Send Me! Steve Hoke, William Taylor, 1999-06-01 This hands on workbook has been designed for two kinds of people those who have a deep desire to serve God overseas and those who want to help them It has not been designed to persuade people to become missionaries Rather it assumes an initial interest an early indication or drive somewhere inside that God may have more for you than you previously thought It is aimed at two primary readers college university students and young career persons as well as committed older adults facing the challenge of an early retirement or career change The information this workbook presents will also help churches campus groups schools missionary training centers and agencies to think and pray through short term and long term plans with those responding to God s call *Pipeline* David J.

Wilson, Lorane Wilson, 2018-05-01 What would it look like if your church really took the last words of Jesus seriously The Great Commission was not just a suggestion by our Lord but an imperative mandate given to his followers Missionary sending agencies are deploying workers to the field but many of them come from disengaged churches that are not producing well equipped disciples We need a fully integrated global supply chain a pipeline that has disciples as the precious commodity as well as an effective infrastructure to distribute and replicate them around the globe Pipeline seeks to re engage the church in mobilizing the next generation of workers for the harvest This is a collaboration of forty different authors from churches agencies and cross cultural servants As people in distant places wait for a messenger of hope and salvation will your church venture into the pipeline **Global Mission Handbook** Steve Hoke, Bill Taylor, 2012-04-25 Veteran mission professionals Steve Hoke and Bill Taylor offer a practical guide for preparing for intercultural missions They provide resources for personal spiritual preparation as well as crosscultural skills and hands on missionary training

Noticing God Richard Peace, 2012-05-25 Where is God How do we encounter God How do we know it is God we encounter and not some figment of our imagination Is it possible to know God in some sort of relational way Richard Peace believes it is But it requires a certain level of awareness a certain discipline of the heart Peace calls it the spiritual discipline of noticing God In this book he unpacks what it means to make a conscious practice noticing God in daily life He explores the various ways people experience and recognize God s presence including mystical encounters ordinary daily life within our hearts through other people through Scripture nature and the church Throughout he returns to the question of discernment helping you understand how you can know that it is indeed God you are meeting in each of these places not just some fanciful figment of the imagination God is deeply present in our world and you can actually encounter him Here s how *Worth Keeping* Rob Hay, Valerie Lim, Detlef Blocher, 2007-06-01 *Worth Keeping* is more than worth just reading I urge church and missional leaders to reflect on the research and absorb the principles contained in this important volume I am convinced if we put into practice its recommendations we will see more effective missionaries who feel valued as servants of the living God *Worth Keeping* should be required reading for all mission leaders and local church mission teams Geoff Tunnicliffe

Decision Making and the Will of God Garry Friesen, J. Robin Maxson, 2009-10-07 Does God Have a Perfect Will for Your Life Does God have a perfect will for each Christian Can you be absolutely certain of God's specific will for your life In this expanded twenty fifth anniversary edition of his highly acclaimed work Garry Friesen examines the prevalent view on God's will today and provides a sound biblical alternative to the traditional teaching of how God guides us This new edition includes these helpful resources Study guide for small groups Responses to Frequently Asked Questions Guide to painless Scripture memorization Friesen tackles the very practical issues of choosing a mate picking a career and giving in this fresh and liberating approach to decision making and the will of God

Story Behind the Book Most Christians have been taught how to find God's will yet many are still unsure whether they've found it God does guide His people but the question is How does He guide After putting out a fleece to decide which college to attend Garry Friesen began pondering why it was so hard to find God's will when he had so sincerely sought it Was he the only one who did not have 100 percent clarity for every decision Then a new possibility struck perhaps his understanding of the nature of God's will was biblically deficient Maybe there was a better way to understand HOW God guides

Journey of the Innocent Aida Payton, 2012-06 My name is Aida Payton and this is my true story Find out the true word of God inside this book based on my life experiences here in the United States of America and the Philippines I am the person that never went to school or tutorial and yet Jesus himself taught me the holy family Angels and all saints Find out God's or Jesus name in more than 500 translations into different names The reason I wrote this book is because a lot of people misinterpreted the word of God and use God's name for war Example like for Christians and Muslims killing each other for nothing I would say I am going to correct this the way God Jesus teaches me We're supposed to treat each other like Brothers and Sisters Uncles and Aunts Niece and Nephews Grand Father's and Grand Mother's We are supposed to respect each other We are not supposed to be fighting each other because of different religions or because we were raised differently That is beyond God's Imaginations so here I am he sent me to deliver his message to all kinds of people in this world That's why I have to write his name into different languages because we speak different languages That's why we call God Jesus in different names In my next Book I will write how People got deceived by bad spirit I say this because it happened to me and because of God Almighty's Jesus Christ help bad spirit no place in his Distractions He can never win over me We worship the same God in different names

To Timbuktu and Beyond Marsha Woodward, 2009-06-01 Timbuktu has become a metaphor for remote and inaccessible locations However it is a real place with real people Like much of the world's population few of Timbuktu's residents have had the opportunity to hear the Gospel While the task may seem daunting the Church is not sitting still Each year hundreds of Christians are joining the vast force of cross cultural missionaries flung around the globe To Timbuktu and Beyond serves as a practical step by step guide for those getting ready to go into missions It begins with the basic question of knowing and confirming your

calling working through the various steps of preparation training and logistics and carrying you through your first few months on the field Each chapter has a series of tasks for you to prayerfully complete Missions is the most fulfilling career path you could possibly embark on not to mention an incredible adventure To Timbuktu and Beyond will help you in preparation for your journey because what you do before you go will have a significant impact on your future success *The Five Smooth Stones* Robertson McQuilken,2007 A veteran pastor and university president urges ministries to center themselves entirely on five principles the Bible the Congregation the Spirit the Plan of Redemption and the Lord Jesus

The Church in Mission Betril Ekstrom,2016-06-01 What does it mean today to be a church totally committed to the gospel and fully engaged in God s mission What major religious and sociological trends in our world are affecting the role of the global church and local churches How must we understand and be prepared to face these trends How do we define church in the twenty first century being faithful to the Scriptures and at the same time relevant to a generation that does not believe in the institutional church anymore What are some good models of missional churches in different regions of the world that will encourage and inspire those who long to see a church making difference in society and in the world These are some of the issues that the book you are holding in your hands addresses There are certainly no final answers and magical forms rather we present a broad and deep discussion on how the gospel should be lived out by Jesus followers in our time and through our communities Questions are raised and analyzed both from the perspective of a local church as well as from a global and general understanding of the Christian church Some of our examples will focus more on local realities others more on global challenges The first part of the book is dedicated to a biblical and theological reflection on gospel church and mission It includes Old and New Testament studies on the theological implications of being church based on the biblical narrative The second part deals with a variety of contemporary missiological issues related to the broader theme of church and mission Different perspectives from current discussions and dialogues around the globe are included covering both ideological reflections and practical aspects of being a mission shaped church The third part presents regional and national case studies that show the enormous creativity in church planting and engagement of local communities in their own societies Models applied in the secularized Europe are contrasted to ways of functioning as church in fast growing congregations in the global South
