Serfdom And Slavery Studies In Legal Bondage:

Serfdom and Slavery M. L. Bush, 2014-01-09 Serfdom and Slavery compares the two forms of legal servitude in cultures in Western civilization in Europe and the New World from ancient times to the modern period Within a tightly controlled framework of general contextual chapters followed by specific case studies a distinguished team of scholars offers 17 specially written essays that illuminate the nature development impact and termination of serfdom and slavery in European society While the case studies range from classical Greece to early modern Brandenburg and from medieval England to nineteenth century Russia the volume as a whole is closely integrated It makes an important contribution to a topic of increasing international interest *The Legal Understanding of Slavery* Jean Allain, 2012-09-27 This book examines how slavery is understood in law It shows how the legal definition of slavery has evolved and continues to be contentious It traces the understanding of slavery from Roman law through the Middle Ages the 18th and 19th centuries up to the modern day manifestations including forced labour and trafficking in persons *The Poverty of Slavery* Robert E. Wright, 2017-02-20 This ground breaking book adds an economic angle to a traditionally moral argument demonstrating that slavery has never promoted economic growth or development neither today nor in the past While unfree labor may be lucrative for slaveholders its negative effects on a country's economy much like pollution drag down all members of society Tracing the history of slavery around the world from prehistory through the US Antebellum South to the present day Wright illustrates how slaveholders burden communities and governments with the task of maintaining the system while preventing productive individuals from participating in the economy Historians economists policymakers and anti slavery activists need no longer apologize for opposing the dubious benefits of unfree labor Wright provides a valuable resource for exposing the hidden price tag of slaving to help them pitch antislavery policies as matters of both human rights and economic well being **Slavery, Empathy, and Pornography** Marcus Wood, 2002-11-21 Slavery Empathy and Pornography considers the operations of slavery and of abolition propaganda on the thought and literature of English from the late eighteenth to the mid nineteenth centuries Incorporating materials ranging from canonical literatures to the lowest form of street publication Marcus Wood writes from the conviction that slavery was and still is a dilemma for everyone in England and seeks to explain why English society has constructed Atlantic slavery in the way it has He takes on the works of canonic eighteenth and nineteenth century white authors which claimed when written to account for slavery and asks with some scepticism what kind of truth they hold Taking an interdisciplinary approach chapters focus on the writings of the major Romantic poets English Radicals William Cobbett and John Thelwall the Surinam writings of John Stedman the full range of slavery texts generated by Harriet Martineau John Newton and the social prophets Carlyle and Ruskin Slavery Empathy and Pornography also contains a radical new critique of the operations of slavery within the work of Austen and Charlotte Bront *Reasonable Disagreement* Christopher McMahon, 2009-07-16 This book examines the ways in which reasonable people can disagree about the

requirements of political morality Christopher McMahon argues that there will be a zone of reasonable disagreement surrounding most questions of political morality Moral notions of right and wrong evolve over time as new zones of reasonable disagreement emerge out of old ones thus political morality is both different in different societies with varying histories and different now from what it was in the past McMahon explores this feature of his theory in detail and traces its implications for the possibility of making moral judgments about other polities past or present His study sheds light on an important and often overlooked aspect of political life and will be of interest to a wide range of readers in moral and political philosophy and in political theory

Reforming the Church before Modernity Christopher M. Bellitto, 2016-04-08 Reforming the Church before Modernity considers the question of ecclesial reform from late antiquity to the 17th century and tackles this complex question from primarily cultural perspectives rather than the more usual institutional approaches The common themes are social change centres and peripheries of change monasticism and intellectuals and their relationship to reform This innovative approach opens up the question of how religious reform took place and challenges existing ecclesiological models that remains too focussed on structures in a manner artificial for pre modern Europe Several chapters specifically take issue with the problem of what constitutes reform reformations and historians notions of the periodization of reform while in others the relationship between personal transformation and its broader social political or ecclesial context emerges as a significant dynamic Presenting essays from a distinguished international cast of scholars the book makes an important contribution to the debates over ecclesiology and religious reform stimulated by the anniversary of Vatican II

