Separatism Democracy And Disintegration

Francis Pike

Separatism Democracy And Disintegration:

Separatism Metta Spencer, 1998 As we approach the millennium the world is experiencing civil wars exclusively half of which are being waged over the issue of secession This book offers a comparative view of nine historic separatist movements some of which have achieved the break up of an empire or a state and others that to date have not Separatist struggles occur in waves that tend to coincide with upsurges of democratization Several chapters explore this connection making comparisons with economic and geopolitical causes The authors analyze the long term effects of secession after partition ethnic strife typically continues for generations minorities decline in status and democracy and human rights are derogated The break up of one state often leads to further fragmentation as in the disintegration of the Ottoman Austro Hungarian and Russian empires where years later separatism unfolded in the successor states of Yugoslavia Czechoslovakia Palestine Chechnya and Tatarstan The authors attribute much of today s separatism to the demagoguery of politicians losing legitimacy in post communist states for whom nationalism is a convenient populist ideology A broader explanation however points to the failure of modern democracies to develop constitutional mechanisms reconciling the expression of particularistic identities with the universalism of citizenship The book reviews proposals toward that end **Territorial**

Separatism in Global Politics Damien Kingsbury, Costas Laoutides, 2015-03-05 This volume examines the various aspects of territorial separatism focusing on how and why separatist movements arise Featuring essays by leading scholars from different disciplinary perspectives the book aims to situate the question of separatism within the broader socio political context of the international system arguing that a set of historical events as well as local regional and global dynamics have converged to provide the catalysts that often trigger separatist conflicts In addition the book marks progress towards a new conceptual framework for the study of territorial separatism by linking the survival of communities in international politics with the effective control of territory and the consequent creation of new polities Separatist conflicts challenge conventional wisdom concerning conflict resolution within the context of international relations by unpacking a number of questions with regard to conflict transformation Through the use of case studies including Cyprus the Rakhine state in Myanmar the Shia separatism in Iraq the Uighurs in China and the case of East Timor the volume addresses key issues including the role of democracy international law intervention post conflict peacebuilding and the creation of new political entities The book will be of much interest to students of Intra State Conflict Conflict Resolution International Law Security Studies and International Relations

Dissolution Edward W. Walker, 2003 In December 1991 the Soviet Union passed into history as a legal entity breaking apart into 15 successor states This clear and convincing book explains why It emphasizes the critical role of Soviet ethno federalism as well as the normative claims and legitimizing myths of Soviet nationality policy Institutional constraints and legitimizing myths Walker argues empowered the anti union opposition even in republics where it had limited popular support He also shows how they helped bring about an outcome the full dissolution of the USSR that surprisingly few

desired **Dangerous Strait** Nancy Bernkopf Tucker, 2005 *Dangerous Strait* provides fresh perspectives on the complex political economic and strategic issues of the Taiwan Strait. Essays examine a variety of topics which include the movement for independence and its place in Taiwanese domestic politics, the underlying weaknesses of democracy in Taiwan and the significance of China and Taiwan's economic interdependence. In the area of security, contributors provide incisive critiques of Taiwan's incomplete military modernization, the strains in U.S.-Taiwan relations and their differing interpretations of China's intentions and the misguided inclination to abandon Washington's traditional policy of strategic ambiguity.

The Wars Within Robin M. Williams, 2018-05-31 In *The Wars Within* Robin M. Williams Jr. brings together decades of thought about ethnic conflicts in an effort to better understand their dynamics and to lessen their disastrous consequences. Williams presents a worldwide perspective, conscious that many studies of ethnicity focus primarily on the United States. The stakes of struggles can involve both material resources such as oil, diamonds and gold and sociocultural goods such as group status and cultural distinctiveness. Ethnic conflict, Williams finds, can be portrayed as a set of dynamic processes that may escalate from restrained confrontations over limited issues to devastating ethnic warfare and genocide. Throughout, Williams attends to present-day realities and continually reminds readers that ethnic conflict has human significance and lasting effects. His analysis implies that the military and political behavior of the United States profoundly affects whether faraway places attempt ethnic cooperation or shatter into deadly conflict. *The Wars Within* ends on a note of mild hope as Williams provides an overview of ways to prevent, moderate or resolve severe intrastate violence.

Putin Richard Sakwa, 2007-11-13 The new edition of this extremely well received political biography of Vladimir Putin builds on the strengths of the first edition to provide the most detailed and nuanced account of the man, his politics and his profound influence on Russian politics, foreign policy and society. New to this edition: analysis of Putin's second term as President; more biographical information in the light of recent research; detailed discussion of changes to the policy process and the issues around Putin; developments in state-society relations including the conflicts with oligarchs such as Khodorkovsky; review of changes affecting the party system and electoral legislation including the development of federalism in Russia; details on economic performance under Putin including more discussion of the energy sector and pipeline politics; Russia's relationship with NATO after the big bang enlargement; EU-Russian relations after enlargement and Russia's relations with other post-Soviet states. The conclusion brings us up to date with debates over the question of democracy in Russia today and the nature of Putin's leadership and his place in the world. *Putin* is essential reading for all scholars and students of Russian politics.

