*The Serpentine Cave* Jill Paton Walsh, 2011-02-28 When Marion's mother is silenced first by a stroke and then by death she is left confronting the chaotic detritus of a life obsessively devoted to art she has left it too late to ask the crucial questions about scenes confusedly remembered from her childhood and above all about the identity of her own father lost in the war Out of the hundreds of paintings in her mother's studio one a portrait of a young man is inscribed For Marion Is this her father And who was he Marion's search takes her to the Cornish town of St Ives In the remote and closeknit town where communities of fisherfolk and artists have coexisted for many years she learns of a tragedy which is intrinsically tied up with her father's life Over fifty years before the St Ives lifeboat went down with all hands bar one Marion must delve deep into the past to discover the identity of a man she never knew and in so doing confront the demons which have tortured her own adult life The Serpentine Cave is an imagined story containing a true one a powerful novel about memory and loss birth and rebirth and past regrets which still have the power to plague the present