History in the Humanities and Social Sciences Richard Bourke, Quentin Skinner, 2022-12-22 This interdisciplinary volume explores the relationship between history and a range of disciplines in the humanities and social sciences economics political science political theory international relations sociology philosophy law literature and anthropology The relevance of historical approaches within these disciplines has shifted over the centuries Many of them like law and economics originally depended on self consciously historical procedures These included the marshalling of evidence from past experience philological techniques and source criticism Between the late nineteenth and the middle of the twentieth century the influence of new methods of research many indebted to models favoured by the natural sciences such as statistical analytical or empirical approaches secured an expanding intellectual authority while the hegemony of historical methods declined in relative terms In the aftermath of this change the essays collected in *History in the Humanities and Social Sciences* reflect from a variety of angles on the relevance of historical concerns to representative disciplines as they are configured today

America on the World Stage Organization of American Historians, 2024-04-22 Recognizing the urgent need for students to understand the emergence of the United States power and prestige in relation to world events Gary W Reichard and Ted Dickson reframe the teaching of American history in a global context Each essay covers a specific chronological period and approaches fundamental topics and events in United States history from an international perspective emphasizing how the development

of the United States has always depended on its transactions with other nations for commodities cultural values and populations For each historical period the authors also provide practical guidance on bringing this international approach to the classroom with suggested lesson plans and activities Ranging from the colonial period to the civil rights era and everywhere in between this collection will help prepare Americans for success in an era of global competition and collaboration Contributors are David Armitage Stephen Aron Edward L Ayers Thomas Bender Stuart M Blumin J D Bowers Orville Vernon Burton Lawrence Charap Jonathan Chu Kathleen Dalton Betty A Dessants Ted Dickson Kevin Gaines Fred Jordan Melvyn P Leffler Louisa Bond Moffitt Philip D Morgan Mark A Noll Gary W Reichard Daniel T Rodgers Leila J Rupp Brenda Santos Gloria Sesso Carole Shammass Suzanne M Sinke Omar Valerio Jimenez Penny M Von Eschen Patrick Wolfe and Pingchao Zhu

A Brief History of Slavery Jeremy Black,2011-08-18 A thought provoking and important book that raises essential issues crucial not only for understanding our past but also the present day In this panoramic history Jeremy Black tells how slavery was first developed in the ancient world and reaches all the way to the present in the form of contemporary crimes such as trafficking and bonded labour He shows how slavery has taken many forms throughout history and across the world from the uprising of Spartacus the plantations of the West Indies and the murderous forced labour of the gulags and concentration camps Slavery helped to consolidate transoceanic empires and helped mould new world societies such as America and Brazil Black charts the long fight for abolition in the nineteenth century looking at both the campaigners as well as the harrowing accounts of the enslaved themselves Slavery is still with us today and coerced labour can be found closer to home than one might expect

European Legal History Randall Lesaffer,2009-06-25 The rediscovery of Roman law and the emergence of classical canon law around AD 1100 marked the beginnings of the civil law tradition in Europe Between the twelfth and eighteenth centuries a highly sophisticated legal science of a truly European dimension was developed Since then the different European States have developed their own national legal systems but with the exception of England and Ireland they are all heirs to this tradition of the ius commune This historical introduction to the civil law tradition from its original Roman roots to the present day considers the political and cultural context of Europe s legal history Political diplomatic and constitutional developments are discussed and the impacts of major cultural movements such as scholasticism humanism the Enlightenment and Romanticism on law and jurisprudence are highlighted This contextual approach makes for a fascinating story accessible to any reader regardless of legal or historical background