The Soviet Union Tania Raffass, 2012 *The Soviet Union* is often characterised as nominally a federation but really an empire liable to break up when individual federal units which were allegedly really subordinate colonial units sought independence. This book questions this interpretation, revisiting the theory of federation and discussing actual examples of federations such as the United States, arguing that many federal unions including the United States are really centralised polities. It also discusses the nature of

empires nations and how they relate to nation states and empires and the right of secession highlighting the importance of the fact that this was written in to the Soviet constitution It examines the attitude of successive Soviet leaders towards nationalities and the changing attitudes of nationalists towards the Soviet Union Overall it demonstrates that the Soviet attitude to nationalities and federal units was complicated wrestling in a similar way to many other states with difficult questions of how ethno cultural justice can best be delivered in a political unit which is bigger than the national state The Self-determination of Peoples Wolfgang F. Danspeckgruber, 2002 Focusing especially on the era since the Cold War political scientists other scholars and government officials examine both empirically and conceptually the causes and impacts of people striving for self determination and autonomy They consider the legal political administrative ethnic cultural economic and strategic dimensions and try to consider examples from all major regions Annotation c Book News Inc Portland OR booknews com *Sovereignty and Diversity* Miodrag Jovanović, Kristin Henrard, 2008 Disputes about sovereignty mainly arise in those cases where fundamental rights are infringed or democratic participation denied on account of the citizens membership in certain ethno cultural minority groups Moreover the fact that serious challenges to sovereignty can be detected even in ethno culturally diverse polities which by all standards qualify as fairly just liberal democracies can only mean that the complex relationship between sovereignty and the diversity challenge is in need of serious consideration and analysis By observing sovereignty and diversity through the lens of a broader liberal democratic doctrine this book sets out plausible strategies to cope with the problems that evolve from this issue *Sovereignty and Diversity* is divided into three parts In Part I various normative theories of secession are evaluated both in relation to philosophy and to political science Furthermore the value and possible role of the *uti possidetis* principle is discussed Part II addresses the value of various other methods to accommodate population diversity as means to solve disputes over sovereignty namely multiculturalism federalism and decentralization as well as minority rights Finally Part III groups together three case studies the first two dealing with the secession and partition theme while the last one shows the potential of other less controversial means to address tensions about sovereignty This volume is a collection of updated papers presented at the University of Belgrade in July 2005 at the international conference Legal and Political Solution to Disputes over Sovereignty From Kosovo to Quebec

Constitutionalizing Secession in Federalized States Miodrag A. Jovanović, 2007 This book is a thorough and professional study about secession Starting from the perspective of contemporary political philosophy the book explores the relevance of this issue for the theory and practice of federalism as well as its status under current public international law and concludes with a comparative constitutional analysis of the subject matter In the final chapter it provides a constitutionalized procedure of secession based on fundamental liberal democratic values The book argues that a liberal democratic response to the secession controversy might consist of the constitutionalization of a right to secession While a number of recent works in political theory point to the fact that under certain circumstances the moral right of a group to secession should be

recognized only a few of them are ready to defend the institutionalization of that right through the instruments of constitutional law This topical and thought provoking book is a welcome contribution to the ongoing debate on secession and will be of interest to academics in a variety of disciplines such as law history politics international relations philosophy and applied ethics and to politicians and constitution drafters

Restoring Justice after Large-scale Violent Conflicts Ivo Aertsen,Jana Arsovska,Holger-C Rohne,Marta Valiñas,Kris Vanspauwen,2013-05-13 This book provides a comparative analysis of the potential of restorative justice approaches to dealing with mass victimization in the context of large scale violent conflicts focusing on case studies from Kosovo Israel Palestine and Congo incorporating contributions from leading authorities in these areas One of the main objectives of the book is to examine if how and to what extent restorative justice is applicable in various different cultural social and historical contexts and what common themes can be identified within the different regions under analysis The book will also provide a critical analysis of the UN Basic Principles on the use of restorative justice programmes in criminal matters as applied to the context of large scale violence

