reality fact fiction and gossip have become only more intertwined there is still no agreement about such fundamental questions as Marilyn's given name the identity of her father whether she was molested as a child and how and why she died The Many Lives of Marilyn Monroe reviews the unreliable and unverifiable but highly significant stories that have framed the greatest Hollywood legend All the while cultural critic Sarah Churchwell reveals us to ourselves our conflicted views on women our tormented sexual attitudes our ambivalence about success our fascination with self destruction In incisive and passionate prose Churchwell uncovers the shame belittlement and anxiety that we bring to the story of a woman we supposedly adore In the process she rescues a Marilyn Monroe who is far more complicated and credible than the one we think we know