Blackness in Western Europe Dienne Hondius,2017-09-29 While the study of race relations in the United States continues to inspire and influence European thinking Europeans have yet to confront their own history To be black in Europe whether during the sixteenth century or today means sharing one crucial experience being part of a small but visible minority European slave owners company directors and investors in the distant past maintained an ocean wide gap between themselves and the enslaved in the plantation colonies of the Caribbean In the following centuries this distance persisted Even today to be black in Europe

often means to be one of a few black persons in a group A racial pattern of exclusion has characterized European policy for more than four centuries Dienke Hondius identifies ideas and attitudes toward blackness the concept of race as visible difference developed in western Europe She argues that racial discourses are generally dominated by paternalism a concept usually used to explain power structures that is often applied to the nineteenth century Hondius identifies five patterns of paternalism that influenced Europe much earlier and initiated trends of imagery and perception Taking a chronological and thematic approach Hondius first focuses on southern European societies in the Early Modern period and moves to northwest European societies in the Modern period Addressing religion law and science she concludes with a synthesis of developments from the twentieth century to the present

Reader's Guide to British History David Loades,2020-12-17 The Reader's Guide to British History is the essential source to secondary material on British history This resource contains over 1 000 A-Z entries on the history of Britain from ancient and Roman Britain to the present day Each entry lists 6-12 of the best known books on the subject then discusses those works in an essay of 800 to 1 000 words prepared by an expert in the field The essays provide advice on the range and depth of coverage as well as the emphasis and point of view espoused in each publication

Slavery in Árpád-era Hungary in a Comparative Context Cameron Sutt,2015-07-28 In *Slavery in Árpád-era Hungary in a Comparative Context* Cameron Sutt examines servile labour in the first three centuries of the Hungarian kingdom and compares it with dependent labour in Carolingian Europe Such comparative methodology provides a particularly clear view of the nature of dependent labour in both regions Using legislation as well as charter evidence Sutt establishes that lay landlords of Árpádian Hungary frequently relied upon slaves to work their land but the situation in Carolingian areas was much more complex The use of slave labour in Hungary continued until the end of the thirteenth century when a combination of economic and political factors brought it to an end

Slavery in the Late Roman World, AD 275-425 Kyle Harper,2011-05-12 Capitalizing on the rich historical record of late antiquity and employing sophisticated methodologies from social and economic history this book reinterprets the end of Roman slavery Kyle Harper challenges traditional interpretations of a transition from antiquity to the Middle Ages arguing instead that a deep divide runs through late antiquity separating the Roman slave system from its early medieval successors In the process he covers the economic social and institutional dimensions of ancient slavery and presents the most comprehensive analytical treatment of a pre-modern slave system now available By scouring the late antique record he has uncovered a wealth of new material providing fresh insights into the ancient slave system including slavery's role in agriculture and textile production its relation to sexual exploitation and the dynamics of social honor By demonstrating the vitality of slavery into the later Roman empire the author shows that Christianity triumphed amidst a genuine slave society

Grand Duchess Elena Pavlovna, Princess Isabel and the Ending of Servile Labour in Russia and Brazil Shane O'Rourke,2023-09-12 Grand Duchess Elena Pavlovna of Russia and Princess Isabel of Brazil were active participants in the struggle to end servile labor in their respective countries They acted

in defiance of political conventions which excluded women from any political activity Both women were determined to do all in their power to further the cause of emancipation and to determine the terms under which serfs and slaves were emancipated This book examines the political activities of the two royal women within the context of their respective societies and adopts a comparative approach

Civil War and Agrarian Unrest Enrico Dal Lago, 2018-03-15 Between 1861 and 1865 both the Confederate South and Southern Italy underwent dramatic processes of nation building with the creation of the Confederate States of America and the Kingdom of Italy in the midst of civil wars This is the first book that compares these parallel developments by focusing on the Unionist and pro Bourbon political forces that opposed the two new nations in inner civil conflicts Overlapping these conflicts were the social revolutions triggered by the rebellions of American slaves and Southern Italian peasants against the slaveholding and landowning elites Utilizing a comparative perspective Enrico Dal Lago sheds light on the reasons why these combined factors of internal opposition proved fatal for the Confederacy in the American Civil War while the Italian Kingdom survived its own civil war At the heart of this comparison is a desire to understand how and why nineteenth century nations rose and either endured or disappeared

