The tendency of modern presidents to flaunt military airs Wills points out is entirely a postbomb phenomenon Finally the Manhattan Project inspired the vast secretive apparatus of the national security state including intelligence agencies such as the CIA and NSA which remain largely unaccountable to Congress and the American people Wills recounts how following World War II presidential power increased decade by decade until reaching its stunning apogee with the Bush administration Both provocative and illuminating *Bomb Power* casts the history of the postwar period in a new light and sounds an alarm about the continued threat to our Constitution

The Politics of Shared Power Louis Fisher, 1998 As Congress and the president battle out the federal deficit foreign involvements health care and other policies of grave national import the underlying constitutional issue is always the separation of powers doctrine In *The Politics of Shared Power* a classic text in the field of executive legislative relations Louis Fisher explains clearly and perceptively the points at which congressional and presidential interests converge and diverge the institutional patterns that persist from one administration and one Congress to another and the partisan dimensions resulting from the two party system Fisher also discusses the role of the courts in reviewing cases brought to them by members of Congress the president agency heads and political activists illustrating how court decisions affect the allocation of federal funds and the development and implementation of public policy He examines how the president participates as legislator and how Congress intervenes in administrative matters Separate chapters on the bureaucracy the independent regulatory commissions and the budgetary process probe these questions from different angles The new fourth edition addresses the line item veto and its tortuous history and prospects A chapter on war powers and foreign affairs studies executive legislative disputes that affect global relations including the Iran Contra affair the Persian Gulf War in 1991 and American presence in conflicts such as Haiti and Bosnia An important new discussion focuses on interbranch collisions and gridlock as they have developed since 1992

Testing the Limits Mark J. Rozell, Gleaves Whitney, 2009 This collaboration of distinguished presidential scholars offers one of the first book length post presidency analyses of President George W Bush and his policies Mark J Rozell and Gleaves Whitney have assembled a varied list of contributors from both ends of the political spectrum bringing together academics and professionals to provide a glimpse into the politics and policies that defined President George W Bush's

presidency Testing the Limits discusses all aspects of the Bush policy and administration from staff appointments to foreign and domestic policy to budgetary politics Readers will gain an important perspective on the controversial forty third president of the United States as contributors analyze the expansion of presidential powers during Bush s presidency the increased influence of the vice president the politicization of federal court appointments and the development of executive privilege and presidential secrecy Book jacket Deadlock and Disillusionment Gary W. Reichard, 2016-04-04 Deadlock and Disillusionment American Politics Since 1968 is an insightful consideration of the events people and policy debates that have shaped and continue to influence even control the current political era Rejects conventional wisdom that the dominant force shaping recent American politics in the last half century has been the rise of the Right Considers the achievements and frustrations of each administration from Nixon to Obama in its assessment of contemporary U S politics Features authorship by an expert scholar in the field who takes a thematic rather than a partisan approach to recent American politics Offers a concise comprehensive and thoroughly up to date synthesis of the literature in the field and concludes with a comprehensive bibliographical essay an aid to student research *Executing the Constitution* , **The New American Politics** Bryan D Jones, 2018-02-07 Was 1992 a realigning election Did the midterm elections of 1994 realign the realignment Will 1996 carry the United States forward on yet another changed trajectory In this volume of original essays leading political scientists examine key components of the American agenda and assess the current administration s position in light of historical precedents and future trends Each conclusion is unique born of a combination of the empirical record and its interpretation but essays by Bryan Jones and Larry Dodd help to put the wide ranging views represented here in long term perspective

The War on Terror and the Growth of Executive Power? John E. Owens, Riccardo Pelizzo, 2010-06-21 The 9 11 attacks on New York and Washington prompted a global war on terror that led to a significant shift in the balance of executive legislative power in the United States towards the executive at the expense of the Congress In this volume seasoned scholars examine the extent to which terrorist threats and counter terrorism policies led uniformly to the growth of executive or Government power at the expense of legislatures and parliaments in other political systems including those of Australia Britain Canada Indonesia Israel Italy and Russia The contributors question whether the crises created by 9 11 and subsequent attacks led inexorably to executive strengthening at the expense of legislatures and parliaments The research reported finds that democratic forces served to mitigate changes to the balance of legislative and executive power to varying degrees in different political systems This book will be of interest to students and researchers of Comparative Government Politics and International Politics **George Bush and the Guardianship Presidency** David Mervin, 2016-07-27 A clearly written provocative analysis of the Bush presidency that draws on extensive interviews with White House staff The Budget crisis of 1990 and the Gulf war receive particular attention as defining events in Bush s incumbency demonstrating the strengths and weaknesses in his approach to presidential leadership This book not only casts light on Bush s record in office

it also helps to resolve methodological problems that arise in the study of the presidency generally

The Unitary Executive and the Modern Presidency Ryan J. Barilleaux, Christopher S. Kelley, 2010-04-07 During his first term in office Pres George W Bush made reference to the unitary executive ninety five times as part of signing statements proclamations and executive orders Pres Barack Obama's actions continue to make issues of executive power as timely as ever Unitary executive theory stems from interpretation of the constitutional assertion that the president is vested with the executive power of the United States In this groundbreaking collection of studies eleven presidential scholars examine for the first time the origins development use and future of this theory The Unitary Executive and the Modern Presidency examines how the unitary executive theory became a recognized constitutional theory of presidential authority how it has evolved how it has been employed by presidents of both parties and how its use has affected and been affected by U S politics This book also examines the constitutional political and even psychological impact of the last thirty years of turmoil in the executive branch and the ways that controversy has altered both the exercise and the public's view of presidential power

