Looking Forward The George Bush Story:

The Fall of the House of Bush Craig Unger, 2007-11-13 The presidency of George W Bush has led to the worst foreign policy decision in the history of the United States the bloody unwinnable war in Iraq How did this happen Bush's fateful decision was rooted in events that began decades ago and until now this story has never been fully told From Craig Unger the author of the bestseller *House of Bush* *House of Saud* comes a comprehensive deeply sourced and chilling account of the secret relationship between neoconservative policy makers and the Christian Right and how they assaulted the most vital safeguards of America's constitutional democracy while pushing the country into the catastrophic quagmire in the Middle East that is getting worse day by day Among the powerful revelations in this book Why George W Bush ignored the sage advice of his father George H W Bush and took America into war How Bush was convinced he was doing God's will How Vice President Dick Cheney manipulated George W Bush disabled his enemies within the administration and relentlessly pressed for an attack on Iraq Which veteran government official with the assent of the president's father protested passionately that the Bush administration was making a catastrophic mistake and was ignored How information from forged documents that had already been discredited fourteen times by various intelligence agencies found its way into President Bush's State of the Union address in which he made the case for war with Iraq How Cheney and the neocons assembled a shadow national security apparatus and created a disinformation pipeline to mislead America and start the war A seasoned award winning investigative reporter connected to many back channel political and intelligence sources Craig Unger knows how to get the big story and this one is his most explosive yet Through scores of interviews with figures in the Christian Right the neoconservative movement the Bush administration and sources close to the Bush family as well as intelligence agents in the CIA the Pentagon and Israel Unger shows how the Bush administration's certainty that it could bend history to its will has carried America into the disastrous war in Iraq dooming Bush's presidency to failure and costing America thousands of lives and trillions of dollars Far from ensuring our security the Iraq War will be seen as a great strategic pivot point in history that could ignite wider war in the Middle East particularly in Iran Provocative timely and disturbing *The Fall of the House of Bush* stands as the most comprehensive and dramatic account of how and why George W Bush took America to war in Iraq

House of Bush, House of Saud Craig Unger, 2004-03-19 Newsbreaking and controversial an award winning investigative journalist uncovers the thirty year relationship between the Bush family and the House of Saud and explains its impact on American foreign policy business and national security *House of Bush House of Saud* begins with a politically explosive question How is it that two days after 9 11 when U S air traffic was tightly restricted 140 Saudis many immediate kin to Osama Bin Laden were permitted to leave the country without being questioned by U S intelligence The answer lies in a hidden relationship that began in the 1970s when the oil rich House of Saud began courting American politicians in a bid for military protection influence and investment opportunity With the Bush family the Saudis hit a gusher direct access to

presidents Reagan George H W Bush and George W Bush To trace the amazing weave of Saud Bush connections Unger interviewed three former directors of the CIA top Saudi and Israeli intelligence officials and more than one hundred other sources His access to major players is unparalleled and often exclusive including executives at the Carlyle Group the giant investment firm where the House of Bush and the House of Saud each has a major stake Like Bob Woodward s *The Veil* Unger s *House of Bush House of Saud* features unprecedented reportage like Michael Moore s *Dude Where s My Country* Unger s book offers a political counter narrative to official explanations this deeply sourced account has already been cited by Senators Hillary Rodham Clinton and Charles Schumer and sets 9 11 the two Gulf Wars and the ongoing Middle East crisis in a new context What really happened when America s most powerful political family became seduced by its Saudi counterparts

