

The Longman Handbook of
**MODERN
EUROPEAN
HISTORY**
—1763-1991—

Second Edition

Chris Cook & John Stevenson

Longman Handbook Of European History 1763 1991

Albert John Walford

Longman Handbook Of European History 1763 1991:

A Short History of Europe Antony Alcock, 2016-01-20 Antony Alcock's *A Short History of Europe* offers a straightforward meticulously researched account one which provides the student with clear and detailed analysis. Future generations of undergraduates and postgraduates alike will have cause to be grateful for a stimulating introduction to a major area of European studies. J. E. Spence, Associate Fellow, Royal Institute of International Affairs. Alcock examines the historical development of Europe from the Greek city states through to the 1992 Maastricht Treaty on European integration. He also analyses the rise of Christianity, the contributions of the Roman and Byzantine Empires, the rivalry between the Papacy and Holy Roman Empire and the consequences for the rise of states, European domination of the world following the voyages of discovery, continental royal absolutism and British political liberty, the impacts of the French and Industrial Revolutions, the two world wars, the integration process since 1945 and the collapse of the Soviet Union.

The Longman Handbook of Modern European History, 1763-1991 Chris Cook, John Stevenson, 1987 [The Longman Handbook of Modern European History, 1763-1997](#) Chris Cook, John Stevenson, 1998 This 3rd edition of the Longman Handbook of Modern European History now includes full coverage of the events of the mid 1990s after the former Soviet Union broke up into its constituent parts.

Europe 1783-1914 William Simpson, Martin Jones, 2015-06-01 The third edition of *Europe 1783 1914* provides a comprehensive overview of Europe from the outbreak of the French Revolution to the origins of the First World War. William Simpson and Martin Jones combine accounts of the most important countries, notably France, Germany and Russia, with the wider political, economic, social and cultural developments affecting Europe as a whole. These include: A survey of Europe c. 1780, the social and economic background, forms of government and the Enlightenment. The impact of the French Revolution and Napoleon on Europe. The spread of nationalism, the 1848 Revolutions and the unification of Italy and Germany. Changes in the world of ideas, religious belief, romanticism and cultural achievements in art, literature and music. The age of imperialism, the expansion of Europe, Marxism and left wing movements, international relations 1870-1914. The reciprocal relationship between Europe and the United States. Europe in 1914, shifts in the intellectual climate through the works of Darwin and Freud, scientific discoveries and the impact of new technologies and changes in society and the position of women. Each chapter features a list of key dates, concise background information and suggestions for further reading as well as a concluding 'Topics for Debate' section which contains relevant contemporary sources and outlines the contrasting views of recent historians on the key issues. The suggestions for further reading have been updated in every chapter by the addition of relevant and significant new books published up to and including 2014. Extensively illustrated throughout with maps, contemporary cartoons and portraits. *Europe 1783 1914* is a clear, detailed and highly accessible analysis of this turbulent and formative period of European history.

The Longman Handbook of Modern European History, 1763-1991 Chris Cook, John Stevenson, 1992 This practical handbook gives students all the essential facts and figures they

