**Semiotics and Dialectics** P. V. Zima, 1981-01-01 By focusing on the East European dialogues and polemics both contemporary and past the present volume pursues two aims 1 It would like to locate the discussion between semiotics and dialectics in an historical context 2 It would like to make the reader familiar with the solutions proposed by theoreticians like Bakhtin Lotman Voloshinov Fischer and Mukarovsk solutions which in the past were frequently ignored by European Marxists semioticians and sociologists of literature At present one cannot help feeling that if they had been familiar with the works of these authors Marxism Critical Theory semiotics and the sociology of literature of the text would have evolved differently Dictionary of the Prague School of Linguistics Josef Vachek, 2003-06-23 This is the first English version of a text out of print for more than 40 years summarising the positions and key concepts of an influential stream of linguistic thought Using quotations as entries J Vachek 1909 1997 a leading advocate of the Prague School employed more than 160 sources papers and monographs by well over 30 representatives of the school Mathesius Trnka Skali ka Dane Dokulil Muka ovsk Jakobson Trubetzkoy Isachenko and others The dictionary both captures the pioneering efforts and achievements of the school from its foundation in 1926 and provides a framework for assessing the current state of affairs attesting to its originality and serving as a preventive to treading paths already explored The headword concepts are provided with French German and Czech equivalents and Vachek s original preface is supplemented by a foreword which traces the development of the school up to the present date and puts it into perspective **The Annotated Bakhtin Bibliography** Carol Adlam, David G. Shepherd, 2000 This is the first in a new series entitled MHRA Bibliographies The Annotated Bakhtin Bibliography draws its material from and is intended as a companion to the on line Analytical Database of Work by and about the Bakhtin Circle maintained by the Bakhtin Centre at the University of Sheffield this is the most extensive electronic collection of bibliographical and analytical data relating to the Russian philosopher and cultural theorist Mikhail Bakhtin and the members of the Bakhtin Circle principally Mariia Iudina Matvei Kagan Pavel Medvedev Lev Pumpianskii Ivan Sollertinskii and Valentin Voloshinov The work of Bakhtin and the Bakhtin Circle has had enormous international impact across a range of disciplines including literary and cultural theory philosophy history anthropology linguistics and psychology The Annotated Bakhtin Bibliography will provide scholars and students of Bakhtin with easy access to detailed information on research undertaken throughout the world in these and other fields The text of The Annotated Bakhtin Bibliography is in two parts The first part comprises extensive bibliographical details of almost three hundred primary works including information about translations and reprints The second consists of almost one thousand entries containing analytical and annotated information about secondary literature dealing with Bakhtin and the Bakhtin Circle in over twenty languages allowing the principal trends in the development of Bakhtin studies to be discerned and traced Consultation of the bibliography is facilitated by comprehensive name title and subject indexes Chrétien de Troyes Douglas Kelly, 2002 The supplement to the 1976

original bibliography reflects the expanding scope of modern Chr tien studies including items from around the world with the assistance of an international team of scholars The Supplement builds on and completes the Chr tien de Troyes Bibliography first published in 1976 Together the two volumes constitute the fullest and most complete bibliographical source now available on this major medieval author Chr tien de Troyes bequeathed a corpus of highly original and widely influential Arthurian romances Indeed his direct or indirect influence continued throughout the middle ages and beyond into modern times The Bibliography permits students of medieval romance to quickly identify the areas in which Chr tien scholarship has been active Items are listed under twenty two topics with numerous sub sections under each topic and cross references for items that treat more than one of the topics The broad geographic and linguistic scope of modern Chr tien studies is evident in items not only from western Europe and North America but also from the growing body of medieval scholarship in eastern Europe Asia Africa South America and Australasia To ensure accuracy and completeness the editor has been assisted by scholars competent in the many languages in which Chr tien studies are now published most notably in Japanese Welsh Rumanian Hungarian and Polish as well as by other scholars and librarians who generously provided assistance and information in finding items difficult to access