Kurds Under Threat Deniz Gumustekin,2021-08-30 Previous researches examine how transnational ethnic ties impact the relationship between host states and diaspora and why states and ethnic minorities in the diaspora may occasionally support violent rebel organizations in the homeland However these previous studies do not really consider the relationships among co ethnic organizations without a homeland government This book tackles the following important questions How and when do co ethnic Kurdish organizations provide open support for each other during conflict peace cycle events Moreover do external threats impact the relationship among co ethnic organizations The aim of this research is to identify the causal factors that influence the transnational networks between Kurdish organizations Research findings reveal that political rationality and external threats seem to be stronger predictors of political behavior than ethnic ties in the Kurdish case This study helps scholars and policy makers to evaluate the impact of transnational networks between co ethnic Kurdish organizations in cases of civil war which may play a crucial role in the escalation and de escalation of international conflicts In addition this research helps to understand the role of co ethnic organizations in building sustainable peace in areas of conflict

Media as Politics in South Asia Sahana Udupa,Stephen McDowell,2017-07-14 The dramatic expansion of the media and communications sector since the 1990s has brought South Asia on the global scene as a major center for media production and consumption This book is the first overview of media expansion and its political ramifications in South Asia during these years of economic reforms From the puzzling liberalization of media under military dictatorship in Pakistan to the brutal killings of journalists in Sri Lanka and the growing influence of social media in riots and political protests in India Nepal and Bangladesh the chapters analyse some of the most important developments in the media fields of contemporary South Asia Attentive to colonial histories as well as connections within and beyond South Asia in the age of globalization the chapters combine theoretically grounded studies with original empirical research to unravel the dynamics of media as politics The

chapters are organized around the three frames of participation control and friction They bring to the fore the double edged nature of publicity and containment inherent in media thereby advancing postcolonial perspectives on the massive media transformation underway in South Asia and the global South more broadly For the first time bringing together the cultural regulatory and social aspects of media expansion in a single perspective this interdisciplinary book fills the need for overview and analytical studies on South Asian media

French North America in the Shadows of Conquest Ryan André

Brasseaux,2020-12-29 French North America in the Shadows of Conquest is an interdisciplinary postcolonial and continental history of Francophone North America across the long twentieth century revealing hidden histories that so deeply shaped the course of North America Modern French North America was born from the process of coming to terms with the idea of conquest after the fall of New France The memory of conquest still haunts those 20 million Francophones who call North America home The book re examines the contours of North American history by emphasizing alliances between Acadians Cajuns and Qu b cois and French Canadians in their attempt to present a unified challenge against the threat of assimilation linguistic extinction and Anglophone hegemony It explores cultural trauma narratives and the social networks Francophones constructed and shows how North American history looks radically different from their perspective This book presents a missing chapter in the annals of linguistic and ethnic differences on a continent defined in part by its histories of dispossession It will be of interest to scholars and students of American and Canadian history particularly those interested in French North America as well as ethnic and cultural studies comparative history the American South and migration

Military Intervention and Secession in South Asia Anne N. Dos Santos,2007-10-30

From Chechnya in Russia to Kashmir in India to the Basque region in Spain secessionist movements remain a serious threat to international security Despite the importance of this issue the causes that bring about external military intervention in a secessionist war have not until now been adequately addressed In this book Dos Santos identifies the conditions that make international military intervention in a secessionist war more or less likely South Asia being fraught with secessionist movements Bangladesh Sri Lanka Kashmir and Punjab provides an ideal laboratory for the examination of this compelling issue Dos Santos argues that a shift in the balance of power between a secessionist group and its central government will lead to a preventive war on the secessionists by the central government In turn a preventive war of this nature may lead to an alliance between the secessionist group and an external power The stronger the alliance the greater the chances of an international military intervention Understanding the conditions under which secessionist movements expand become secessionist wars and invite international military intervention on behalf of the secessionists has strong policy implications It can go a long way toward guiding policymakers who may want to mitigate or avoid these conditions in their states Dos Santos views both states and secessionist groups as primary actors and she examines both the distribution of power among states and the balance of power between central government and groups within states

Encyclopedia of Violence, Peace, and Conflict ,2008-09-05

The 2nd edition of Encyclopedia of Violence Peace and Conflict provides timely and useful information about antagonism and reconciliation in all contexts of public and personal life Building on the highly regarded 1st edition 1999 and publishing at a time of seemingly inexorably increasing conflict and violent behaviour the world over the Encyclopedia is an essential reference for students and scholars working in the field of peace and conflict resolution studies and for those seeking to explore alternatives to violence and share visions and strategies for social justice and social change Covering topics as diverse as Arms Control Peace Movements Child Abuse Folklore Terrorism and Political Assassinations the Encyclopedia comprehensively addresses an extensive information area in 225 multi disciplinary cross referenced and authoritatively authored articles In his Preface to the 1st edition Editor in Chief Lester Kurtz wrote The problem of violence poses such a monumental challenge at the end of the 20th century that it is surprising we have addressed it so inadequately We have not made much progress in learning how to cooperate with one another more effectively or how to conduct our conflicts more peacefully Instead we have increased the lethality of our combat through revolutions in weapons technology and military training The Encyclopedia of Violence Peace and Conflict is designed to help us to take stock of our knowledge concerning these crucial phenomena Ten years on the need for an authoritative and cross disciplinary approach to the great issues of violence and peace seems greater than ever More than 200 authoritative multidisciplinary articles in a 3 volume set Many brand new articles alongside revised and updated content from the First Edition Article outline and glossary of key terms at the beginning of each article Entries arranged alphabetically for easy access Articles written by more than 200 eminent contributors from around the world

