vulgarium fragmenta* a collection of lyric poems on sacred and profane love and other subjects has traditionally been viewed
as reflecting the conflicted nature of its author However award winning author Thomas E Peterson argues that Petrarch's
Fragmenta is an ordered and coherent work unified by narrative and theological structures By concentrating on the poem's
reliance on Christian tenets and distinguishing between author narrator and character Peterson exposes the underlying
narrative and theological unity of the work Building on recent Petrarch scholarship and broader studies of medieval poetics
poetic narrativity and biblical intertextuality Peterson conducts a rigorous examination of the *Fragmenta*'s poetic language
This combination of stylistic and philological analysis recasts Petrarch's poetry in a new light revealing its radically
innovative and liberating character *Dante's Sacred Poem* Sheila J. Nayar, 2014-08-28 Arguing that the consecrated body
in the Eucharist is one of the central metaphors structuring *The Divine Comedy* this book is the first comprehensive
exploration of the theme of transubstantiation across Dante's epic poem Drawing attention first to the historical and
theological tensions inherent in ideas of transubstantiation that rippled through Western culture up to the early fourteenth
century Sheila Nayar engages in a Eucharistic reading of both the flesh allusions and metamorphosis motifs that thread
through the entirety of Dante's poem From the cannibalistic resonances of the Ugolino episode in the *Inferno* to the Corpus
Christi like procession seminal to Purgatory Nayar demonstrates how these sacrifice and Host related metaphors allusions
and tropes lead directly and intentionally to the *Comedy*'s final vision that of the Eucharist itself Arguing that the final
revelation in Paradise is analogically the Bread of Life Nayar brings to the fore Christ's centrality as sacrament to *The Divine
Comedy* a reading that is certain to alter current day thinking about Dante's poem
