Encyclopedia of Censorship Jonathon Green, Nicholas J. Karolides, 2014-05-14 Articles examine the history and evolution of censorship presented in A to Z format      *Literature Suppressed on Sexual Grounds, Fourth Edition* Dawn Sova, 2019-08-01 When Tolstoy's *The Kreutzer Sonata* was banned from distribution through the mail except for first class in 1890 New York street vendors began selling it from pushcarts carrying large signs reading Suppressed In 1961 the United States Supreme Court pondered whether D H Lawrence's *Lady Chatterley's Lover* was lewd or literary In 1969 the novel was required reading in many college literature courses Changing sexual mores have moved many formerly forbidden books out of locked cabinets and into libraries and classrooms *Literature Suppressed on Sexual Grounds Fourth Edition* examines the issues underlying the suppression of more than 120 works deemed sexually obscene Entries include *America The Book* Jon Stewart *An American Tragedy* Theodore Dreiser *The Arabian Nights* Sir Richard Burton trans *The Art of Love* Ovid *The Bluest Eye* Toni Morrison *Forever* Judy Blume *Gossip Girl* series Cecily von Ziegesar *How the Garcia Girls Lost Their Accents* Julia Alvarez *Lady Chatterley's Lover* D H Lawrence *Lolita* Vladimir Nabokov *Looking for Alaska* John Green *Rabbit Run* John Updike *Snow Falling on Cedars* David Guterson *Song of Solomon* Toni Morrison *This Boy's Life* Tobias Wolff *Ulysses* James Joyce and more      *Literature Suppressed on Sexual Grounds* Dawn B. Sova, 2006 *Literature Suppressed on Social Grounds Revised Edition* discusses writings that have been banned over the centuries because they offended or merely ignored official truths challenged widely held assumptions or contained ideas or language unacceptable to a state religious institution or private moral watchdog The entries new to this edition include the *Captain Underpants* series *We All Fall Down* by Robert Cormier and *Jake and Honeybunch Go to Heaven* by Margaret Zemach Also included are updates to the censorship histories of such books as *To Kill a Mockingbird* and *Of Mice and Men*      *Brazilian Bulletin*, 1957      *Boulainvilliers and the French Monarchy* Harold A. Ellis, 2019-05-15 Suspicious of the French monarchy and scornful of the new elites that served it Henri de Boulainvilliers 1658-1722 has been considered one of the Old Regime's paradigmatic aristocratic reactionaries a founder of modern racist theory Some scholars however have admired his constitutionalism and judged him a progenitor of an enlightened aristocratic liberalism now commonly held to have been a major force in shaping the ideology of the French Revolution In a close contextual study of the writings of this enigmatic pivotal thinker Harold A Ellis persuasively rethinks both images of Boulainvilliers finding him a controversialist who interpreted French history as a self consciously political writer seeking to address an emergent political public      **Want List of Periodicals and Serials, Corrected to September 2, 1902** Library of Congress. Periodicals Division, 1902      **Special Scientific Report**, 1970      *Presidential Government in Gaullist France* William G. Andrews, 1983-06-30 In *Presidential Government in Gaullist France* William G Andrews describes and explains the basic character of executive legislative relations in Gaullist France from 1958 to 1974 He demonstrates that the Fifth Republic became presidential despite its parliamentary constitution because of changes made by DeGaulle that

