Serious Sport Ja Mangans Contribution To The History Of Sport:

Serious Sport Scott A. G. M. Crawford, 2004 With essays covering all aspects of sports history this volume is a tribute to the scholarship of Professor Tony Mangan Regarded by many as a pioneer and mentor Professor Mangan's foundational work has sustained the field for decades

Special Issue Serious Sport Scott A. G. M. Crawford, 2003 Serious Sport J. A. Mangan, 2004 Trial blazer and mentor Professor J A Mangan is a distinguished scholar in the fields of sports history whose work has inspired a generation of historians and social scientists across the globe His seminal book on athleticism and imperialism commanded attention and applause from a broad range of historians and social scientists across the globe His seminal work on athleticism and imperialism commanded attention and applause from a broad range of historians It opened new horizons of inquiry providing the field with a richly perceptive study of hegemony and patronage of cultural assimilation and adaptation and of the ways that power elites used sport for socialization acculturation and social control His later works continued to pose critical sometimes controversial questions providing new and provocative insights into the complex social issues involved in the development and diffusion of sporting activity The geographical horizons of his work now span the globe This volume is a fitting tribute to the scholarship and lasting accomplishments of a pioneer who has mentored and continues to mentor numerous young scholars internationally simultaneously developing and maintaining high quality channels through which to disseminate sport history research In appraising his scholarship the contributors to this collection demonstrate their debt to his vision and achievements This volume was previously published as a special issue of The International Journal of the History of Sport

Manufacturing Masculinity Peter Horton, 2017 This tribute to Professor J A Tony Mangan is well deserved Professor Mangan is a path breaking scholar Mangan's impact is measurable in the rarest of ways institution building Under his leadership a globally situated team has opened a new relationship between sport and the academy and I recommend Manufacturing Masculinity The Mangan Oeuvre Global Reflections on J A Mangan's Studies of Masculinity Imperialism and Militarism as yet again it offers a unique consideration of the relationship between sport and academy Professor John D Kelly University of Chicago Professor Mangan has since the early 1980s been one of the foremost international scholars within his chosen field of cultural history Over this period he has possibly more convincingly than any other international academic shown in his research how much sport and associated forms of competitive performance have not only reflected and reproduced but indeed sometimes also reformed and redirected fundamental political cultural and social structures and ideological transformative forces in modern civilisation Professor Henrik Meinander University of Helsinki Professor Mangan is widely and greatly respected in China as a scholar of international distinction he has made both direct and indirect contributions to Chinese scholarship especially regarding Chinese women and their long struggle for emancipation Finally and I cannot stress this point too strongly a most important contribution has been his crystal clear and nuanced writing style much appreciated by Chinese who wish to write for the international scholastic world Professor Dong

Jinxia Peking University No one has had a more influential role in or made a greater contribution to the cultural history of modern sport than Professor J A Mangan With his visionary pioneering monographs and many seminal edited collections and as founding editor of the series Sport in the Global Society with its numerous volumes and most especially as founding editor and editor of The International Journal of the History of Sport for some thirty years which he took from the original three numbers a year to eighteen numbers a year his contribution has been unparalleled Professor Roberta J Park University of California Berkeley

Modern Sport - The Global Obsession Boria Majumdar, Fan Hong, 2013-09-13 Sport has become more than a simple physical expression or game it now pervades all societies at all levels and has become bound up in nationalism entertainment patriotism and culture Now a global obsession sport has infiltrated into all areas of modern life and despite noble ideals that sport stands above politics religion class gender and ideology the reality is often very different These essays by leading academics and rising new talent consider the phenomenon of modern sport and its massive influence over global society Together this collection is also a tribute to the pioneering and inspirational work of Professor J A Mangan on the political religious class and gender based aspects of modern sport from academics greatly influenced by him and his writing This book was previously published as a special issue of The International Journal of the History of Sport

Routledge Handbook of Sport History Murray G. Phillips, Douglas Booth, Carly Adams, 2021-09-19 The Routledge Handbook of Sport History is a new and innovative survey of the discipline of sport history Global in scope it examines the key contemporary issues in sports historiography sheds light on previously ignored topics and sets an intellectual agenda for the future development of the discipline The book explores both traditional and non traditional methodologies in sport history and traces the interface between sport history and other fields of research such as literature material culture and the digital humanities It considers the importance of key issues such as gender race sexuality and politics to our understanding of sport history and focuses on innovative ways that the scholarship around these issues is challenging accepted discourses This is the first handbook to include a full section on Indigenous sport history a topic that has often been ignored in sport history surveys despite its powerful upstream influence on contemporary sport The book also reflects carefully on the central importance of sport history journals in shaping the development of the discipline This book is an essential reference for any student researcher or scholar with an interest in sport history or the relationship between sport and society It will also be fascinating reading for any historians looking for fresh perspectives on contemporary historiography or social and cultural history

