Clericus**,1844 **Renewing Spiritual Perception with Jonathan Edwards** Ray S. Yeo, 2016-06-17 Jonathan Edwards theologically sophisticated psychology of grace remains one of the deepest and most fertile theological psychologies in the Protestant tradition The heart of his account lies in his foundational doctrine of spiritual perception where he locates the psychological core of the engrafted Christian life This work revisits Edwards doctrine from the perspective of recent work in the philosophy of emotions and other related philosophical sub disciplines The aim is to recover this often neglected theme in contemporary theology and renew it by bringing Edwards theological insights into conversation with various spheres of contemporary philosophical discussion The account of spiritual perception that emerges from this interdisciplinary dialogue is one that seeks to revise update and deepen Edwards own thinking on the matter in five major ways The book concludes by arguing that the capacity for spiritual and emotional perception of the supreme good is grounded upon a wisdom like seminal virtue centred upon the incarnate Christ i e Christocentric wisdom Such wisdom on the renewed account is considered the psychological core of transforming grace and the foundational basis upon which all other Christian virtues are formed Catalogue of the Library in Red Cross Street Cripplegate Daniel Williams, 1841 Catalogue of the Library in Red Cross Street, Cripplegate Dr. Williams's Library, 1841 English Spirituality Gordon Mursell, 2001-01-01 This wide ranging historical survey provides an indispensable resource for those interested in exploring teaching or studying English spirituality In two stand alone volumes it traces history from Roman times until the year 2000 The main Christian traditions and a vast range of writers and spiritual themes from Anglo Saxon poems to late modern feminist spirituality are included

These volumes present the astonishing richness and variety of responses made by English Christians to the call of the divine during the past two thousand years *Catalogue of the Library of the Athenaeum* ,1859 **Jan Hus between Time and Eternity** Thomas A. Fudge,2015-11-25 This study is a reconsideration of Jan Hus a late medieval Bohemian priest who was burned at the stake six hundred years ago His death sparked a social revolution This book considers his role as a priest and reformer in Prague his martyrdom in Germany and his legacy It attempts to provide an evaluation of Hus in the context of the medieval world especially by engaging in alternative perspectives of his life and work The core themes and arguments are revisionist These include seeing Hus properly as a heretic exploring Hus as a medieval man interested in more than preaching religious practice and reform The book sets out to challenge traditional assumptions and seeks less to contribute to monument building than to challenge the prevailing views about Hus and the interpretation of his life and thought A conscious effort has been undertaken to explore the historical relevancy of Hus and to assess his contemporary significance The book also places Hus into a comparative context with the Reformation of the sixteenth century *A Catalogue of the Library of the Athenæum* Athenæum Club (London, England).
