The book is basically my memoir however there are some fictitious characters but all is based on real events Flashback to my childhood in Madagascar country with a fascinating history and a unique population with ethnic characteristics in my own family Recollecting past personal tragedies in childhood and situating myself in the present where loving people my family and church friends are surrounding me motivating me to be a good person and see life in a happy perspective In particular feeling as a great privilege to be part of the melting pot in the USA Recollection of the life at the Faculty of Medecine Angers France and the following years in Paris graduating in social studies Identifying the influence of the French culture as a pivotal factor in my life and grateful to Bon Papa grandfather who by becoming a naturalized French citizen enabled his descendants to benefit from their French education while identifying their difference and or alienation could also choose individually how to find a balance between a dual culture they were are exposed to their own native and the acquired one An interesting trip to the Champagne region through the wine road and to the east of France Alsace rich in war WWI memories And there also exhilarating history about the Statute of Liberty designed and constructed before being brought to the USA by the French architect Fr d ric August Bartholdi Marriage to an American business man and birth of son in 1965 but early on had to raise her child as a single mother due unsurmountable challenges in the marriage Worked for 20years for the UN in 9 countries in Africa and Asia all called hardship posts including those for keep peacing missions located in politically challenged and or war torn countries For each country there is a description besides my administrative work of history

culture population etc Farewell trip to Madagascar visiting the tomb of my grand parents with great sadness fond memories and gratefulness for having raised me as a Christian child with the moral values I still carry with me at this day Joining my American family on a permanent basis to be with my beloved son Birth of granddaughter Jade who is now a teenager and praying for all members of my family to be blessed by God in the country where I am now conveying my message for love and tolerance in my book Hope For a Better Work **Peace Corps Times** ,1984 **Online around the World** Laura M. Steckman,Marilyn J. Andrews,2017-05-24 Covering more than 80 countries around the world this book provides a compelling contemporary snapshot of how people in other countries are using the Internet social media and mobile apps How do people in other countries use the social media platform Facebook differently than Americans do What topics are discussed on the largest online forum one in Indonesia with more than seven million registered users Why does Mongolia rate in the top ten countries worldwide for peak Internet speeds Readers of Online around the World A Geographic Encyclopedia of the Internet Social Media and Mobile Apps will discover the answers to these questions and learn about people s Internet and social media preferences on six continents outside of the online community of users within the United States The book begins with an overview of the Internet social media platforms and mobile apps that chronologically examines the development of technological innovations that have made the Internet what it is today The country specific entries that follow the overview provide demographic information and describe specific events influenced by online communications allowing readers to better appreciate the incredible power of online interactions across otherwise unconnected individuals and the realities and peculiarities of how people communicate in today s fast paced globalized and high technology environment This encyclopedia presents social media and the Internet in new light identifying how the use of language and the specific application of human culture impacts emerging technologies and communications dramatically affecting everything from politics to social activism education and censorship Senegal Janet H. Gritzner,2005 *The Republic of Senegal* France. Ambassade (U.S.). Service de presse et d'information,1960 **The Politics of National Languages in Postcolonial Senegal** Ibrahima Diallo,2010 Senegal claimed political independence from France in 1960 and Leopold Sedhar Senghor became Senegal s first president Even though Senegal was no longer a French colony Senghor was determined to maintain the dominance of French culture and language in his country However pressure to give national languages more power and space which had already started during French occupation continued intensely after independence Senghor s political adversaries as well as teacher and student unions workers and various activist groups roundly criticized Senghor s government for the language and education programs he chose for the Senegalese people The issue of national languages thus became a major political issue in Senegal with a far reaching and longstanding impact This book is a comprehensive study on the current language policies and practices in Senegal It illuminates the tension that has arisen from the enduring colonial legacies and their influences in postcolonial language policies in Senegal It also highlights the need for vigorous policy change to recognize the Senegalese

languages especially in education and how the preservation of these languages is critical to identity and culture issues The book shows that it is important for the Senegalese people to retain their original local languages and how French and English are not simply the only languages needed for Senegal's success in the globalized economy In addition to a detailed history with supporting facts and figures this study also links socioeconomic cultural and political events in its analysis of the unstoppable rise of Wolof which is posing a significant threat to the already fragile local linguistic ecology This book will be of interest to scholars in applied and social linguistics African studies and policy studies **The Gambia and the World** Omar A. Touray, 2000 Senegal Country Study Guide Volume 1 Strategic Information and Developments IBP USA, 2013-08 Senegal Country Study Guide Strategic Information and Developments **The Report: Senegal 2008**, 2008 *The New Encyclopaedia, Or, Universal Dictionary of Arts and Sciences ...* Alexander Aitchison, 1807 Journal of the House of Representatives of the United States United States. Congress. House, 2001 Some vols include supplemental journals of such proceedings of the sessions as during the time they were depending were ordered to be kept secret and respecting which the injunction of secrecy was afterwards taken off by the order of the House *My Apingi Kingdom: with Life in the Great Sahara, and Sketches of the Chase of the Ostrich, Hyena, &c* Paul Belloni Du Chaillu, 1871 **The Gambia and Its People** Godfrey Mwakikagile, 2010 The author looks at The Gambia and its people and how this African country has been able to achieve cultural integration on a national level He also provides a comprehensive picture of the country's nation identity which is a fusion of the multiple identities of the various ethno cultural groups which collectively constitute the Gambian nation The work is a study of ethnic cultures and identities in the Gambian context whose relevance is continental in scope Ethnicity is the primary identity in most African countries It transcends national identity Understanding its role in the lives of most Africans also helps us to understand African countries with all their complexities which collectively define the continent In spite of its ethnic and cultural diversity The Gambia is one of the most united countries in Africa It's also one of the most peaceful enjoying harmonious relations among its various ethnic groups unlike many African countries where instability and civil strife caused by ethnic rivalries fuelled by unscrupulous politicians is the defining feature of national life The ability of the various ethnic groups in The Gambia to interact harmoniously has led to cultural integration on a scale unheard of in most African countries While it's true that different tribal cultures do exist in The Gambia it's equally true that there also exists a national culture which unites the country's various ethnic groups into a cohesive whole transcending ethno regional loyalties As an ethnically diverse nation The Gambia is a microcosm of Africa a continent whose countries are characterised by ethnic and cultural diversity where rivalries along tribal and regional lines are the norm rather than the exception But The Gambia also is a good example of what many African countries have yet to be united with a solid national identity that has not been fractured or fragmented by ethnic conflicts Cultural integration on a national scale remains an elusive goal in most African countries But if there are a few countries on the continent which have achieved cultural integration The Gambia is

one them It has in fact even achieved cultural fusion in some respects as we learn from this work which focuses on Africa s smallest country and its people The work is intended to be a general introduction and may help members of the general public learn some basic facts about The Gambia which because of its strategic location and other attributes has earned distinction as a gateway to West Africa People going to The Gambia may find this work to be useful Students in various academic fields may also benefit from the interdisciplinary approach taken by the author in his study of this African country It s comprehensive enough as an introductory work on the people of The Gambia and their ethnic identities and cultures
