Carol Reed Peter William Evans, 2019-01-04 Carol Reed is one of the truly outstanding directors of British cinema and one whose work is long overdue for reconsideration This major study ranges over Reed's entire career combining observation of general trends and patterns with detailed analysis of twenty films both acknowledged masterpieces and lesser known works Evans avoids a simplistic auteurist approach placing the films in their autobiographical socio-political and cultural contexts and relating these to the analysis of Reed's art The critical approach combines psychoanalysis gender theory and the analysis of form Archival research is also relied on to clarify Reed's relations with his creative team financial backers and others Films examined include *Bank Holiday* *A Girl Must Live* *Odd Man Out* *The Fallen Idol* *The Third Man* *Night Train to Munich* *The Way Ahead* *Outcast of the Islands* *Trapeze* and *Oliver* [Look Up at the Stars](#) Katie Cotton, 2022-10-04 This

Democracy and Political Culture Ross McKibbin, 2019-02-07 *Democracy and Political Culture Studies in Modern British History* attempts to give a total picture of the political social culture of Great Britain in the twentieth century To do so it chooses a number of particular subjects which nonetheless stand for this culture as a whole and which together allow us to reach a number of general conclusions about modern British history In this sense it is a successor to McKibbin's previous collection of essays *The Ideologies of Class* 1991 while it also takes up a number of the themes of his *Classes and Cultures* 1998 Above all it is a study of British democracy and asks the questions what does it mean to describe Britain as a democratic society and how might we measure it against other comparable societies To do so McKibbin has chosen not only more global subjects Britain's social structure and the sources of political authority the social and political effects of the first world war Britain's electoral and party system its literary culture its sporting culture and the relation of that culture to the rest of the world as well as to Britain itself and a comparison of Britain's political culture with one of the closest comparable societies Australia and what that tells us about Britain but also individual studies of three men very prominent in British life who in different ways both contributed to Britain's political culture and were also students of it J M Keynes an economist Harold Nicolson a politician and writer and A J Cronin a novelist All three represented British political culture in its broadest spectrum

Movie-Made Appalachia John C. Inscoe,2020-11-24 While Hollywood deserves its reputation for much maligned portrayals of southern highlanders on screen the film industry also deserves credit for a long standing tradition of more serious and meaningful depictions of Appalachia s people Surveying some two dozen films and the literary and historical sources from which they were adapted John C Inscoe argues that in the American imagination Appalachia has long represented far more than deprived and depraved hillbillies Rather the films he highlights serve as effective conduits into the region s past some grounded firmly in documented realities and life stories others only loosely so In either case they deserve more credit than they have received for creating sympathetic and often complex characters who interact within families households and communities amidst a wide array of historical contingencies They provide credible and informative narratives that respect the specifics of the times and places in which they are set Having used many of these movies as teaching tools in college classrooms Inscoe demonstrates the cumulative effect of analyzing them in terms of shared themes and topics to convey far more generous insights into Appalachia and its history than one would have expected to emerge from southern California s dream factory