Slaves and Slavery in Ancient Greece Sara Forsdyke, 2021-06-10 Slavery in ancient Greece was commonplace In this book Sara Forsdyke uncovers the wide range of experiences of slaves and focuses on their own perspectives rather than those of their owners giving a voice to a group that is often rendered silent by the historical record By reading ancient sources against the grain and through careful deployment of comparative evidence from more recent slave owning societies she demonstrates that slaves engaged in a variety of strategies to deal with their conditions of enslavement ranging from calculated accommodation to full scale rebellion Along the way she establishes that slaves made a vital contribution to almost all aspects of Greek society Above all despite their often brutal treatment they sometimes displayed great ingenuity in exploiting the tensions and contradictions within the system of slavery

When Emancipation Came Sally Stocksdale, 2022-09-09 Linked by declarations of emancipation within the same five year period two countries shared human rights issues on two distinct continents In this book readers will find a case study comparison of the emancipation of Russian serfs on the Yazykovo Selo estate and American slaves at the Palmyra Plantation Although state policies and reactions may not follow the same paths in each area there were striking thematic parallels These findings add to our understanding of what happens throughout an emancipation process in which the state grants freedom and therefore speaks to the universality of the human experience Despite the political and economic differences between the two countries as well as their geographic and cultural distances this book re conceptualizes emancipation and its aftermath in each country from a history that treats each as a separate self contained story to one with a unified global framework

The Institutional Framework of Russian Serfdom Tracy Dennison, 2011-04-28 Russian rural history has long been based on a Peasant Myth originating with nineteenth century Romantics and still accepted by many historians today In this book Tracy Dennison shows how Russian

society looked from below and finds nothing like the collective redistributive and market averse behaviour often attributed to Russian peasants. On the contrary, the Russian rural population was as integrated into regional and even national markets as many of its west European counterparts. Serfdom was a loose garment that enabled different landlords to shape economic institutions, especially property rights, in widely diverse ways. Highly coercive and backward regimes on some landlords' estates existed side by side with surprisingly liberal approximations to a rule of law. This book paints a vivid and colourful picture of the everyday reality of rural Russia before the 1861 abolition of serfdom.

Beyond Racism and Poverty Karin Lurvink, 2018-01-03

The truck system was a global phenomenon in the period 1865-1920 where workers were paid through the company store. In *Beyond Racism and Poverty*, Karin Lurvink looks at how this system functioned on plantations in Louisiana in comparison with peateries in the Netherlands. In the United States, the system is often viewed as a second slavery and strongly associated with racism. In the Netherlands, however, not racism but poverty has been seen as the main reason for its continued existence. By using a variety of historical sources and by analyzing the perspectives of both employers and workers, Lurvink provides new insights into how the truck system worked and can be explained. She reveals how the system was not only coercive but had advantages for the workers as well, which should not be overlooked.

Fuel your quest for knowledge with is thought-provoking masterpiece, Explore **Serfdom And Slavery Studies In Legal Bondage** . Serfdom And Slavery Studies In Legal Bondage Introduction

In today's digital age, the availability of Serfdom And Slavery Studies In Legal Bondage books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Serfdom And Slavery Studies In Legal Bondage books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Serfdom And Slavery Studies In Legal Bondage books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Serfdom And Slavery Studies In Legal Bondage versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Serfdom And Slavery Studies In Legal Bondage books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Serfdom And Slavery Studies In Legal Bondage books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Serfdom And Slavery Studies In Legal Bondage books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These

libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Serfdom And Slavery Studies In Legal Bondage books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Serfdom And Slavery Studies In Legal Bondage books and manuals for download and embark on your journey of knowledge?

FAQs About Serfdom And Slavery Studies In Legal Bondage Books

1. Where can I buy Serfdom And Slavery Studies In Legal Bondage books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Serfdom And Slavery Studies In Legal Bondage book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
