Clifton Black, In this study of early Christian traditions C Clifton Black explores the figure and function of Mark the apostolic associate to whom Christians traditionally have attributed authorship of the New Testament s anonymous Second Gospel and whose very existence has been a controversial issue among scholars Black contends that in their justifiable doubt about Mark s writing of the Second Gospel biblical scholars have neglected the development of that ascription as well as its religious motivations Using a variety of critical lenses historical literary and theological Black examines the images of Mark that emerge from the New Testament and from the writings of the early church fathers Black s comprehensive investigation culminates in a fresh appraisal of the relationship between the Gospel of Mark and the legends surrounding its composition Black concludes that the figure of Mark was carefully crafted as a part of the interpretive framework within which early Christians read the Second Gospel and heard its witness as faithful to their understanding of Jesus Like the Markan Gospel itself the image of Mark the Evangelist helped the early church in the formation of its religious memory and theological identity The Purpose of Mark's Gospel Adam Winn, 2008 Moderate revision of the author s thesis doctoral Fuller Theological Seminary 2007 **A Theology of Mark's Gospel** David E. Pauline Christianity Christopher Mount, 2002-04-01 Pauline Christianity takes a fresh perspective on the composition and reception of Luke-Acts in relation to the category Pauline Christianity as it has been used to describe traditions, communities and persons connected to Paul. This inquiry is pursued along three lines: 1 The reception of the Acts of the Apostles and the Pauline Luke by Irenaeus is addressed; 2 The compositional intentions of the author of Luke-Acts in constructing Pauline Christianity are analyzed; 3 The literary Paulinism of the author is separated from the Paulinism of his sources. This study contributes to the ongoing discussion of Paul's role in the history of early Christianity by making

clear the extent to which the Pauline Christianity of Luke Acts has its origins in various second century attempts to reconstruct the Christian origins

**The Forgotten Compass** Werner H. Kelber, Bruce D. Chilton, 2022-09-21 As form criticism arose the French anthropologist Marcel Jousse developed a hermeneutical paradigm global in scope and prescient in its vision but opposed to the philological paradigm of biblical studies While the philological methodology came to define modernity's biblical hermeneutics Jousse's rhythmically energized paradigm was marginalized and largely forgotten Although Jousse has left relatively few traces in writing many of his more than one thousand lectures delivered at four different academic institutions in Paris between 1931 and 1957 have been edited and translated into English by Edgard Sienaert The Forgotten Compass surveys Jousse's views on biblical tradition and scholarship documenting the relevance of his paradigm for current biblical studies What distinguishes Jousse's paradigm is that it is firmly established within the orbit of ancient communications and deeply rooted in Jewish tradition The Forgotten Compass challenges readers to come to appreciate the

print Bible's lack of fluency in the very sensibilities privileged by Jousse's paradigm and to raise consciousness about the multivocal multisensory culture in which the biblical traditions emerged and from which they drew their initial nourishment

*The First Biography of Jesus* Helen K. Bond, 2020-04-30 What difference does it make to identify Mark's gospel as an ancient biography Reading the gospels as ancient biographies makes a profound difference to the way that we interpret them Biography immortalizes the memory of the subject creating a literary monument to the person's life and teaching Yet it is also a bid to legitimize a specific view of that figure and to position an author and his audience as appropriate gatekeepers of that memory Biography was well suited to the articulation of shared values and commitments the formation of group identity and the binding together of a past story present concerns and future hopes Helen Bond argues that Mark's author used the genre of biography to extend the gospel from an earlier narrow focus on the death and resurrection of Jesus so that it included the way of life of its founding figure Situating Jesus at the heart of a biography was a bold step in outlining a radical form of Christian discipleship patterned on the life and death of Jesus