Mangum, Jack Walsh, 2015-04-29 The essays in this volume examine the historic and present day role of the internal critics of the postwar regimes in Eastern Europe who whatever their intentions used Marxism as critique to demolish Marxism as ideocracy but did not succeed in replacing it Family of Secrets Russ Baker, 2010-05-01 Shocking in its disclosures elegantly crafted and faultlessly measured in its judgments Roger Morris author of *Richard Milhous Nixon and Partners in Power* How did the deeply flawed George W Bush ascend to the highest office in the nation what forces abetted his rise and perhaps most important were those forces really vanquished by Obama s election Award winning investigative journalist Russ Baker gives us the answers in *Family of Secrets* a compelling and startling new take on the Bush dynasty and the shadowy elite that has quietly steered the American republic for the past half century and more Baker shows how this network of figures in intelligence the military oil and finance enabled and in turn benefited handsomely from the Bushes perch at the highest levels of government As Baker reveals this deeply entrenched elite remains in power regardless of who sits in the Oval Office *Family of Secrets* offers countless disclosures that challenge the conventional accounts of such central events as the JFK assassination and Watergate It includes an inside account of George W s cynical religious conversion and the untold real background to the disastrous response to Hurricane Katrina Baker s narrative is gripping sobering and deeply sourced It will change the way we understand not just the Bush years but a half century of postwar history and the present **Emerging from the Shadows** Richard M. Yon, 2024-02-01 Although once derided as an insignificant office the vice presidency in the last forty years has witnessed an increase in stature prominence and influence *Emerging from the Shadows* focuses on explaining variation in vice presidential influence over time with an assumption that all vice presidents in the modern era have the capacity to exercise influence This study is the

first of its kind to ascertain the true nature of vice presidential influence and the consequences of changing interpersonal situational institutional and electoral dynamics on that influence using in depth interviews and archival research These four dynamics as Richard M Yon demonstrates provide a model by which to understand the fluidity of vice presidential influence which in turn enables more precise analysis of the vice presidencies of Nelson Rockefeller Walter Mondale George H W Bush Dan Quayle Al Gore Dick Cheney and Joe Biden

Interrogating the Visual Culture of Trumpism Grant

Hamming,Natalie E. Phillips,2024-08-26 Bringing together scholars from art history visual studies and related disciplines this edited volume asks why Trumpism looks the way it does and what that look means for American and global society Grouped into six categories the essays in this volume tackle some of the most perplexing and urgent aspects of the Trumpist visual project Two of the most striking aspects of that project are its use of novel commodity forms including the iconic red baseball caps as well as its embrace of social media Trump s outlandish persona and striking physicality have lent themselves to caricature both from his critics and perhaps more surprisingly his supporters That physicality as well as his movement s hearkening back to a mostly imagined era of mid twentieth century prosperity has also brought gender and the body into sharp focus Perhaps second only to the aforementioned red hat is Trumpism s vigorous use of interventions into public space including traditional campaign signs as well as flags and other ad hoc visual and architectural materials Finally there were the events of January 6 2021 when many of Trumpism s most outr visual and cultural preoccupations exploded from the shadows onto television screens across the country Taken as a whole the essays in this book examine Trumpist visuality from the seemingly trivial to the starkly horrifying as well as offering a measured sense of the various resistances and responses that have characterized artistic responses to Trump from the beginning of his prominence The book will be of interest to scholars working in art history visual culture American studies and cultural and media studies

Edward M. Kennedy: An Oral History Barbara A. Perry,2019-01-18 For Kennedy devotees as well as readers unfamiliar with the lion of the Senate this book presents the compelling story of Edward Kennedy s unexpected rise to become one of the most consequential legislators in American history and a passionate defender of progressive values achieving legislative compromises across the partisan divide What distinguishes Edward Kennedy An Oral History is the nuanced detail that emerges from the senator s never before published complete descriptions of his life and work placed alongside the observations of his friends family and associates The senator s twenty released interviews reveal in his own voice the stories of Kennedy triumph and tragedy from the Oval Office to the waters of Chappaquiddick Spanning the presidencies of JFK to Barack Obama Edward Kennedy was an iconic player in American political life the youngest sibling of America s most powerful dynasty he candidly addresses this role his legislative accomplishments and failures his unsuccessful run for the White House his impact on the Supreme Court his observations on Washington gridlock and his personal faults The interviews and introductions to them create an unsurpassed and illuminating volume Gathered as part of the massive Edward Kennedy Oral History Project conducted by

the University of Virginia's Miller Center the senator's interviews allow readers to see how oral history can evolve over a three year period drawing out additional details as the interviewee becomes increasingly comfortable with the process and the interviewer Yet given the Kennedys well known penchant for image creation what the senator doesn't say or how he says what he chooses to include is often more revealing than a simple declarative statement
