Argentina's Missing Bones James P. Brennan, 2018-03-23 Argentina's Missing Bones is the first comprehensive English language work of historical scholarship on the 1976-83 military dictatorship and Argentina's notorious experience with state terrorism during the so-called dirty war. It examines this history in a single but crucial place: Córdoba, Argentina's second largest city. A site of thunderous working class and student protest prior to the dictatorship, it later became a place where state terrorism was particularly cruel. Considering the legacy of this violent period, James P. Brennan examines the role of the state in constructing a public memory of the violence and in holding those responsible accountable through the most extensive trials for crimes against humanity to take place anywhere in Latin America. , Women and Power in Argentine Literature Gwendolyn Díaz, 2010-01-01 The astonishing talent of Argentine women writers belies the struggles they have faced not merely as overlooked authors but as women of conviction facing oppression. The patriarchal pressures of the Perón years, the terror of the Dirty War, and more recently the economic collapse that gripped the nation in 2001 created such repressive conditions that some writers such as Luisa Valenzuela left the country for long periods. Not surprisingly, power has become an inescapable theme in Argentine women's fiction, and this collection shows how the dynamics of power capture not only the political world but also the personal one. Whether their characters are politicians and peasants, torturers and victims, parents and children or lovers, male and female, each writer explores the effects of power as it is exercised by or against women. The fifteen writers chosen for *Women and Power in Argentine Literature* include famous names such as Valenzuela as well as authors anthologized for the first time, most notably María Kodama, widow of Jorge Luis Borges. Each chapter begins with a verbal portrait, editor Gwendolyn Díaz's personal impression of the author at ease formed through hours of conversation and interviews. A biographical essay and critical commentary follow, with emphasis on the work included in this anthology. Díaz's interviews are translated from Spanish, and finally the stories themselves, only three of which have been previously published in English, complete the chapters. The extraordinary depth of these chapters reflects the nuanced, often controversial portrayals of power observed by Argentine women writers. Inspiring as well as insightful, *Women and Power in Argentine Literature* is ultimately about women who in Díaz's words choose to speak their truth regardless of the consequences. **The Alsop Claim** United States, 1910 *Curaçao and Guzmán Blanco* C. Hart, 1993 An analysis of the use made of five structuring devices or motifs: the Bildungsroman, the patriarchal prison, the fairy tale, sexual politics, and gender trouble, in a selection of representative women's novels from Spain and Latin America written between 1936 and the present. STEPHEN M. HART is Reader in the Department of Spanish and Latin American Studies at University College London. Pathways of Memory and Power Thomas Alan Abercrombie, 1998 *Pathways of Memory and Power* crosses the disciplinary boundary where anthropology and

history meet exploring the cultural frontier of the colonial and postcolonial Andes Thomas A Abercrombie uses his fieldwork in the Aymara community of Santa Barbara de Cultra Bolivia as a starting point for his ambitious examination of the relations between European forms of historical consciousness and indigenous Andean ways of understanding the past Writing in an inviting first person narrative style Abercrombie confronts the ethics of fieldwork by comparing ethnographic experience to the power laden contexts that produce historical sources Making clear the early and deep intermingling of practices and world views among Spaniards and Andeans Christians and non Christians Abercrombie critiques both the romanticist tendency to regard Andean culture as still separate from and resistant to European influences and the melodramatic view that all indigenous practices have been obliterated by colonial and national elites He challenges prejudices that from colonial days to the present have seen Andean historical knowledge only in mythic narratives or narratives of personal experience Bringing an ethnographer s approach to historiography he shows how complex Andean rituals that hybridize European and indigenous traditions such as libation dedications and llama sacrifices held on saints day festivals are in fact potent evidence of social memory in the community
