September Starlings:

September Starlings Ruth Hamilton,2009-12-08 Laura Starling now wealthy and successful has survived a bitter past She fled from a tyrannical mother into the clutches of a sadistic man She endured poverty fear and pain Then along came Ben Starling older wiser who smoothed her path and gave her love and security But now Ben has become a stranger who has slipped beyond her reach As her stability threatens to disintegrate once more a thin waif like girl from Liverpool thrusts her way into Laura s life a girl who is to prove a link with the past But no one can help Laura make the decisions that will alter the course of her existence As the September starlings gather Laura realises she must take courage and forge her own future

Starlings Mike Stark,2025-03 Has there ever been a more hated bird than the European starling Let loose in New York City s Central Park by a misguided aristocrat the starlings were supposed to help curb insect outbreaks and add to the tuneful choir of other songbirds Rather than staying put the dark and speckled starlings marched across the continent like a conquering army In less than sixty years they were in every state in the contiguous United States and their numbers topped two hundred million Cities came under siege crops buckled beneath their weight Public sentiment quickly soured A bitter baffling and sometimes comical war on starlings ensued Weapons included dynamite guns bounties fake owls real owls rubber snakes balloons itching powder and greased building ledges Still artists and scientists marveled at their undulating aerial formations which seemed equal parts poetry and mathematics Keen listeners recognized the starling as one of the world s great vocal mimics imitating everything from fellow birds and cell phones to barking dogs car alarms and TV commercials And then there were their undeniable skills of adaptation and survival What if there was more to these stubborn villains than once thought Mike Stark s *Starlings* is a first of its kind history of starlings in America an oddball love hate story at the intersection of human folly ornithology and one bird s tenacious will to endure