Empires at War Francis Pike, 2011-02-28 Asia with four billion people almost two thirds of the world s population a huge landmass and the fastest growing economies has in the past decade transformed the geopolitical global balance Empires at War gives a dramatic narrative account of how this Modern Asia came into being Taking the bombing of Hiroshima on 6th August 1945 as its starting point Francis Pike chronicles the modern fortunes of fourteen Asian countries The iconic figures of post World War II Asia Mao Gandhi Nehru Ho Chi Minh Kim Il Sung General MacArthur and Lord Mountbatten figure prominently but so also do a great many lesser known but pivotal figures Francis Pike weaves the dramatic events and episodes of the region the great battles between American and Soviet backed forces in Korea and Vietnam but also episodes such as Indian Partition Japan s Lost Decade Indonesia s Year of Living Dangerously and Cambodia s Killing Fields into a coherent whole which forms the essential guide to the history of modern Asia

Conflict Management and Resolution in South Sudan Nelson Alusala, Emmaculate Asige Liaga, Martin Revai Rupiya, 2023-08-08 This book analyses the main events and turning points in the building of pre and post independent South Sudan It covers the historical perspectives of the country its key political mediation and negotiation processes peace and security socio economic development and gender as well as conflict and reconstruction Many African states are products of compromised peace settlements and power sharing agreements following violent and protracted conflicts between colonial

occupying powers armed groups and nation states This is the same route that Africa's youngest nation South Sudan traversed before attaining independence in July 2011 This edited volume is an innovative collection that serves as a complete reading on South Sudan from the pre-independent to post-independent realities of the political military and inter-ethnic conflicts and the negotiations to resolve them It is a step-by-step account of the major events that mark the history as well as the contemporary occurrences in South Sudan The book offers guidance on how to sustainably end armed conflict in Africa by tackling four broad themes that include the historical analysis of the conflict political issues peace and security and gender justice and contemporary dynamics The book presents a gendered approach to arguments while also reflecting gender equity in terms of the book authorship Academics researchers and specialists in the field of conflict management and resolution as well as security studies will find this book useful

Contested States in World Politics D.

Geldenhuys, 2009-04-22 This book investigates a phenomenon in world politics that is largely overlooked by scholars namely entities lacking international recognition of their status as independent states It includes case studies on the Eurasian Quartet Kosovo Somaliland Palestine Northern Cyprus Western Sahara and Taiwan

Canadian Sociologists in the First Person Stephen Harold Riggins, Neil McLaughlin, 2021-08-15 Social scientists' autobiographies can yield insight into personal commitments to research agendas and the very project of social science itself But despite the long history of life writing sociologists have tended to view the practice with skepticism *Canadian Sociologists in the First Person* is the first book to survey the Canadian sociological imagination through personal recollections Exploring the lives and experiences of twenty contributors from across the country this book connects the unique and shared features of their careers to broad social dynamics while providing a guide to their own research and administrative contributions to their universities their profession and their broader society and communities The contributors teach in different types of institutions are prominent in the discipline and in their specializations and represent significant and diverse intellectual currents political perspectives and life and career experiences Aiming to start a broad conversation about what social science and the academic profession look like in Canada from an insider's perspective *Canadian Sociologists in the First Person* offers invaluable lessons for younger scholars as they envision a diverse sociological imagination for the twenty-first century

Separatism Democracy And Disintegration Introduction

In the digital age, access to information has become easier than ever before. The ability to download Separatism Democracy And Disintegration has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Separatism Democracy And Disintegration has opened up a world of possibilities. Downloading Separatism Democracy And Disintegration provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Separatism Democracy And Disintegration has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Separatism Democracy And Disintegration. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Separatism Democracy And Disintegration. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Separatism Democracy And Disintegration, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Separatism Democracy And Disintegration has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the

most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Separatism Democracy And Disintegration Books

1. Where can I buy Separatism Democracy And Disintegration books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Separatism Democracy And Disintegration book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Separatism Democracy And Disintegration books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
