The 3rd edition includes new chapters on pre-delivery security, security over shares, and on the increasingly important topic of ship leasing as a method of finance. It is written against the background of and has regard to ever-increasing sanctions affecting shipping and ship finance, as well as the continued regulatory and industry-driven push towards reduction of emissions IMO 2020 and IMO 2050. Written primarily with practitioners in mind, *The Law of Ship Mortgages* will continue to be extremely useful to legal professionals, especially in common law jurisdictions involved in international ship finance or ship mortgage enforcement.