Public Policy in the United States Mark E. Rushefsky, 2014-12-18 The fifth edition of this well regarded text covers the period up through the 2012 elections It has been revised to make it sleeker more concise and up to date with a clear organisational structure This edition accomplishes these three important goals First it introduces readers to the American approach to public policy making as it has been shaped by our political institutions changing circumstances and ideology Second it surveys American public policy and policymaking in all the major policy areas from economic policy to health care policy to environmental policy and does so clearly and even handedly with well selected illustrations case studies terms and study questions Finally in addition to providing analytical tools and empirical information the book challenges readers to come to terms with the widely shared but often competing values that must be balanced and rebalanced in the ongoing policy making process affecting issues of the highest concern to the American public

The Clinton Presidency and the Constitutional System Rosanna Perotti, 2012-05-01 Presidential scholars former and current policymakers and a former president bring varied insights and analyses to consider the impact influence and legacy of the presidency of William Jefferson Clinton the New Democrat from Hope Arkansas In the eight years between 1993 and 2001 the Clinton White House presided over a booming economy that included a budget surplus in Clinton's second term oversaw the most significant welfare reform since the New Deal and wrestled with the challenge of developing a foreign policy vision for the post Cold War era Structurally the Clinton presidency expanded the office and responsibilities of the First Lady and the Vice President to an unprecedented degree prevailed in a budget battle with Congress that included two government shutdowns briefly employed a line item veto until the Supreme Court declared that power unconstitutional and endured the second impeachment of the chief executive in American history The evolution and consequences of the increased power held by modern presidents became sharply evident during the Clinton years In *The Clinton Presidency and the Constitutional System* based on the Eleventh Presidential

Conference at Hofstra University readers are afforded a unique combination of scholarly analysis and the perspectives of former administration officials. Students and scholars of the presidency will glean important understandings from the balanced judicious studies of the Clinton administration and their juxtaposition with firsthand recollections of some of the participants who defined and shaped those events.

Eleventh Hour David M. Shafie, 2013-08-19 Pres Jimmy Carter issued last minute rules immediately before leaving the White House creating frustration for the incoming Reagan Administration. As George W Bush prepared to cede the Oval Office to Barack Obama almost three decades later he ordered more than thirty last minute policy changes quickly finalizing the rules before the Obama Administration could overturn them. Presidents are able to bypass Congress and quietly initiate significant policy changes by using the executive branch's authority to alter existing statutes. In **Eleventh Hour: The Politics of Policy Initiatives in Presidential Transitions** David M Shafie analyzes how and why five successive presidents have done so at the end of their administrations offering important new insights for the growing study of the administrative presidency. After assessing transcripts of speeches and staff communications such as memos from the White House Domestic Policy offices memos from selected regulatory agencies and the Office of Management and Budget as well as records in the Clinton Reagan George H W Bush and Carter Presidential Libraries Shafie also conducted in depth interviews with administration personnel charged with formulating and implementing the executive rule changes. Based on his research Shafie explains end of term rulemaking as an instrument of presidential prerogative power by mapping its evolution through five recent presidential transitions and exploring its effectiveness consequences and implications. Giving consideration to recent efforts to limit interregnum rulemaking and to overturn specific late term rules as well as evaluating the prospects for future presidents to favor this instrument to advance their unfinished domestic policy priorities **Eleventh Hour** offers groundbreaking research into the uses of executive power.

This is likewise one of the factors by obtaining the soft documents of this **Semi Sovereign Presidency The Bush Administrations Strategy For Governing Without Congress** by online. You might not require more period to spend to go to the books start as without difficulty as search for them. Semi Sovereign Presidency The Bush Administrations Strategy For Governing Without Congress Introduction

In today's digital age, the availability of Semi Sovereign Presidency The Bush Administrations Strategy For Governing Without Congress books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Semi Sovereign Presidency The Bush Administrations Strategy For Governing Without Congress books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Semi Sovereign Presidency The Bush Administrations Strategy For Governing Without Congress books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Semi Sovereign Presidency The Bush Administrations Strategy For Governing Without Congress versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Semi Sovereign Presidency The Bush Administrations Strategy For Governing Without Congress books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Semi Sovereign Presidency The Bush Administrations Strategy For Governing Without Congress books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Semi Sovereign Presidency The Bush Administrations

Semi Sovereign Presidency The Bush Administrations Strategy For Governing Without Congress

Strategy For Governing Without Congress books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Semi Sovereign Presidency The Bush Administrations Strategy For Governing Without Congress books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Semi Sovereign Presidency The Bush Administrations Strategy For Governing Without Congress books and manuals for download and embark on your journey of knowledge?

FAQs About Semi Sovereign Presidency The Bush Administrations Strategy For Governing Without Congress Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Semi Sovereign Presidency The Bush Administrations Strategy For Governing Without Congress is one of the best book in our library for free trial. We
