Seminary Sketches Николай Герасимович Помяловский, 1973 In matters of conscience and basic convictions it is unlawful and pernicious for anyone to forcibly intrude upon another's beliefs therefore because I am a man of rational convictions I will not go out and demolish churches drown monks or rip down icons from my friends walls because in so doing I will not spread my convictions human beings must be educated not coerced I am not the enemy I am not the tyrant of the conscience of true believers Goodreads Historical Sketches of the Higher Educational Institutions, and Also of Benevolent and Reformatory Institutions of the State of Ohio Ohio. Harkins,2021-06-15 This book first published in 1957 provides essential information on the entire field of Russian literature as well as a great deal on literary criticism journalism philosophy theatre and related subjects Russian literary tradition has tended to blur the distinctions between social and political criticism on one hand and literary criticism on the other and even to an extent the distinction between philosophy and literature Although intended primarily as a reference work this book also contains much critical analysis *The Life and Thought of Filaret Drozdov, 1782-1867* Nicholas S. Racheotes,2018-10-25 The Life and Thought of Filaret Drozdov 1782 1867 The Thorny Path to Sainthood is an intellectual biography of the foremost historical figure in the religious world of nineteenth century Russia The product of decades of archival research most of which was in the Russian language this is the first book length study of St Filaret in English The volume is designed for specialists engaged in imperial Russian history students in upper level undergraduate or graduate courses and for readers interested in Eastern Orthodox spirituality and observers of the contemporary Russian scene who wish to understand traditional church state relations Deeply researched and including a formidable bibliographic component the volume also serves as a reference guide to scholars desiring to study at greater length one of the many topics raised Racheotes argues that Filaret was far more than a neo patristic theologian steeped in the tradition of the Eastern fathers He was simultaneously a valued monarchal apologist and a guardian of the privileges of the Russian Orthodox Church to the point of subtly resisting the state By means of translation select passages from sermons letters and official reports are available in English for the first time Often preaching before three reigning tsars writing or editing such monumental documents as Alexander I s will and Alexander II s decree emancipating the Russian serfs leading the drive for a Russian translation of the Bible and preparing Orthodox catechisms are but a few examples of St Filaret s historical importance His centrality to policy formation with respect to the so called Old Believers his incessant campaigns for clerical education reform and for translation into Russian of the seminal works of Eastern theologians account for the enduring influence attributable to this Archbishop Today his pronouncements are enjoying a revival among a new generation of religious historians in Russia and are often adduced by a host of contemporaries arguing for Russian exceptionalism *Library Bulletins* Columbia University.
