 Bears Know* Steve Searles,Chris Erskine,2023-10-03 The incredible story of how one man went from a hired hunter to
 becoming one of America s top champions for this iconic animal A Los Angeles Times and USA Today Bestseller In this
 wonderous and eye opening exploration Steve Searles the reknown and respected Bear Whisperer of Mammoth Lakes takes
 the reader on a journey into the lives of these remarkable creatures and the world we share In the late 1990s the town of
 Mammoth Lakes California hired Steve Searles as a hunter to cull half its troublesome bear population But as he began to
 prepare for the grim task the bears soon won him over and Searles realized there had to be a better way He soon developed
 non lethal tactics to control their behavior and overpopulation that heralded a landmark moment in the care and handling of
 the American black bear But change was not without its challenges To some his success was dismissed due to his lack of
 formal academic training Yet Searles never wavered in his commitment and eventually became not just local folk hero but a
 nationally recognized expert This high school dropout saved not just the bears but in many ways his community In a tradition
 that runs from John Muir to Bear Grylls Searles finds a fellowship with nature and a deeper meaning in the world of bears Do
 bears understand things we don t Are they dialed in to some greater natural force Unlike us bears waste little time on
 unreasonable fears Bears are fully in the moment They have an inner peace that seems to offset their power and strength
 That may explain why no other animal on the planet is as revered as the bear As Searles shares his remarkable knowledge
 and we become immersed in the ursine world you ll never look at bears or nature the same way again Warm and poignant
 and perfect for anyone who has been fascinated by the natural world *What the Bears Know* shows that wisdom and
 fulfillment can come from unexpected places
