Margo Veillon Egyptian Festivals:

Egyptian Festivals Margo Veillon, 2002 Margo Veillon one of Egypt's best known and best loved artists returns to enchant us again with a collection of paintings and drawings depicting the festivals of Egypt. The cycle of Egyptian life is marked by festivals and celebrations: those for births, weddings, saints' mulids, national holidays and closing the circle: funerals. Margo Veillon draws us in to the joy, exuberance and occasional sorrow that mark the seasons of Egyptian festivals. This remarkable collection of images fills the viewer with the music and dance that punctuate these events and allows us to participate vicariously through the pages in a swirl of colors, smells, sounds and exultation. Margo Veillon Margo Veillon, 2003 Margo Veillon one of Egypt's best loved artists here presents a sampling of her work from throughout her career as represented in a legacy bequeathed to the American University in Cairo. The collection includes work from across the decades of her career as well as across a variety of media. Although Margo has lived part of her life in Europe, it is clearly Egypt that has held her imagination in all these long years of artistic innovation. One strand of her work is characterized by an ability to capture and depict the energy of a specific moment in time: be it a toss of wheat in the air to separate the chaff, the stoic bride in a wedding procession or a horse dancing in a tent at a mulid. The stones, sands and constantly changing light of the desert have been the inspiration for many years for another major line of artistic expression. And a third strand has been her exploration of all that can be seen, not seen and sensed in one place in her remarkable series of *Global Perspectives*. These threads and others, no less individual and innovative, make up the extraordinarily rich tapestry of Margo Veillon's artistic career as brought together in the AUC Permanent Collection. **Margo Veillon : Witness Of A Century** Bruno Ronfard, 2007 Margo Veillon one of Egypt's best known and best loved artists was born in Cairo in 1907 to a Swiss father and an Austrian mother and died in the same city in 2003. For most of her 96 years she painted and drew Egypt from north to south, from countryside to city as well as Paris, London and other parts of the world. As a witness to a century of enormous change in Egypt as much as elsewhere, she produced a huge, rich and varied body of work that includes work from across the decades of her career as well as across a variety of media. Although Margo lived part of her life in Europe, it was clearly Egypt that held her imagination through all those long years of artistic innovation. One strand of her work is characterized by an ability to capture and depict the energy of a specific moment in time: be it a toss of wheat in the air to separate the chaff, the stoic bride in a wedding procession or a horse dancing in a tent at a mulid. The stones, sands and constantly changing light of the desert were the inspiration for many years for another major line of artistic expression. And a third strand was her exploration of all that can be seen, not seen and sensed in one place in her remarkable series of *Global Perspectives*. These threads and others, no less individual and innovative, make up the extraordinarily rich tapestry of Margo Veillon's artistic career over nearly one hundred years. *Nubia* Margo Veillon, 2004 From 1964 onward, much of the ancient land of Nubia sank forever in the waters of Lake Nasser behind the new Aswan High Dam. Margo Veillon had been fascinated by the vibrancy, color and

movement of the life of ordinary people in Nubia since the 1930s In the company of friends and fellow artists she made numerous extended visits to capture in her artwork a lifestyle that has now vanished This book is a record of her journeys Presenting the Nile as this beautiful land s thoroughfare her drawings and photographs reflect the impact of this world upon her Veillon s diaries notes and pictures vividly illuminate one of the world s most visually oriented cultures in a style that is as expressive as its subject thus offering not only an image captured at a particular moment in time never to be seen again but the sensitivity and skill of brain eye and hand that made that capture possible Margo Veillon was born in Cairo in 1907 the daughter of a Swiss businessman and his Austrian wife She spent much of her artistic career capturing the verve and movement of daily life in Egypt and since 1936 the world of Upper Egypt and Nubia She died in 2003 **Choice** ,2007