Sport, Culture and History Brian Stoddart, 2013-09-13 In addition to being an internationally recognised pioneer of sports history Brian Stoddart has also been a leading thinker and influence in the field That influence has crossed several areas of history sociology business politics and media aspects of sports studies and has drawn deeply upon his own training in Asian studies His work has been characterised by cross disciplinary work from the outset and has encompassed some very different geographical areas as well as crossing from academic outlets to media commentary As a result his

influential work has appeared in many different locations and it has been difficult for a wide variety of readers to access it fully and easily This volume draws together in the one place for the first time some of his most important academic and journalistic work Importantly the pieces are drawn together by an intellectual autobiographical commentary that locates each piece in a wider social and cultural framework This book was previously published as a special issue of *Sport in Society*

Gender, Sport, Science J. A. Mangan, Patricia Vertinsky, 2013-10-18 Roberta J Park has been throughout her distinguished career a scholar with a mission to win academic recognition of the significance of the body in culture and cultures Her scholarship has earned her global esteem in the disciplines of Physical Education and Sports Studies for its penetrating insights This selection of her writings is a well deserved tribute to her interpretive originality her intellectual acuity and her ability to inspire colleagues and students To explore unexplored patterns has been her extraordinary strength The result has been continual originality of insight These writings are thus a unique compilation of scholastic creativity of major interest to scholars and students in Sports Studies Physical Education Health Studies Sociology and Social Psychology This book was published as a special issue of the *International Journal of the History of Sport* *Sport in the Pacific* CRichard King, 2017-07-05 *Sport in the Pacific* is a comparative consideration of the modern movement of Pacific peoples and their physical pursuits across national and cultural boundaries It covers Australia Japan and the United States Its contributors ensure a deeper understanding of the indigenous peoples of the Pacific particularly their social identities and cultural responses in the wake of the arrival of modern sport *Sport in the Pacific* comprises eight original contributions which analyze Polynesian and Abogirnal athletes and athletics in colonial and post colonial contexts Their analyses stress the importance of adaptation and appropriation reinvention and revivalism as well as diaspora and globalization The volume will have three overlapping themes change and continuity cultural and transcultural power and the complexity of race gender and national identity *Sport in the Pacific* in short compares the significance of modern sport in a largely ignored setting the indigenous societies of the Pacific This book was previously published as a special issue of *International Journal of the History of Sport* **The Visual in Sport** Mike Huggins, Mike O'Mahony, 2013-10-18 This comprehensive novel and exciting interdisciplinary collection brings together leading international authorities from the history of sport social history art history film history design history cultural studies and related fields to explore the ways in which visual culture has shaped and continues to impact upon our understanding of sport as an integral element within popular culture Visual representations of sport have previously been little examined and under exploited by historians with little focused and rigorous scrutiny of these vital historical documents This study seeks to redress this balance by engaging with a wide variety of cultural products ranging from sports stadia and monuments in the public arena to paintings prints photographs posters stamps design artefacts films and political cartoons By examining the contexts of both the production and reception of this historical evidence and highlighting the multiple meanings and social significance of this body of work the collection provides original

powerful and stimulating insights into the ways in which visual material assists our knowledge and understanding of sport. This collection will facilitate researchers, publishers and others with an interest in sport to move beyond traditional text-based scholarship and appreciate the powerful imagery of sport in new ways. This book was previously published as a special issue of the International Journal of the History of Sport. **Sport in the Middle East** Fan Hong, 2017-07-05. This collection provides interdisciplinary study of sport in the Middle East in the context of history, politics, policies, gender, religion, ideology and international relations. The chapters examine the role of the Pan Arab Games in strengthening the bonds of Arab identity in Qatar, the contribution of sport to the building of nationhood and cultural image in Lebanon and Turkey, female involvement in the Olympic movement in Middle Eastern countries, how sport has facilitated the promotion of gender equality and how sport has served the social and cultural transformation of the Islamic world. Study of the role and functions of sport in the Middle East in its historical, political and cultural context is long overdue. Based on recent research conducted by prominent young scholars in this field, this collection will inspire and stimulate the future development of research in the Islamic world. This book was originally published as a special issue of The International Journal of the History of Sport.

Sport and Nationalism in Asia Fan Hong, Zhouxiang Lu, 2016-04-14. Written by a team of international scholars, *Sport and Nationalism in Asia: Power, Politics and Identity* is a collection of original research which addresses a number of issues central to notions of nationalism and identity in sport, including how the Olympics and other international and regional sports events have fostered an active interweaving of sport, politics and nationalism; the role of traditional sport in the building of national consciousness and national identity; the way modern sport creates and reflects nationalism, thereby giving it a voice and a focus. The book covers eight case studies on countries/regions across West Asia, Central Asia and East Asia. It is one of the few works that examines the relationships between sport, politics and nationalism from an Asian perspective. This book was published as a special issue of the International Journal of the History of Sport.

