Lopoponax Roman:

Opoponax Monique Wittig,1966 *Lectures on Roman Husbandry, delivered before the University of Oxford; comprehending such an account of the system of agriculture, the treatment of domestic animals, the horticulture &c., pursued in ancient times, as may be collected from the Scriptores rei rusticæ ... With notices of the plants mentioned in Columella and Virgil* Charles Daubeney,1857 Lectures on Roman Husbandry Charles Daubeney,1857 **The Elements of materia medica and therapeutics v.2, 1854** Jonathan Pereira,1854 **Beautiful War** James Douglas Davis,2010

Beautiful War explores the interdependent political linguistic and erotic registers of lesbian feminism in Monique Wittig's novels querying in particular how they function collectively to destabilize male hegemony and heterosexism Beginning with the assertion that Wittig expressly dismantles the Classical veneration of la belle femme in order to create an agent more capable of social change la femme belliqueuse the author traces the permutations of violence through her four novels L Opoponax Les Gu rill res Le Corps Lesbien and Virgile Non and examines the relevance of brutality to Wittig's feminist agenda Drawing on literary criticism intellectual and political history queer theory and feminist theory in his readings of the primary texts the author argues that Wittig's oeuvre constitutes a progressive textual actualization of paradigm shifts toward gender parity and a permanent banishment of the primacy of male and heterosexist political and sexual discourse A

Groom,2012-12-06

In 1948 I was posted as a Political Officer to a remote part of south west Arabia on the edge of the great desert called the Empty Quarter In valleys made fertile by seasonal flood waters lay the remains of an ancient civilization I found inscriptions and the ruin sites of towns palaces and temples Almost buried under the sand dunes were the tumbled walls of a great city From here two thousand years before huge camel caravans had trudged their way along 1600 miles of burning sand and rocks to Petra and Gaza burdened with a most precious cargo frankincense myrrh and other perfume materials for the courts temples and perfume shops of Rome My book Frankincense and Myrrh delved into the details of this romantic trade and led

to a broader interest in the perfumes of ancient times Then researching on behalf of a perfume house into the Arab contribution to perfumery I came across the collection of perfume recipes assembled by the Arab philosopher scientist Yaqub al Kindi which have never been translated into English some which I have translated myself are now included in an appendix to this book I realized that in that work I had found key evidence to demonstrate how the medieval Arab perfume makers had been the bridge in perfume history between ancient and modern times Perfumery could now be seen as an art with a continuous history of development since the dawn of civilization
