, Lauri Umansky, Michele Plott, 2000-08-01 *Making Sense of Women's Lives* presents a wide range of writings about women's lives in the United States. Michele Plott and Lauri Umansky have drawn on their experiences as both students and professors to assemble the collection. Seeking to provide as full a sampling from a diverse and intellectually vibrant field as one volume permits, the editors have also chosen writing that makes an enjoyable read. A few of the selections here represent the undisputed classics of the field. More of them constitute simply the works drawn from academic and nonacademic sources alike that could make a difference in understanding what it means to be female in America. *Making Sense of Women's Lives* is intended as the primary text in Women's Studies courses. With that usage in mind, Plott and Umansky have provided brief introductions to each article to help students understand the author's perspectives. Thought and discussion questions follow each selection. The book contains as well numerous Flash Exercises, suggestions for class exercises and activities. The editors have used these activities in their courses over the past decade in conjunction with readings in this volume and have found that the full complement of materials coalesces into an intellectually powerful introduction to Women's Studies. A Collegiate Press book.

**Common Sense** Tom Pain, 2020-11-10 This book is designed to represent the thought process of an independent middle class voter. After a lifetime of experience in a wide range of occupations, the author hopes to express opinions using humor and insight by adding a variety of personal interest vignettes that are presented as commentary. Independents will have a significant impact on the 2020 elections. The reasons why I voted for Donald Trump were articulated in detail and were based on my analysis of what an average hardworking American Middle Class Independent Voter felt about the Political, Cultural, and Economic conditions that existed at the onset of the 2016 Presidential Election. Donald Trump appeared on the scene at the precise time he was needed. The Middle Class was hurting financially and their dreams for a better life had been ignored by both parties for decades. Spending so many years working dead end jobs or even two jobs barely allowed us to keep our heads above water. The politically correct culture wars drained our strength and tested our patience. The political parties that we had trusted were elitist, disappointing, and arrogant, which is why we became Independent voters. Donald Trump instinctively knew we were ripe for the picking. We instinctively knew that he was the right one to pick. And we did.

**Craft Obsession** Jeff Rice, 2016-11-09 Denied access to traditional advertising platforms by lack of resources, craft breweries have proliferated despite these challenges by embracing social media platforms and by creating an obsessed culture of fans. In *Craft Obsession*, Jeff Rice uses craft beer as a case study to demonstrate how social media platforms such as Facebook and Twitter function to shape stories about craft. Rice weaves together theories of writing, narrative, new media, and rhetoric with a personal story of his passion for craft beer. He identifies six key elements of social media rhetoric: anecdotes, repetition, aggregation, delivery, sharing, and imagery, and examines how each helps to transform small personal experiences with craft into a more widespread movement. When shared via social media, craft anecdotes such as the first time one had a beer, interrupt and repeat one another, building a sense of familiarity and identity among otherwise

unconnected people Aggregation the practice of joining unlike items into one space builds on this network identity establishing a connection to particular brands or locations both real and virtual The public releases of craft beers are used to explore the concept of craft delivery which involves multiple actors across multiple spaces and results in multiple meanings Finally Rice highlights how personal sharing operates within the community of craft beer enthusiasts who share online images of acquiring trading for and consuming a wide variety of beers These shared stories and images while personal for each individual reflect the dependence of craft on systems of involvement Throughout Rice relates and reflects on his own experience as a craft beer enthusiast and his participation via social media in these systems Both an objective scholarly study and an engaging personal narrative about craft beer *Craft Obsession* provides valuable insights into digital writing storytelling and social media
