Sermons for the New Life, 7th Edition Horace Bushnell, 2015-06-10 Horace Bushnell was an American Congregational minister and theologian As a preacher Dr Bushnell was very effective Though not a dramatic orator he was original thoughtful and impressive in the pulpit His theological position may be said to have been one of qualified revolt against the Calvinistic orthodoxy of his day He criticized prevailing conceptions of the Trinity the atonement conversion and the relations of the natural and the supernatural Above all he broke with the prevalent view which regarded theology as essentially intellectual in its appeal and demonstrable by processes of exact logical deduction To his thinking its proper basis is to be found in the feelings and intuitions of humankind s spiritual nature He had a marked influence upon theology in America an influence not so much possibly in the direction of the modification of specific doctrines as in the impulse and tendency and general spirit which he imparted to theological thought Dr Munger s estimate was that He was a theologian as Copernicus was an astronomer he changed the point of view and thus not only changed everything but pointed the way toward unity in theological thought He was not exact but he put God and humanity and the world into a relation that thought can accept while it goes on to state it more fully with ever growing knowledge Other thinkers were moving in the same direction he led the movement in New England and wrought out a great deliverance It was a work of extraordinary courage Hardly a theologian in his denomination stood by him and nearly all pronounced against him *The Journey of Life* Thomas R. Cole, 1992-11-27 The Journey of Life envisions growing up and growing old as a voyage down a river flowing inexorably to the sea With this image of the human life cycle the author explores the historical shoreline of later life charting its cultural forms and sounding their depths The result is both a cultural history of aging and a contribution to public dialogue about the meaning and significance of later life The core of the book shows how central texts and images of Northern *Bibliotheca Sacra*, 1877 **The Theological and Literary Journal**, 1859 *The Homiletic Review*, 1890 **Metropolitan Pulpit and Homiletic Monthly**, 1890 *The Christian Review*, 1858 **The Mercersburg Review**, 1876 A History of Preaching Otis Carl Edwards, 2004 Accompanying CD ROM contains the full text of volume one and two Volume two contains primary source material on preaching drawn from the entire scope of the church s twenty centuries Each chapter in volume two is geared to its companion chapter in volume one s narrative history **A History of Preaching Volume 1** Rev. O.C. Edwards JR., 2016-04-25 A History of Preaching brings together narrative history and primary sources to provide the most comprehensive guide available to the story of the church s ministry of proclamation Bringing together an impressive array of

familiar and lesser known figures Edwards paints a detailed compelling picture of what it has meant to preach the gospel Pastors scholars and students of homiletics will find here many opportunities to enrich their understanding and practice of preaching Volume 1 contains Edwards s magisterial retelling of the story of Christian preaching s development from its Hellenistic and Jewish roots in the New Testament through the late twentieth century s discontent with outdated forms and emphasis on new modes of preaching such as narrative Along the way the author introduces us to the complexities and contributions of preachers both with whom we are already acquainted and to whom we will be introduced here for the first time Origen Chrysostom Augustine Bernard Aquinas Luther Calvin Wesley Edwards Rauschenbusch Barth all of their distinctive contributions receive careful attention Yet lesser known figures and developments also appear from the ninth century reform of preaching championed by Hrabanus Maurus to the reference books developed in the thirteenth and fourteenth centuries by the mendicant orders to assist their members preaching to Howell Harris and Daniel Rowlands preachers of the eighteenth century Welsh revival to Helen Kenyon speaking as a layperson at the 1950 Yale Beecher lectures about the view of preaching from the pew Volume 2 available separately as 9781501833786 contains primary source material on preaching drawn from the entire scope of the church s twenty centuries The author has written an introduction to each selection placing it in its historical context and pointing to its particular contribution Each chapter in Volume 2 is geared to its companion chapter in Volume 1 s narrative history Ecumenical in scope fair minded in presentation appreciative of the contributions that all the branches of the church have made to the story of what it means to develop deliver and listen to a sermon A History of Preaching will be the definitive resource for anyone who wishes to preach or to understand preaching s role in living out the gospel This work is expected to be the standard text on preaching for the next 30 years says Ann K Riggs who staffs the NCC s Faith and Order Commission Author Edwards former professor of preaching at Seabury Western Theological Seminary is co moderator of the commission which studies church uniting and church dividing issues A History of Preaching is ecumenical in scope and will be relevant in all our churches we all participate in this field says Riggs from EcuLink Number 65 Winter 2004 2005 published by the National Council of Churches **Ravished by Beauty** Belden C. Lane,2011-04-21 In this novel exploration of Reformed spirituality Belden C Lane uncovers a green theology that celebrates a community of jubilant creatures of all languages and species Lane reveals an ecologically sensitive Calvin who spoke of himself as ravished by the earth s beauty He speaks of Puritans who fostered a lusty spirituality in which Christ figured as a lover who encouraged meditation on the wonders of creation He presents a Jonathan Edwards who urged a sensuous enjoyment of God s beauty as the only real way of knowing God Lane argues for the double irony of Reformed spirituality showing that Calvinists who often seem prudish and proper are in fact a people of passionate desire Similarly Reformed Christians who appear totally focused on divine transcendence turn out at times to be closet nature mystics exulting in God s glory everywhere Lane also demonstrates however that a spirituality of desire can be derailed ending in

sexual excess and pantheism Ecologically holy longing can be redirected from a contemplation of God's splendor in the earth's beauty to a craving for land itself resulting in disastrous misuse of its resources Between the major chapters of the book are engaging personal essays drawn from the author's own love of nature as a Reformed Christian and providing a thoughtful discussion of contemporary issues of species diversity and the honoring of an earth community **The Bookman** ,1903
