From 2000 to 1887 book has a beautiful glossy cover and a blank page for the dedication Living as we do in the closing year of the twentieth century enjoying the blessings of a social order at once so simple and logical that it seems but the triumph of common sense it is no doubt difficult for those whose studies have not been largely historical to realize that the present organization of society is in its completeness less than a century old No historical fact is however better established than that till nearly the end of the nineteenth century it was the general belief that the ancient industrial system with all its shocking social consequences was destined to last with possibly a little patching to the end of time How strange and wellnigh incredible does it seem that so prodigious a moral and material transformation as has taken place since then could have been accomplished in so brief an interval The readiness with which men accustom themselves as matters of course to improvements in their condition which when anticipated seemed to leave nothing more to be desired could not be more

strikingly illustrated What reflection could be better calculated to moderate the enthusiasm of reformers who count for their reward on the lively gratitude of future ages Author Looking Backwards Edward Bellamy,2017-05-24 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *Looking Backward, 2000-1887 - Primary Source Edition* Edward Bellamy,2014-03 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book **Looking Backward, 2000-1887** Edward Bellamy,2014-08-26 A masterwork of science fiction that imagines the world not just how it could be but how it should be In Boston in the year 1887 Julian West is hypnotized and falls into a deep sleep He awakens at the dawn of a new millennium in an America where war crime and inequality no longer exist In this brave new world goods are delivered in the blink of an eye public kitchens ensure that no one goes hungry and the retirement age is forty five It sounds too good to be true but Julian soon learns that this socialist utopia is not the stuff of dreams it is a carefully planned wondrously liberating reality One of the bestselling American novels of the nineteenth century Looking Backward launched a vibrant political movement and sparked an enormous amount of debate Today it stands as an enduring testament to the power of imagination and the best of human nature This ebook has been professionally proofread to ensure accuracy and readability on all devices **Looking Backward** Edward Bellamy,1926 **Looking Backwards** Wilmon Brewer,1985 *Looking Backward from 2000 to 1887* Edward Bellamy,2022-09-17 Reproduction of the original *Looking Backwards - Scholar's Choice Edition* Edward Bellamy,2015-02-16 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or
