The Unofficial Guide to Divorce Sharon Naylor, 1998-10-09 The statistics are no secret: the U.S. Census Bureau reports that 50% of marriages end in divorce. This means that each year 2.5 million people go through the divorce process, many of them without a clear-cut understanding of their options. That's where *The Unofficial Guide to Divorce* comes into play. While most books on divorce are either personal sagas or dry technical guides, this book is written with the aid of both a therapist and an attorney. It sensitively explains the process and offers unbiased advice on selecting an attorney, evaluating agreement options, dealing with a high-conflict divorce, helping families cope with stress, getting emotional support using the Internet as a valuable resource, and so much more. *The Unofficial Guide to Divorce* will allow readers to survive the ordeal and come up winners, both emotionally and financially.
