Captain Bartlett now made a difficult and courageous decision He would take one of the young Inuit hunters and attempt a 1000 mile journey to save the shipwrecked survivors It was their only hope Set against the backdrop of the Titanic disaster and World War I filled with heroism tragedy and scientific discovery Buddy Levy s Empire of Ice and Stone tells the story of two men and two distinctively different brands of leadership one selfless one self serving and how they would forever be bound by one of the most audacious and disastrous expeditions in polar history considered the last great voyage of the Heroic Age of Discovery