will need for coursework on the last two centuries of modern European history *A History of the Gypsies of Eastern Europe and Russia* D. Crowe, 2016-04-30 David Crowe draws from previously untapped East European Russian and traditional sources to explore the life history and culture of the Gypsies or Roma from their entrance into the region in the Middle Ages until the present **The Longman Handbook of Modern European History, 1763-1985** Chris Cook, John Stevenson, 1987 **The Longman Handbook of Modern British History, 1714-1995** Chris Cook, John Stevenson, 1996 A thoroughly revised and updated edition of this comprehensive text What Happened Where Chris Cook, 2014-04-23 First published in 1997 This work aims to assemble within a concise volume a wide ranging guide to the places and events that have featured in twentieth century world history The book also sets out to provide the background information on the places behind the headlines Thus conflicts over territory or disputed boundary claims have been at the origin of many modern wars Hence this volume provides both teacher and student with concise and informative entries on the many hundreds of places of major historical significance **The Longman Handbook of Modern American History, 1763-1996** Chris Cook, David Waller, 1998 This brand new Handbook will be greatly welcomed by all those teaching and studying American history and politics and indeed by all those simply interested in American affairs It comes as a natural companion to the existing and now well established Handbooks of British and European history The book covers the period from the War of Independence to the present day and is aimed at providing the reader with a handy user friendly desktop companion on all major aspects of modern American history and politics It includes A section devoted to Political History This includes a detailed chronology of the main events information on the Constitution and subsequent amendments listings of all the presidents and major office holders notes on the legislature the judicature and the political parties The actual Constitution and the Bill of Rights are reproduced as appendices at the end of the text Chronologies backed up by key statistics on all the major themes in Social and Religious History Readers will find information on for example public health and social welfare black American history American Indians the women s movement pacifism and the anti war movement and the environment Key facts and figures in Economic History including sections on population immigration industry and trade agriculture and transport Detailed information on Foreign Affairs and Defence The authors have provided concise summaries of all the major wars and two chronologies one on the armed forces and a second on the Cold War nuclear rivalry and detente between 1942 and 1991 Supporting these main sections are over two hundred succinct Biographies of the key figures a remarkably comprehensive Glossary of Terms running to over sixty pages of text an extensive thematically arrange Topic Bibliography and six maps The book packs an immense amount of information into a convenient and accessible form and will be an invaluable resource for anyone for whom the study of American history is a preoccupation or a pleasure **International Who's Who of Authors and Writers 2004** Europa Publications, 2003 Accurate and reliable biographical information essential to anyone interested in the world of literature The International Who s Who of Authors and Writers offers invaluable information on the

personalities and organizations of the literary world including many up and coming writers as well as established names With over 8 000 entries this updated edition features Concise biographical information on novelists authors playwrights columnists journalists editors and critics Biographical details of established writers as well as those who have recently risen to prominence Entries detailing career works published literary awards and prizes membership and contact addresses where available An extensive listing of major international literary awards and prizes and winners of those prizes A directory of major literary organizations and literary agents A listing of members of the American Academy of Arts and Letters

The Battle for Britain Anthony J Cumming,2015-05-15 The Battle for Britain is a provocative reinterpretation of both British air and naval power from 1909 to 1940 Anthony Cumming challenges the view that the Battle of Britain was a decisive victory won solely by the Royal Air Force through independent airpower operations By re evaluating the early stage of the Mediterranean conflict and giving special emphasis to naval battles such as Calabria and Taranto Cumming argues that the Royal Navy played an equally important role in defeating Hitler s early advances buying critical time until the Americans could make a decisive contribution His argument holds that the RAF s role as an independent arm has been exaggerated and that contemporary strategists can learn from investing too much confidence in independent airpower

Race to the Front Kevin D. Stubbs,2002-09-30 When war broke out in Europe in 1914 nearly every combatant foresaw a short decisive conflict Experience would soon prove however that this belief was sorely misplaced Eventually excessive economic dislocations would topple every authoritarian regime Only the intervention of the United States would save the British and the French from collapse This book traces the trilateral struggle between the Entente the Central Powers and the United States to determine the outcome of the war Stubbs focuses on a few essential factors vital to understanding this three way race the acquisition of war materiel food human resources and the movement of each In an analysis of coalition strategies it is not enough to study the memoirs and memoranda of General Staffs or political figures engaged in war One must also examine the roles played by each population their industries economy means of transportation and the financial decisions that make such strategies possible In short the material foundations of war set the boundaries within which strategic maneuvers occur Ultimately the United States determined the outcome of the First World War not simply because it provided the last untapped reservoir of manpower but due to its overall economic contributions to the allied effort

