Anyoha, 2017-08-09 Led to believe that unlocking its power was their only hope of ending a seemingly endless interplanetary race war five girls with extraordinary powers accepted a mission to find the Zeal Orb After two years they have nearly reached their destination Suddenly however they are ambushed and twelve year old Jadeleve is separated from the group Due to a hard blow to her head Jadeleve cannot recall what happened to her or her comrades or even what her enemy looked like After waking up alone in the middle of a jungle with no resources she is forced to use all her skills in order to claw her way back to civilization find her friends and uncover their attackers true motives With her physical abilities already tested to their limits Jadeleve must rely on her mental reserves not only to combat their elusive enemy but to overcome an internal struggle As she grows more doubtful that the Zeal Orb exists and starts to wonder if her efforts to end the war are futile Jadeleve has no choice but to consider the following implications that she was deceived and worse that she is powerless **Lucky Seed** Justinian Huang, 2025-11-11 Succession meets Crazy Rich Asians in this chaotic darkly funny romp about the lengths a wealthy family will take to ensure the birth of a male heir from the gay black sheep of their clan An intergenerational family saga inspired by the author s own fatherhood journey as his real life family s mandatory suggestion The billionaire Sun Clan of Greater Los Angeles is your typical American family with power struggling aunties emasculated uncles scheming cousins scandalous secrets and a fortune teller on retainer But at the end of each combative day the Suns are chained together with golden handcuffs whether they like it or not Yet strange storms are brewing Their matriarch Roses Sun is grappling with an existential crisis she must produce a male heir that bears the clan s surname She fears that if her generation is the one in which their esteemed lineage ends they will be punished as hungry ghosts in the afterlife an ancient but very real Asian superstition Faced with this terrifying fate Roses summons her favorite nephew Wayward Believing him to possess the lucky seed Roses presents Wayward with a mandatory suggestion to father a baby boy who will inherit everything When the other members of the Sun Clan catch wind of Roses s plot all hells break loose Wayward s family

will now clash like never before in an epic war over the future of the Suns if there is a future at all Yet through the chaos Wayward sees opportunity What if he can leverage all the conflict into a solution for his problematic family What if he can reunite the Sun Clan by healing them And what if the tumultuous Suns can finally learn how to love each other for the first time

timely case for correctional health care that is humane for those incarcerated and beneficial to the communities they reenter. These authors offer affirmative recommendations toward that evolutionary step. Chapter authors identify the most compelling health problems behind bars including communicable disease, mental illness, addiction, and suicide; pinpoint systemic barriers to care; and explain how correctional medicine can shift from emergency or crisis care to primary care and prevention. In addition, strategies are outlined that link community health resources to correctional facilities so that prisoners can transition to the community without unnecessarily taxing public resources or falling through the cracks. Between the authors' research findings and practical suggestions, readers will find realistic answers to these and similar questions: Can transmission of HIV, tuberculosis, and other communicable diseases be reduced and prevented among prisoners? How can correctional facilities treat addiction more effectively? What can be done to improve diagnosis and treatment of psychiatric disorders? Can correctional care benefit from quality management and performance measurement? How can care be coordinated between correctional and community health care providers? What are the health risks to communities if action is not taken? *Public Health Behind Bars: From Prisons to Communities* is a challenge of immediate interest to readers in correctional health and medicine, public and community health, health care administration and policy, and civil rights.
