

The background is a detailed steampunk illustration. On the left, a large, complex clock face is visible, featuring multiple concentric gears and a single prominent hand. The gears are rendered in shades of grey and brown. To the right of the clock, there are vertical mechanical structures with several glowing lights. Some lights are yellow, while others are green, suggesting different operational states or energy levels. The overall aesthetic is industrial and fantastical, typical of the steampunk genre.

The Meaning of Meat and the Structure of the Odyssey Egbert J. Bakker, 2013-04-18 This comprehensive study of the Odyssey sees in meat and meat consumption a centre of gravitation for the interpretation of the poem It aims to place the cultural practices represented in the poem against the background of the agricultural lived reality of the poem's audiences in the archaic age and to align the themes of the adventures in Odysseus' wanderings with the events that transpire at Ithaca in the hero's absence The criminal meat consumption of the suitors of Penelope in the civilised space of Ithaca is shown to resonate with the adventures of Odysseus and his companions in the pre-cultural worlds they are forced to visit The book draws on folklore studies the anthropology of hunting cultures the comparative study of oral traditions and the agricultural history of archaic and classical Greece It will also be of interest to narratologists and students of folklore and Homeric poetics
