Sentinel Jane's Information Group Staff,1996-09-01 *India's Sentinel: Select Writings of Air Commodore Jasjit Singh AVSM, VrC, VM (Retd)* Dr Manpreet Sethi,Dr Shalini Chawla,2014-07-15 Air Commodore Jasjit Singh was one of India's foremost strategic analysts. The only constant for him in over three decades of research analyses and writing was the centrality of national interest. Indeed, the man never let the nation down, whether as an air warrior or a strategist, ever ready to voice his views irrespective of how the wind was blowing and always remaining practical in approach. Ever an optimist, he believed that India would inevitably rise to power by the sheer size of its economy and human resource potential. A greater concern for him, however, was the need to sensitize his compatriots to the national security challenges that would arise as the country rose and to equip them with the capability to optimally address these. He did so through his writings and talks. This book is a modest compilation of his select writings on two specific issues: nuclear strategy and Pakistan, since he considered these as critical amongst India's many security challenges. Of course, the range of Jasjit Singh's writings and the expanse of his knowledge is immense and beyond capture in one book. But this is a small effort in the direction of spreading his message, ideas to the current and future generation of scholars and policy makers. Hopefully, it will encourage students of national security to look for more of his writings beyond the few that we have been able to carry in this volume. *Lithuania* Alexandra Ashbourne,1999-01-01 In 1990, the tiny Soviet Republic of Lithuania declared independence and began restoring the mechanisms of independent government and democracy that had been suppressed by its Soviet invaders for half a century. Lithuania examines the first years of this rebirth in the face of the legacy of the Soviet occupation. In addition to chronicling the lively chain of events leading to and stemming from the declaration of independence, Alexandra Ashbourne studies the essential components of rebirth: the creation of domestic foreign and security policies and the revitalization of an independent economy. Drawing from the personal testimony of Lithuanians closely connected to these events, Ashbourne appraises Lithuania's attempts to rejoin the international community and acquire an effective security guarantee. She concludes that the damage caused by fifty years of Soviet domination created obstacles to the process of rebirth, obstacles that are proving difficult and even impossible to overcome. Readers of *Lithuania* will find its discussions applicable to most former Soviet republics and Eastern Bloc states. The book will be invaluable to students and scholars of Lithuania, Soviet history, and international political policy. **Intermarium** Marek Jan Chodakiewicz,2017-09-08 History and collective memories influence a nation's culture and institutions; hence its domestic politics and foreign policy. That is the case in the Intermarium, the land between the Baltic and Black Seas in Eastern Europe. The area is the last unabashed rampart of Western Civilization in the East and a point of convergence of disparate cultures. Marek Jan Chodakiewicz focuses on the Intermarium for several reasons. Most importantly, because as the inheritor of the freedom and rights stemming from the legacy of the Polish-Lithuanian-Ruthenian Commonwealth, it is culturally and ideologically compatible with American national

interests It is also a gateway to both East and West Since the Intermarium is the most stable part of the post Soviet area Chodakiewicz argues that the United States should focus on solidifying its influence there The ongoing political and economic success of the Intermarium states under American sponsorship undermines the totalitarian enemies of freedom all over the world As such the area can act as a springboard to addressing the rest of the successor states including those in the Caucasus Central Asia and the Russian Federation Intermarium has operated successfully for several centuries It is the most inclusive political concept within the framework of the Commonwealth By reintroducing the concept of the Intermarium into intellectual discourse the author highlights the autonomous and independent nature of the area This is a brilliant and innovative addition to European Studies and World Culture [Jane's Sentinel Security Assessment](#) ,2003 *Opening Pandora's Box: Ethnicity and Central Asian Militaries* , [Jane's sentinel security assessment](#) Alex Vatanka,2004 Jane s Sentinel Security Assessments combine expert analysis of the latest events and trends in political security and military affairs with a detailed breakdown of global military and political structures for reference A one stop source for country intelligence these authoritative resources enable you to identify and assess conventional and asymmetric threats of every kind for every state and territory in the world Russia and the CIS covers Armenia Azerbaijan Belarus Georgia Kazakhstan Kyrgyz Stan Moldova Russia Tajikistan Turkmenistan Ukraine Uzbekistan Coverage also provided for Aphasia Adair Chechnya Gagauzia Nagorno Karabakh Transdniestr Jane s Sentinel Security Assessments Updated monthly from sources on the ground and by expert analysts around the world each profile includes the very latest intelligence on Internal and external threats political context including personalities arties and interest groups Foreign relations disputes and alliances Military capabilities including chain of command doctrine and detailed inventory by service Insurgent forces and terrorist groups Defence expenditure statistics plus analysis of procurement produ *Nuclear Weapons Into the 21st Century* Joachim Krause,Andreas Wenger,2001 Bern Berlin Bruxelles Frankfurt M New York Oxford Wien 2001 [Arms on the Market](#) Suzette Grillot R,Suzette R.