were compatible with the emergent character of French society The information is provided in a conceptual framework that gives it greater coherence explanatory value and significance Andrews relates differences in the nature of institutions of societies and of political problems to types of power relationships that exist between the legislative and executive branches of government In order to achieve an objective appraisal of the controversial leader Andrews fits DeGaulle s constitutional efforts into a broader understanding of the relationships among great leaders texts societies and institutions The book enhances our understanding of the operation of the Fifth Republic and of French government in general *Contributions to the Life Histories of Several Penaeid Shrimps (Penaeidae) Along the South Atlantic Coast of the United States* William Wyatt Anderson,1970 *Industrial Espionage and Technology Transfer* John R. Harris,2017-07-05 Britain and France were the leading industrial nations in 18th century Europe This book examines the rivalry which existed between the two nations and the methods used by France to obtain the skilled manpower and technology which had given Britain the edge particularly in the new coal based technologies Despite the British Act of 1719 which outlawed industrial espionage and technology transfer France continued to bring key industrial workers from Britain and to acquire British machinery and production methods Drawing on a mass of unpublished archival material this book investigates the nature and application of British laws and the involvement of some major British industrialists in these issues and discusses the extent to which French espionage had any real success In the process it presents an in depth understanding of 18th century economies and the cultures and bureaucracies which were so important in shaping economic life Above all the late John Harris saw the history of industrial espionage as one means of restoring the thoughts and activities of human beings to the centre stage of industrial history These are the stories of individuals Holkers Trudaines Wilkinsons or Milnes and their impact on the world *N.O.A.A. Technical Report NMFS SSRF* ,1970 *Operatic Geographies* Suzanne Aspden,2019-04-22 Since its origin opera has been identified with the performance and negotiation of power Once theaters specifically for opera were established that connection was expressed in the design and situation of the buildings themselves as much as through the content of operatic works Yet the importance of the opera house s physical situation and the ways in which opera and the opera house have shaped each other have seldom been treated as topics worthy of examination Operatic Geographies invites us to reconsider the opera house s spatial production Looking at opera through the lens of cultural geography this anthology rethinks the opera house s landscape not as a static backdrop but as an expression of territoriality The essays in this anthology consider moments across the history of the genre and across a range of geographical contexts from the urban to the suburban to the rural and from the Old world to the New One of the book s most novel approaches is to consider interactions between opera and its environments that is both in the domain of the traditional opera house and in less visible more peripheral spaces from girls schools in late seventeenth century England to the temporary arrangements of touring operatic troupes in nineteenth century Calcutta to rural open air theaters in early twentieth century France The essays throughout Operatic Geographies

powerfully illustrate how opera's spatial production informs the historical development of its social cultural and political functions

*The Devil's Interval* Joseph Roccasalvo, 2007-10-18 Harry MacPherson an Episcopal priest and writer of thrillers is approached for help by Mark Raven whose marriage to Roselyn West Harry has celebrated over twenty years earlier To discover the father she's never known Celine Marquand the daughter of Mark's dead lover Benedict wants to read her father's letters to Mark Her arrival from France risks compromising Mark's marriage to Roselyn who is ignorant of her husband's past Celine eventually meets their son Richard and the children of male lovers fall in love Meanwhile the willful and beautiful Lidia Quintavalle also seeks Harry's help after she is charged with inducing the death of her wealthy husband Serge Meredith All these alliances and misalliances are channeled into Harry's new thriller *The Case of Dante's Bones* about a mad professor obsessed with burying Beatrice's remains with Italy's greatest poet Under one fictional roof several stories are linked a triple romance a thriller based on theft and burial a memoir of sexual love lost and recovered The relations between Harry and Lidia Lidia and Serge Mark and Benedict Mark and Roselyn Celine and Richard are all caught up in the stridency of *THE DEVIL'S INTERVAL* Resonating together the stories fill in the dissonance and sound the strongest chord in Western music but not before the novel's jarring jangling finale

**John Law** James Buchan, 2018-09-06 At the summit of his power John Law was the most famous man in Europe Born in Scotland in 1671 he was convicted of murder in London and after his escape from prison fled Scotland for the mainland when Union with England brought with it a warrant for his arrest On the continent he lurched from one money making scheme to the next selling insurance against losing lottery tickets in Holland advising the Duke of Savoy amassing a fortune of some 80 000 But for his next trick he had grander ambitions When Louis XIV died leaving a thoroughly bankrupt France to his five year old heir Law gained the ear of the Regent Philippe D Orleans In the years that followed Law's financial wizardry transformed the fortunes of France enriching speculators and investors across the continent and he was made Controller General of Finances effectively becoming the French Prime Minister But the fall from grace that was to follow was every bit as spectacular as his meteoric rise John Law by a biographer of Adam Smith and the author of *Frozen Desire* and *Capital of the Mind* dramatises the life of one of the most inventive financiers in history a man who was born before his time and in whose day the word millionaire came to be coined
