The Long March, 1935 Richard Garratt Wilson, 1971 *Paradigms Powering China's Rise: A Historical Perspective* Belal Ehsan Baaquie, 2023-11-02 The primary aim of this book is to understand the ground breaking paradigms and policies that have powered China s remarkable rise from an agricultural society to an industrial powerhouse and a leading nation and that too in a span of merely forty years from 1979 to 2019 The book covers the rise of China up to 2019 and is divided into five parts The first part takes a strategic view of China s rise the second part provides a quantitative assessment of China s rise using macroeconomic indicators the third part provides a historical background of modern China starting from the unification of China in 221 BC to the rise to power of the Communist Party of China leading to the establishment of the People s Republic of China in 1949 The fourth part analyses China s governance as well as its economic system and lastly part five summarizes China s rise and the paradigms that powered this rise *The Long March* Harrison Evans Salisbury, 1987 An engrossing account New York Times Book Review of the Red Army s flight from the superior forces of Chiang Kai shek in China during 1934 1935 Authortour *The Minjian Avant-Garde* Chang Tan, 2024-02-15 The Minjian Avant Garde studies how experimental artists in China mixed with brought changes to and let themselves be transformed by minjian the volatile and diverse public of the post Mao era Departing from the usual emphasis on art institutions global markets or artists communities Chang Tan proposes a new analytical framework in the theories of socially engaged art that stresses the critical agency of participants the affective functions of objects and the versatility of the artists in diverse sociopolitical spheres Drawing from hitherto untapped archival materials and interviews with the artists Tan challenges the views of Chinese artists as either dissidents or conformists to the regime and sees them as navigators and negotiators among diverse political discourses and interests She questions the fetishization of marginalized communities among practitioners of progressive art and politics arguing that the members of minjian are often more complex defiant and savvy than the elites would assume The Minjian Avant Garde critically assesses the rise of populism in both art and politics and show that minjian could constitute either a democratizing or a coercive force This book was published with generous support from the George Dewey and Mary J Krumrine Endowment **Asian Nationalism in the Twentieth Century** Joseph Kennedy, 1968-06-18

Historical Dictionary of the Chinese Civil War Christopher R. Lew, Edwin Pak-wah Leung, 2013-07-29 The Chinese Civil War which lasted several years or several decades depending on how you define it was one of the most momentous wars of the 20th century for it determined the fate of the world's most populous country and was bitterly fought with millions of combatants involved and hundreds of millions of civilians affected More to the point it was won by the Chinese Communist Party under Mao Zedong who imposed Communist rule while the Nationalists retreated to Taiwan It also heated up the Cold War for quite some time as the Communists were supported by the Soviet Union and the Nationalists by the United States This second edition of the Historical Dictionary of

the Chinese Civil War studies the longer broader war and its chronology carefully tracks the major events The introduction then provides a broad overview describing the contending forces and showing how the Communists come out on top The details and these are crucial are laid out in over 200 cross referenced dictionary entries dealing with the opposing forces and parties the major campaigns and battles the Long March and of course the leadership on both sides This book one of few such in English provides a very solid basis for study but that can be accomplished more effectively by consulting the titles listed in an extensive bibliography

A History of the Chinese Communist Party Stephen Uhalley, 1988

Words and Their Stories Ban Wang, 2010-10-05 As China joins the capitalist world economy the problems of social disintegration that gave rise to the earlier revolutionary social movements are becoming pressing Instead of viewing the Chinese Revolution as an academic study these essays suggest that the motifs of the Revolution are still alive and relevant The slogan Farewell to Revolution that obscures the revolutionary language is premature In spite of dislocations and ruptures in the revolutionary language to rethink this discourse is to revisit a history in terms of sedimented layers of linguistic meanings and political aspirations Earlier meanings of revolutionary words may persist or coexist with non revolutionary rivals Recovery of the vital uses of key revolutionary words proffers critical alternatives in which contemporary capitalist myths can be contested

Edgar Snow John Maxwell Hamilton, 2003-09-25 Edgar Snow 1905-1972 was one of the most notable Western journalists to report on China in both the revolutionary and postrevolutionary periods He first became famous in the

mid 1930s when he broke through a Nationalist blockade and reached the Communists in northwest China. For nearly a decade no foreign reporter had seen the Communists who were widely regarded as a ragtag bandit army. Snow took them seriously as a national movement. His reporting in the now famous book *Red Star over China* was major news even to the Chinese, thousands of whom joined the Communists after reading it. It has remained a seminal reference on the early Chinese Communist movement. In this award-winning biography, journalist John Maxwell Hamilton follows Snow from his birth in Kansas City to his rise as a celebrated foreign correspondent for the *Saturday Evening Post*, his ostracism during the cold war, and his role as a singular journalistic bridge between Communist China and the United States. With a new preface by the author, this revealing portrait of the widely misunderstood Snow firmly establishes him as a model for the kind of committed reporting that is crucial to understanding our interdependent world.

Modernisation of the PLA Jiti S. Bajwa, 2002. A Covenantal Imagination William Johnson Everett, 2021-12-15. This harvest of articles drawn from William Johnson Everett's career of teaching and research on four continents and in a variety of institutions shows the breadth, depth, and diversity of his interests. Like spotlights in the wider field of Christian social ethics, they illuminate the key threads that have held together an emerging tapestry of thought woven around the powerful concept of covenant. Whether lifting up concepts of covenant federalism and corporation, the *oikos* of work, family, and faith, the public nature and mission of the church, or the ethical meaning of journey metaphors, his rich and artful style leads us into thinking more deeply about the way our lives are joined in a covenantal imagination about a more just and sustainable world.
