Life is full of challenges and decisions that could affect the rest of your life One small decision could cost you a friendship or bring you closer together Find out who s decisions made their lives harder and what they did to change it Jason s life was perfect He had more great friends than anyone could ask for he had a wonderful family that believed in him a brother who stood by his side at all times and a girlfriend who loved him No one could ask for anything more That is until fate takes a turn for the worst and flips his world up side down again Will he be able to handle the shock or will it tear his entire family to pieces There s only one way to find out *Fostering Healing and Growth* Joyce Edward,Jean Sanville,1996-06-01

Wherever contemporary therapists offer treatment whether in social agencies or clinics in outpatient or inpatient services or even in private practice they are likely to find themselves increasingly working with people whose histories are characterized by deprivation and repeated trauma experiences that have left them feeling damaged often short of basic trust in others and lacking confidence in themselves These people have tended to be seen as beyond the pale for psychoanalytically oriented treatment The contributors to this volume would disabuse us of such a prejudiced opinion They proceed to demonstrate the enormous value of psychodynamic perspectives with a varied clientele many of whom in the past might have been deemed untreatable And they do this by sharing with readers the stories of their attempts to work with persons of diverse cultural ethnic and racial groups who come with complaints that point to severe psychopathologies In each of the twenty three stories we are afforded a glimpse of the two actors in the drama as they meet and size up one another negotiate and renegotiate their agreement to collaborate work through and play through the shifting positive and negative transferences and countertransferences toward a working relationship experience both frustrations and triumphs as they persevere in attempts to promote healing and growth These are exciting narratives documenting the ethic that underlies the psychoanalytic vision and the animation that it affords both participants Telling Memories Among Southern Women Susan Tucker,2002-04-01

In *Telling Memories Among Southern Women* Susan Tucker presents a revealing collection of oral history narratives that explore the complex sometimes enigmatic bond between black female domestic workers and their white employers from the turn of the twentieth century to the civil rights revolution of the 1960s Based on interviews with forty two women of both races from the Deep South these narratives express the full range of human emotions and successfully convey the ties that united and the tensions and conflicts that separated these two mutually dependent groups of women The New Monthly Magazine and Universal Register ,1847 **ELIZABETH GASKELL Ultimate Collection: 10 Novels & 40+ Short Stories (Including Poetry, Essays & Biographies)** Elizabeth Gaskell,2017-12-09

Margaret's Hope Jewell Mitchell,2024-11-22 Returning home to the small seaside community of Lockeport Nova Scotia after several years away in teacher s college Margaret Conrad thought she knew what to expect Although she is certainly no longer the shy broken hearted girl she d once been her hometown hasn t changed in generations Lockeport in 1907 is still as predictable as the tides What she hadn t counted on though is that her first and only love Joseph Locke has returned as well and she certainly didn t expect that he d love her still Unlike most of the local men whose livelihoods were made out on the waves Joseph didn t come from a family of fishermen In a way this only added to his appeal She s always held a reverence for the ocean and its bounty Yet it s brought her a healthy dose of fear as well Local men are lost every season due to the mighty ocean s fickle nature as they struggle to pull that bounty from its depths Adrift now Margaret is caught between the swirling eddies of life s uncertainty and the draw of long forgotten dreams She must decide if she will hold fast and true to the rewarding but solitary course she s so painstakingly charted for herself or give in to the inexorable riptide of her heart s demands
