Matej's Journey to America is a creative nonfiction chronicle exploring the forces that drove our immigrant ancestors to new lands After Adam and Eve's eviction from Eden man slowly scattered with a great dispersion occurring about 2700 BC as the Lord confounded the tongues of presumptuous Babylonians building a tower to heaven Among the afflicted was an Aryan slave named Chmelka who was growing hops chmel in the new Slavic language to flavor beer for his Semitic masters As the Slavs fled northward toward unknown Czech lands other tribes migrated in all directions According to The Book of Mormon the righteous Jared took a Semitic clan from Babel across the mountains deserts and oceans to a New World later named America Another Semitic clan that passed through Babylon 850 years later included a young Abraham destined to be the patriarch of Judaism Christianity and Islam He introduced the concept of a single God revered by all his religious descendants but despite their many commonalties each of these three great religions seem convinced it has the only correct formula for salvation justifying incredible atrocities with God always on its side The descendants of the first Chmelka struggled as great civilizations developed and fell through the turmoil and bloodshed of the Dark Ages Marco Polo awakened Europe in the late 13th century to the riches of the Far East giving rise to explorers like Christopher Columbus who stumbled onto the North American Continent in 1492 The Protestant Reformation began to divide the Holy Roman Empire at the time adding to the bloodshed as Austria Prussia and France fought for domination in Europe Meanwhile Spain England and France were colonizing and competing for control in the New World that was becoming home to an increasing number of European emigrants looking for a better life The American Colonies fought for independence and then began to absorb all lands from the Atlantic to the Pacific Thomas Jefferson purchased the immense Louisiana Territory from Napoleon in 1803 after which mountain men opened the West to homesteaders miners and ranchers My great great grandfather Matej was born as the Rocky Mountain fur trade boomed in 1825 and grew up on a 13 acre farm in Moravia where the Chmelkas had been serfs since Charlemagne was crowned the first Holy Roman Emperor a millennium earlier Matej became a Dragoon in the Austrian Imperial Army and helped put down a revolution in Prague in 1848 the year gold was discovered in California but war spread and life worsened for European peasants Gold homesteads and wild Texas longhorns free for the taking lured thousands of oppressed Europeans to America on steamships and railroads now making long distance travel feasible After Prussia defeated the Austrian Empire including Bohemia and Moravia and then France Matej's family escaped its misery and immigrated to Nebraska in 1871 They found a difficult life with grasshoppers drought hail and fires destroying crops spurring Matej's fourteen year old son to join a Texas cattle drive and then dodge Indians and gunfighters for fourteen years

in the Wild West New technologies in farm equipment transportation and communications made America the envy of the world in 1902 when Matej died and was buried near the prairie church he helped build Matej's Journey to America honors him and his fellow immigrants ordinary men and women generally lost in history for the legacies and opportunities they gave us in our great land of freedom

The Black Citizen-soldiers of Kansas, 1864-1901 Roger D. Cunningham, 2008 Whether slaves or free men African Americans were generally excluded from military service until Emancipation Many Americans know the story of the United States Colored Troops who broke racial barriers in Civil War combat and of the buffalo soldiers who served in the West after that conflict but African Americans also served in segregated militia units in twenty three states This book tells the story of

that experience in Kansas Roger Cunningham examines a lost history to show that in addition to black regulars hundreds of other black militiamen and volunteers from the Sunflower State provided military service from the Civil War until the dawn of the twentieth century He tells how African Americans initially filled segregated companies hurriedly organized to defend the state from the threat of Confederate invasion with some units ordered into battle around Kansas City Then after the state constitution was amended to admit blacks into the Kansas National Guard but its generals still refused to integrate blacks served in reserve militia and independent companies and in all black regiments that were raised for the Spanish American and Philippine wars Cunningham has researched service records African American newspapers and official correspondence to give voice to these citizen soldiers He shares stories of real people like William D Matthews a captain in the First Kansas Colored Infantry who was refused a commission when his regiment was mustered into the Union army Charles Grinstead who commanded the first black militia company after the Civil War and other unsung heroes More than a military history Cunningham s account records the quest of black men many of them former slaves for inclusion in American society Many came from the bottom of the socioeconomic order and found that as militiamen they could gain respect within their communities And by marching in public ceremonies and organizing fund raising activities to compensate for lack of financial support from the state they also strengthened the ties that bound African American communities together The Black Citizen Soldiers of Kansas 1864 1901 broadens the story of these volunteers beyond the buffalo soldiers telling how they served their state and country in both peace and war It opens a new chapter in history both for the state and for African Americans throughout the United States