70 Activities for Tutor Groups Peter Davies,2017-07-05 The pressure on contact time with students and the results required from it are constantly increasing which means that tutors have to be more and more creative in how they approach their work This book provides some solutions 70 Activities for Tutor Groups explores the many and varied ways in which tutors can provoke and encourage meaningful constructive and focused discussion among their students It takes the form of a classified and cross referenced manual of groupwork activities For ease of use each activity is presented in a common format In a nutshell Aims What is needed Time needed How it works Good example in action Diagram Advantages of this activity Potential problem s Main

learning outcome Variation The practical low tech approach taken by Peter Davies means that these activities which have all been trialled and are known to work can be used easily by all tutors at any level and in any subject If you are committed to improving the effectiveness of your work with groups you need look no further

French Society in Revolution, 1789-1799 David Andress, 1999-06-12 This study plots a narrative course through the French Revolution examining the elements behind the breakdown of the 18th century monarchic state It presents a picture of the tensions throughout the revolutionary decade

Envisioning Legality Timothy Peters, Karen Crawley, 2017-11-22 *Envisioning Legality* Law Culture and Representation is a path breaking collection of some of the world's leading cultural legal scholars addressing issues of law representation and the image Law is constituted in and through the representations that hold us in their thrall and this book focuses on the ways in which cultural legal representations not only reflect or contribute to an understanding of law but constitute the very fabric of legality itself As such each of these readings of cultural texts takes seriously the cultural as a mode of envisioning constituting and critiquing the law And the theoretically sophisticated approaches utilised here encompass more than simply an engagement with harmless entertainment Rather they enact and undertake specific political and critical engagements with timely issues such as the redressing of past wrongs recognising and combatting structural injustices and orienting our political communities in relation to uncertain futures *Envisioning Legality* thereby presents a cultural legal studies that provides the means for engaging in robust sustained and in depth encounters with the nature and role of law in a global mediated world

Reference Sources in History Ronald H. Fritze, Brian E. Coutts, Louis A. Vyhnanek, 2004-03-09 Fully annotated and completely updated the most comprehensive guide to reference books in the field of history *Reference Sources in History* catalogs atlases encyclopedias dictionaries handbooks sourcebooks bibliographies and chronologies and makes sense of it all Its broad scope and systematic organization make it an accessible reliable resource for experienced and inexperienced researchers alike Fully annotated and updated the new edition summarizes hundreds of reference works on every conceivable subject in history from ancient to modern from Afghanistan to Zimbabwe This edition also reflects the dramatic impact of the digital revolution on historical research by integrating a wide range of Internet and CD ROM sources *Reference Sources in History* is a time saving alternative to searching the reference stacks or getting lost in an online thicket of dubious historical websites

A History of Literary Criticism M. A. R. Habib, 2008-04-15 This comprehensive guide to the history of literary criticism from antiquity to the present day provides an authoritative overview of the major movements figures and texts of literary criticism as well as surveying their cultural historical and philosophical contexts Supplies the cultural historical and philosophical background to the literary criticism of each era Enables students to see the development of literary criticism in context Organised chronologically from classical literary criticism through to deconstruction Considers a wide range of thinkers and events from the French Revolution to Freud's views on civilization Can be used alongside any anthology of literary criticism or as a coherent stand alone

introduction A Short History of the Liberal Party, 1900-92 Chris Cook, 1993 This history of the British Liberal Party covers the period from 1900 to 1992 It ranges from the landslide Liberal victory of 1906 and the halcyon era of Edwardian Liberalism to the diversions and decline of the inter war years and the advent of the Liberal Democrats in the 1980s

Walford's Concise Guide to Reference Material Albert John Walford, 1992 This is a shortened version of the three volume Walford's Guide to Reference Material 5th edition Volume 1 Science and Technology 1989 Volume 2 Social and historical sciences philosophy and religion 1990 and Volume 3 Generalia language and literature the arts 1991 There are more than 3 000 entries forming an updated compilation of what are considered to be the basic items in the main volumes plus some more recent material up to April 1992
