Long Masquerade:

The Long Masquerade Madeleine Brent, Children's Literature in the Long 19th Century Catherine Butler, Ann Alston, 2020-05-21 In this collection the multidimensional story of children's literature in the formative period of the long nineteenth century is illuminated questioned and in some respects rewritten Children's literature might be characterised as the love child of the Enlightenment and the Romantic movements and much of its history over the long nineteenth century shows it being defined shaped and co-opted by a variety of agents each of whom has their own ambitions for it and for its child readership Is children's literature primarily a way of educating children in the principles of reason and morality A celebration of the Rousseauesque child A source of pleasure and entertainment Women both as writers and as nurturers involved at an intimate and daily level with the raising of children recognised early and often very explicitly the multiple capacities of literature to provide entertainment useful information moral education and social training and the occasionally conflicting nature of these functions This book was originally published as a special issue of *Women's Writing* Stars of the Long Night Tanure Ojaide, 2012-05-30 Set in the Niger Delta this novel tells the tale of a woman's struggle for equality in a traditional patriarchal society Set against the once in a generation festival at which the one chosen by the gods performs the dance of the mother mask Ojaide weaves a tale of suspense while displaying the traditions and religious beliefs that define the Niger Delta **Stages of Life** Uche N. Kalu, 2017-10-30 In Africa Chidi Udo is born under the most tragic of circumstances His mother doesn't survive his birth but he does have his father to care for him He grows to be a young man and does well in school but soon loses his father too Due to this further tragedy he is deprived of the opportunity for the university education he so desires Chidi eventually works as an apprentice for a greedy salesman who starves and mistreats him He runs away forced to live independently and even journey to far off America One day young Chidi returns to his birth village of Umueze as a self-made man respected by all and yet the balance of life continues to tip back and forth Stages of Life is arranged in endearing enlightening episodes punctuated by African folk wisdom customs and beliefs Chidi's life experiences are laid bare for all to see and to decide whether the stages of life are fair cruel strange or beautiful Chidi Udo is an amalgam of all the triumphs tragedies and traditions he has experienced as his life swings like a pendulum **Close-ups and Long Shots in Modern Chinese Cinemas** Hsiu-Chuang Deppman, 2020-10-31 Two of the most stylized shots in cinema the close up and the long shot embody distinct attractions The iconicity of the close up magnifies the affective power of faces and elevates film to the discourse of art The depth of the long shot in contrast indexes the facts of life and reinforces our faith in reality Each configures the relation between image and distance that expands the viewer's power to see feel and conceive To understand why a director prefers one type of shot over the other then is to explore more than aesthetics It uncovers significant assumptions about film as an art of intervention or organic representation Close ups and Long Shots in Modern Chinese Cinemas is the first book to compare these two shots within the cultural historical and cinematic traditions that

produced them In particular the global revival of Confucian studies and the transnational appeal of feminism in the 1980s marked a new turn in the composite cultural education of Chinese directors whose shot selections can be seen as not only stylistic expressions but ethical choices responding to established norms about self restraint ritualism propriety and female agency Each of the films discussed Zhang Yimou s Red Sorghum Ang Lee s Lust Caution Hou Hsiao hsien s The Assassin Jia Zhangke s I Wish I Knew and Wei Desheng s Cape No 7 represents a watershed in Chinese cinemas that redefines the evolving relations among film politics and ethics Together these works provide a comprehensive picture of how directors contextualize close ups and long shots in ways that make them interpretable across many films as bellwethers of social change

Age of Revolutions including the first sexual revolution In this era sexual toleration began and there was a marked increase in the discussion of morality extra marital sex pornography and same sex relationships in both print and visual culture media William Gibson and Joanne Begiato here consider the ways in which the Church of England dealt with sex and sexuality in this period Despite the backdrop of an increasingly secularising society religion continued to play a key role in politics family life and wider society and the eighteenth century Church was still therefore a considerable force especially in questions of morality This book integrates themes of gender and sexuality into a broader understanding of the Church of England in the eighteenth century It shows that rather than distancing itself from sex through diminishing teaching regulation and punishment the Church not only paid attention to it but its attitudes to sex and sexuality were at the core of society s reactions to the first sexual revolution **Fanny Burney** Henry Austin Dobson,2021-08-31 In Fanny Burney Henry Austin Dobson offers a meticulous examination of the life and works of this pivotal figure in 18th century literature Written with a blend of biographical detail and literary criticism Dobson s prose is elegantly crafted embodying the grace and attention to style that Burney herself exemplified The book delves into the social and cultural contexts of Burney s time revealing how her novels and diaries captured the complexities of female identity and societal expectations amidst the backdrop of a rapidly changing England often employing a witty and satirical style that resonates throughout her oeuvre Dobson a contemporary of the Victorian era and a scholar of considerable renown was deeply influenced by the literary traditions established by Burney His engagement with her works reflects a broader appreciation for the contributions of women writers whose voices were often marginalized Dobson s background in literature coupled with his own experiences and interests led to a profound exploration of Burney s significance highlighting her as a precursor to the feminist literary movement and as a critical voice in her own right This book is highly recommended for scholars students and anyone interested in the evolution of women s literature and its impact on society Dobson s insightful analysis not only enriches our understanding of Fanny Burney s contributions but also invites readers to reflect on the broader implications of her life and work in the literary canon

Eclectic Magazine, and Monthly Edition of the Living Age John Holmes Agnew,Walter Hilliard Bidwell,1862 *Eclectic Magazine* John Holmes Agnew,Walter Hilliard Bidwell, Henry T. Steele,1862 *Literary and Cultural Intersections during the Long Eighteenth Century* Marianna D'Ezio,2009-10-02 Culture and literature indeed intellectual life as a whole in eighteenth century Britain were characterized by complex internal tensions as well as influenced by the unprecedented atmosphere of major political cultural and social change which led to the revolutions at end of the century Furthermore the diffusion of periodicals and newspapers which formed the basis of public conversation in urban coffee houses functioned as a vehicle for the dispersion of works which publicly mirrored a private society in the process of transformation The focus on this change and the circulation of new ideas on taste and polite society as well as on culture and literature can be found in the continual intertwining between the public and the private spheres of society The aim of the first part of this collection of

original unpublished essays by young international scholars is to investigate the dynamics of these overlapping spheres through new readings of eighteenth century literary works which not only analysed the mechanisms of the private and public spheres but also highlighted some remarkable cultural features such as clothing and fashion gossip and gender issues As suggested by the title the second part of the collection will expand on the principal idea of intersections in eighteenth century English literature from the intersections linking the private and public spheres of British society to those between eighteenth century works within the British literary canon taking into account the influence of European thought The purpose of the second group of essays is thus that of offering fresh perspectives and a re evaluation of literary and cultural reciprocal exchanges in order to better locate or re locate canonical works and authors within the eighteenth century literary tradition The National Reformer ,1867
