Sending A Letter:

The Healing Power of Korean Letter Writing Juhee Mun, 2025-09-30 A charming ode to the lost art of connecting through the handwritten letter from the owner of the beloved Seoul stationery shop geulwoll That which takes longer to arrive stays longer in the heart Juhee Mun once doubted whether handwritten letters had a place in our ultra fast paced world but the runaway success of her Seoul stationery shop geulwoll changed her mind Established in 2019 the shop quickly became known as a tranquil place where people can write and send letters buy gorgeous pens and letter paper and sign up for a distinctive pen pal service Customers can pick up a letter written by an anonymous pen pal but only if they write one in return Every day Mun witnessed customers enjoying the rare pleasure of sitting down and putting pen to paper and in *The Healing Power of Korean Letter Writing* she shares the joy with others who crave the unique type of connection and careful consideration that comes from handwritten letters Through eighteen short chapters from practical subjects like *The Best Time to Write a Letter* and *Choosing Letter Paper and Envelopes* to more sentimental ones like *What Only Letters Can Do* Mun gently reveals the healing nostalgic power of the written note Personal stories and wisdom from famous letter writers provide the encouragement for readers to craft touching humorous loving and healing notes for everyone in their life maybe even themselves or a stranger *The Healing Power of Korean Letter Writing* is the ultimate love letter to an age old practice that fosters connection to yourself and others and a potent antidote to the fast paced online world of today *Paul and First-Century Letter Writing* E. Randolph Richards, 2025-07-29 Traditional Christian art depicts Paul the letter writer pen in hand attentive to the Spirit We might think we know better and imagine him pacing in agitation as he rapidly dictates to a secretary his letter to the Galatians But in reality neither of these pictures is accurate In Paul's day producing a letter was a time consuming and costly business And we have ample resources from the ancient world to piece together what it must have been like A secretary was usually part of the picture But so were notes drafts corrections and careful rewrites not to speak of scratchy pens sooty ink and coarse papyrus Interestingly there is evidence that Paul involved his missionary team in the writing of letters And then came the delivery over land and sea the reading and circulation as well as the epistolary afterlife of copying collecting and storing E Randolph Richards has extensively studied ancient letter writing and secretaries Informed by the historical evidence and with a sharp eye for telltale clues in Paul's letters he takes us into this world and places us on the scene with Paul the letter writer What first appears to be just a study of secretaries and stationery turns out to be an intriguing glimpse of Paul the letter writer that overthrows our preconceptions and offers a new perspective on how this important portion of Christian Scripture came to be **Letters and Communities** Paola Ceccarelli, Lutz Doering, Thorsten Fögen, Ingo Gildenhard, 2018-08-16 The writing of letters often evokes associations of a single author and a single addressee who share in the exchange of intimate thoughts across distances of space and time This model underwrites such iconic notions as the letter representing an image of the soul of the author or constituting one half of a dialogue However justified

this conception of letter writing may be in particular instances it tends to marginalize a range of issues that were central to epistolary communication in the ancient world and have yet to receive sustained and systematic investigation In particular it overlooks the fact that letters frequently presuppose and were designed to reinforce communities or indeed to constitute them in the first place This volume explores the interrelation of letters and communities in the ancient world examining how epistolary communication aided in the construction and cultivation of group identities and communities whether social political religious ethnic or philosophical A theoretically informed Introduction establishes the interface of epistolary discourse and group formation as a vital but hitherto neglected area of research and is followed by thirteen case studies offering multi disciplinary perspectives from four key cultural configurations Greece Rome Judaism and Christianity The first part opens the volume with two chapters on the theory and practice of epistolary communication that focus on ancient epistolary theory and the unavoidable presence of a letter carrier who introduces a communal aspect into any correspondence while the second comprises five chapters that explore configurations of power and epistolary communication in the Greek and Roman worlds from the archaic period to the end of the Hellenistic age Five chapters on letters and communities in Ancient Judaism and Early Christianity follow in the third part before the volume concludes with an envoi examining the trans historical or indeed timeless philosophical community Seneca the Younger construes in his Letters to Lucilius

Letters of the Nun Eshinni James C. Dobbins, 2004-09-30 Eshinni 1182 1268 a Buddhist nun and the wife of Shinran 1173 1262 the celebrated founder of the True Pure Land or Shin school of Buddhism was largely unknown until the discovery of a collection of her letters in 1921 In this study James C Dobbins a leading scholar of Pure Land Buddhism has made creative use of these letters to shed new light on life and religion in medieval Japan He provides a complete translation of the letters and an explication of them that reveals the character and flavor of early Shin Buddhism Readers will come away with a new perspective on Pure Land scholarship and a vivid image of Eshinni and the world in which she lived After situating the ideas and practices of Pure Land Buddhism in the context of the actual living conditions of thirteenth century Japan Dobbins examines the portrayal of women in Pure Land Buddhism the great range of lifestyles found among medieval women and nuns and how they constructed a meaningful religious life amid negative stereotypes He goes on to analyze aspects of medieval religion that have been omitted in our modern day account of Pure Land and tries to reconstruct the religious assumptions of Eshinni and Shinran in their own day A prevailing theme that runs throughout the book is the need to look beyond idealized images of Buddhism found in doctrine to discover the religion as it was lived and practiced Scholars and students of Buddhism Japanese history women s studies and religious studies will find much in this engaging work that is thought provoking and insightful
