Managing Special Needs:

Managing Special Educational Needs Suanne Gibson, Sonia Blandford, 2005-04-18 This is a most worthwhile book which contributes significantly to the general body of knowledge on managing pupils with special education needs I found it interesting and informative Schools cannot but benefit from the book's scope and from insights into the many and varied aspects on SEN provision REACH A particular strength of the book is the way in which individual chapters provided self-contained material which lends itself for use in school based staff development activities The book includes a lot of information that SENCOs inclusion managers and members of school leadership teams should find useful SENCO Update The strongest point about this book is that it gives a good overview of the history of special educational needs policy in this country including recent development on inclusion TES Extra Special Needs It is a very practical account and should be a handbook for any newly appointed SENCO while for experienced SENCOs and organisations where inclusion is not an issue this book is a reminder of good practice Special Written from a practitioner's perspective this book shows schools how to effectively implement and manage an inclusive school environment Drawing from their experience in a range of schools the authors highlight the problems encountered by professionals in both primary and secondary school settings and offer practical solutions and advice The book offers guidance on the role of the SENCO as a teacher and manager government policy and legislation self evaluation good practice and monitoring how to relate SEN to school targets and development plans Primary and secondary school teachers headteachers student teachers SENCOs LEA Advisers and professionals involved in the management of Special Educational Needs in schools will find the practical support offered in this book invaluable

Managing Special Needs in Mainstream Schools John Dwyfor Davies, Philip Garner, John Lee, 2018-09-03 First published in 1998 The wide ranging perspectives in this book will help key personnel in primary schools to manage the implantation of the 1993 Education Act and the Code of Practice on the Identification and Assessment of Special Educational Needs more effectively Governors and headteachers comment on the management of resources and on interaction with parents and others outside the school Researchers and academics provide an analysis of the impact and legal implications of the Code of Practice on primary schools SENCOs offer insights into the development of whole school and classroom practice commenting on the practicalities of implementing the philosophy behind the Code of Practice