The Politicisation of Sport in Modern China Fan Hong, Lu Zhouxiang, 2015-07-16. *The Politicisation of Sport in Modern China: Communist and Champions* is the first book in English which examines in chronological order key issues in sport in the People's Republic of China from 1949 to 2012 in the context of Chinese history, politics and society. It explores the complexity of Chinese sport, including the sovietisation of Chinese sports policy and practice; the emergence of the two Chinas issue; the Cold War; the Cultural Revolution; sports diplomacy and sports militarism; China's turbulent journey of participation in the Asian Games and in the Olympics; the politics and policy of doping and anti-doping in Chinese sport; and China's sport in the post-Beijing Olympics era. By analysing the relationships between sport, diplomacy, politics and social transformation in China, the book examines how sport has played an important role in China's rise in the 20th and 21st centuries and how China embraced the Olympic Movement and also influenced the world through the Olympic Games. Featuring major events, original documents and interviews with a wide breadth of insiders from sports policy makers, Olympic medallists and ordinary Chinese, this book for

the first time provides a comprehensive guide to the history of sport in the People's Republic of China. It is a fascinating book for academic researchers, general readers and students. This book was published as a special issue of the *International Journal of the History of Sport*. *Sport Past and Present in South Africa* Scarlett Cornelissen, Albert Grundlingh, 2013-09-13. This book provides an interpretation of sport in contemporary South Africa through an historical account of the evolution and social ramifications of sport in the twentieth century. It comprises chapters which trace the growth of sports such as football, cricket, surfing, boxing and rugby and considers their relationship to aspects of racial identity, masculinity, femininity, political and social development in the country. The book also draws out the wider geo-political significance of South African sport, placing it in the context of the development of sport both elsewhere on the African continent and internationally. The history of sport has seen significant international growth over the past few decades. For the most part, however, the history of sport in Africa has remained largely untraced. By detailing the way in which sport's development in South Africa overlapped with major socio-political processes on the wider African continent, this volume seeks to narrow the gap. This book was previously published as a special issue of the *International Journal of the History of Sport*. *Sporting Cultures* David Wood, P. Louise Johnson, 2013-09-13. The essays that comprise this book mark new territory in the study of sport in the Hispanic world, a key site of cultural experience for the populations of Latin America, the United States and the Iberian Peninsula. The scope of the volume is the exploration of the representation and interaction of sport-text/body in a variety of cultural forms in Latin America, Spain and the Chicano population of the USA. As such, it opens a path for further study of an area that is experiencing significant growth in the international academic community. The book consists of 11 chapters by different authors and an introduction totalling c. 85,000 words. The essays deal with the key sporting practices of the Hispanic world, including boxing, baseball, athletics, Olympic movements and football, approaching them as physical manifestations in their own right and as cultural representations via media images, poetry, narrative, fiction, murals through the research methodologies of the humanities and social sciences. This book was previously published as a special issue of the *International Journal of the History of Sport*. *The Politics of the Male Body in Global Sport* Hans Bonde, 2013-10-18. Danish sport has been associated with Europe and the World, not least through I. P. Muller and Niels Bukh and the Danish Gymnastics revolution with its emphasis on male aesthetics and hygiene in the first half of the twentieth century. At the same time, Denmark has stood apart from Europe in the early moments of its history of sport with the rural revolution of the farming communities as a statement of political independence and assertion. However, during the German occupation of Denmark, Danish sport was part of a European collaboration which characterized a number of the occupied countries, not least in the Nordic area. After the Second World War, Denmark embraced international body cultures with other European nations, in particular Eastern martial arts. Denmark too, as part of trends in the European region and the world, became caught up in sport as a powerful contemporary political statement. This book was previously published as a special issue of the *International Journal of the History of Sport*.

American National Pastimes - A History Mark Dyreson,Jaime Schultz,2016-04-14 When the colonies that became the USA were still dominions of the British Empire they began to imagine their sporting pastimes as finer recreations than even those enjoyed in the motherland From the war of independence and the creation of the republic to the twenty first century sporting pastimes have served as essential ingredients in forging nationhood in American history This collection gathers the work of an all star team of historians of American sport in order to explore the origins and meanings of the idea of national pastimes of a nation symbolized by its sports These wide ranging essays analyze the claims of particular sports to national pastime status from horse racing hunting and prize fighting in early American history to baseball basketball and football more than two centuries later These essays also investigate the legal political economic and culture patterns and the gender ethnic racial and class dynamics of national pastimes connecting sport to broader historical themes American National Pastimes chronicles how and why the USA has used sport to define and debate the contours of nation This book was published as a special issue of the International Journal of the History of Sport
