Marieluise Fleiber Text Kritik:

TEXT + KRITIK 64 - Marieluise Fleißer Frank Gustav, 2025-10-01 Die bedeutendste Autorin des 20. Jahrhunderts ist Marieluise Fleißer, die keinen Nobelpreis bekommen durfte, da ich ihn ja gar nicht annehmen. Elfriede Jelinek: Das neue Heft zu Marieluise Fleißer 1901-1974 nimmt ihren 50. Todestag und ihren 125. Geburtstag zum Anlass, eine unverwechselbare Stimme in der Literatur des mittleren 20. Jahrhunderts neu zu vernehmen. Der Band will die Aufmerksamkeit zum einen auf bislang weniger beachtete Werke und zum anderen auf neue Aspekte bekannter Texte lenken. In den Blick kommt so das Gesamtwerk nun auch in seinen medialen Kontexten: Buch, Zeitschrift, Hörfunk und Film. Über die bislang meistdiskutierten Arbeiten der 1920er Jahre hinaus richtet sich dieser Blick zudem auf Projekte aus dem Nachlass. Damit verbindet sich erstmals die Frage nach Kontinuität und Veränderungen im Leben sowie die Frage nach dem Ort Fleißers im literarischen und kulturgeschichtlichen Prozess. Dazu gehört auch die Aneignung und Selbstkanonisierung seit den 1960er Jahren, die in den gesammelten Werken im Suhrkamp Verlag kulminiert. Im Mittelpunkt der bereits 1962 gegründeten Zeitschrift für Literatur **TEXT KRITIK** stehen Autorinnen und Autoren sowie aktuelle Themen der deutschsprachigen Literatur vor allem der Gegenwart, aber auch der Literaturgeschichte. Die Spannweite reicht von Martin Luther über Juli Zeh bis hin zu Mangas, Comics und Graphic Novels und zu Fragen digitaler Literatur und künstlicher Intelligenz. **TEXT KRITIK** vermittelt Literatur mit Analysen und kritischen Essays. Lust auf Lektüre und richtet sich an alle, die an literarischen Fragen interessiert sind und sich mit Literatur beschäftigen. Die Herausgebenden und Beitragenden der Reihe sind ausgewiesene Fachleute aus Wissenschaft, Journalismus und Kulturvermittlung sowie die Autorinnen und Autoren selbst.

The Feminist Encyclopedia of German Literature Friederike Eigler, Susanne Kord, 1997-02-28 Today a multiplicity of feminist approaches has become an integral part of the fields of German literary and cultural studies. This comprehensive reference provides a much needed synthesis of the contribution women have made to German literature and culture. In entries for more than 500 topics, the volume surveys literary periods, epochs and genres, critical approaches and theories, important authors and works, female stereotypes, laws and historical developments, literary concepts and themes, and organizations and archives relevant to women and women's studies. Each entry offers a concise identification of the term, a discussion of its significance, and a bibliography of works for further reading. Today a multiplicity of feminist approaches has become an integral part of the fields of German literary and cultural studies. While biographical works on women writers exist, this is the first reference to synthesize the wealth of feminist scholarship in German studies. While existing reference works focus exclusively on women authors, this volume contains numerous topical entries and covers the role of women in German literature and culture from the Middle Ages to the present day. Included are alphabetically arranged entries on more than 500 topics. While some entries are provided for important women writers and other individuals, the bulk of the volume provides information on literary periods, epochs and genres, critical approaches and theories, female stereotypes, laws and historical developments, literary

concepts and themes and organizations and archives relevant to women and women's studies Each entry includes a brief identification of the subject a discussion of feminist thought on the topic and a brief bibliography Entries are written by numerous contributors and reflect a range of critical theoretical approaches

Women Writers in German-Speaking Countries Elke P. Frederiksen, Elizabeth G. Ametsbichler, 1998-02-28 Women have contributed to the literature of German speaking countries since the Middle Ages and they continue to write important works at the close of the 20th century While research on texts by women writers in German speaking countries has increased substantially most of these authors remain virtually unknown to English speaking scholars and students The first work of its kind in English this reference book contains alphabetically arranged entries for 54 Austrian German and Swiss women writers such as Hrotsvit von Gandersheim Louise Aston Elfriede Jelinek and Erica Pedretti from the tenth century to the present day Each entry includes a biography a discussion of major themes a survey of criticism and a bibliography of primary and secondary sources An introductory essay overviews the history of literature by women in German speaking countries and an extensive bibliography concludes the volume Women have actively shaped literature in German speaking countries from the Middle Ages to the present day These authors continue to enrich the world of letters and an increasing amount of scholarly attention is given to their writings In spite of their contributions however most of these writers are virtually unknown to English speaking scholars and students And though one of the explicit goals of feminist literary and cultural studies has been to provide a voice to a multitude of diverse authors feminist research still seems to focus heavily on texts by authors such as Christa Wolf Ingeborg Bachmann and Bettina von Arnim or on certain periods in 19th and 20th century German literature and culture As a result many other women authors have faded into obscurity Through entries written by expert contributors this reference book provides insights into the life and writings of 54 women authors from German speaking countries Entries are arranged alphabetically to facilitate use while an appendix lists the writers chronologically Included are profiles of authors from the tenth century to the present day such as Hrotsvit von Gandersheim Louise Aston Elfriede Jelinek and Erica Pedretti Each entry includes a biography a discussion of major themes and stylistic features a survey of criticism and a bibliography of primary and secondary sources An introductory essay overviews the history of literature by women in German speaking countries and provides a theoretical context for the work and an extensive bibliography of secondary sources concludes the volume