Haunted Shawnee, Oklahoma Tanya McCoy,Jeff Provine,2020-09-14 Home to numerous tribal reservations that survived the land run that swept around them Shawnee stands at an intersection of worlds For travelers of the Wild West crossing over into Oklahoma Territory meant more than crossing a state line Stop for twenty minutes and see a man killed stagecoach

drivers warned visitors to Shawnee's treacherous saloons. The oil boom of the 1920s brought a wave of wealth that only encouraged nefarious activity. Shawnee's quiet present may belie its fevered past, but the spirits of former gunslingers, prostitutes, and everyday folk still live on. From strange sounds at the old Sacred Heart Mission to specters roaming the halls of the luxurious Aldridge Hotel, Tanya McCoy and Jeff Provine provide an introduction to Shawnee's haunted past. The Longhorn, 1904. Cowboy Richard W. Slatta, 2006. Here's a book as big and beautiful as the West itself, dedicated to the larger-than-life figure who symbolizes the American spirit. Whether the straight-shooting hero from a John Wayne movie or the lawless gunslinger spreading mayhem, the cowboy lassos the imagination and just won't let go. On these magnificently illustrated pages, cowboy life and legend, cowboys around the world, the cowboy's ranching roots, modern-day cowboys, cowboy food and fun, and the cowboy in film and popular culture. Quotations from Western poems, songs, and novels offer contemporary perspectives, as do the old-time posters and nostalgic advertisements. An astounding variety of photos show it all. There's also absorbing background on black cowboys, vaqueros, women who rode the range, and rodeos. Known as the Cowboy Professor, Richard W. Slatta, Ph.D., has earned numerous honors and awards. The International Who's Who of Intellectuals lists him as one of the Outstanding Writers of the 20th Century, as well as one of the Outstanding Intellectuals of the Twentieth Century. The American Library Association gave an Outstanding Reference award to his book. The Cowboy Encyclopedia. Slatta's *Cowboys of the Americas* received the Western Heritage Award for Nonfiction Literature. National Cowboy Hall of Fame. His many books include *Simon Bolivar's Quest for Glory* (co-authored with Jane Lucas De Grummond), *The Mythical West: An Encyclopedia of Legend, Lore, and Popular Culture*, and *Comparing Cowboys and Frontiers*. Oil Cities Henry Alexander Wiencek, 2024-05-07. How international oil companies navigated the local segregated landscape of north Louisiana in the first decades of the twentieth century. In 1904, prospectors discovered oil in the rural parishes of North Louisiana, just outside Shreveport. As rural cotton fields gave way to dense industrial centers of energy extraction, migrants from across the US and the world rushed to take a share of the boom. The resulting boomtowns, most notoriously Oil City, quickly gained a reputation for violence, drinking, and rough living. Meanwhile, North Louisiana's large Black population endured virulent white supremacy in the oil fields and the courtrooms, to earn a piece of the boom, including one Black woman who stood to become the wealthiest oil heiress in America. In *Oil Cities*, Henry Wiencek uncovers what life was like amidst the tent cities, saloons, and oil derricks of North Louisiana's oil boomtowns, tracing the local experiences of migrants, farmers, sex workers, and politicians as they navigated dizzying changes to their communities. This first historical monograph on the region's dramatic oil boom reveals a contested history in which the oil industry had to adapt its labor tools and investments to meet North Louisiana's unique economic, social, political, and environmental dynamics. **The Southwestern Historical Quarterly**, 1971. **Trailing the Longhorns**, 1974. In this book, Sue Flanagan focuses her camera skillfully on the three major cattle trails to capture the lasting spell cast by a land that is different from yesteryear yet the same.
