Marked-driven Politics Neoliberal Democracy And The Public Interest:

Market-Driven Politics Colin Leys, 2003-07-17 This book provides an original analysis of the key processes of commodification of public services the conversion of public service workforces into employees motivated to generate profit and the role of the state in absorbing risk

Market-driven Politics Colin Leys, 2003

The Politics of Everyday Life Paul Ginsborg, Professor Paul Ginsborg, 2005-01-01 Ginsborg is never judgemental though he is devastatingly thorough and occasionally mischievously witty Times Literary Supplement

Organising Neoliberalism Philip Whitehead, Paul Crawshaw, 2014-10-01 This collection of essays incorporates the insight of an international group of experts to explore the impact of neoliberalism within different organisational domains from both theoretical and empirical perspectives Examining neoliberalism in the context of political social economic and institutional domains this volume promotes a critical and challenging approach to the social and economic attitudes characterising late modern capitalism

The Political Economy of Corporation Tax John Snape, 2011-12-09 Excellent technical writing on corporation tax abounds but it tends to be inaccessible to public lawyers political theorists and political economists Although recent years have seen not only an explosion in public law scholarship but also a reawakening of interest in interpretative political theory and political economy the potential of these perspectives to illuminate the corporation tax debate has remained unexplored In this important work John Snape seeks to reconcile these disparate strands of scholarship and to contribute to a new way of understanding and conceptualising the reform of the law relating to corporate taxation Drawing on important developments in public law scholarship the study combines elements of political theory and political economy It advances a new interpretation of corporation tax law as an instrument of rule through the maximisation of a nation's economic potential Snape shows how corporate taxation belongs at the centre of any discussion of economic globalisation not only because of the potential of national tax systems to influence inward investment decisions but also because of the potential of those decisions to shape the public interest that those tax systems might embody Following public law and politics models the book looks afresh at the impact of Britain's political institutions of the processes of its representative government and of the theory that moulds and orders the values that the corporation tax code contains This is a timely exploration of cutting edge issues of public policy

Publics and their health Alex Mold, Peder Clark, Hannah J. Elizabeth, 2023-03-07 The COVID 19 pandemic has resulted in a renewed interest in the relationship between public health authorities and the public Particular attention has been paid to problem publics who do not follow health advice This is not a new issue As the chapters in this collection demonstrate the designation of certain groups or populations as problem publics has long been a part of health policy and practice By exploring the creation and management of these problem publics in a range of time periods and geographical locations the collection sheds light on what is both specific and particular For health authorities publics themselves were often thought to pose problems because of their behaviour identity or location But publics could and did resist this framing There were and

continue to be many problems with seeing publics as problems *Handbook on Higher Education Management and Governance* Alberto Amaral, António Magalhães, 2023-10-06 This ground breaking Handbook examines the evolution of university autonomy and governance by tracking the changing relationship between higher education institutions and the state Through unique historical analyses contributors provide important insights into the position of students academics and universities in today s society and map potential future directions of travel for the sector **Television News, Politics and Young People** M. Wayne, J. Petley, C. Murray, L. Henderson, 2010-04-09 Why are young people alienated from television news This book argues that contemporary trends indicating deepening disconnection from news about public life reflect both problems in the way television news covers politics the single biggest item on the news and problems with the nature of politics itself under neo liberal capitalism **How Voters Feel** Stephen Coleman, 2013-02-25 This is a book about voting what people think they are doing when they cast a vote *Global Health and Human Rights* John Harrington, Maria Stuttaford, 2010-06-10 Interrogates the development of rights based approaches to health This title integrates discussions of the right to health at a theoretical and practical level and engages with the systems of global health governance **Doctor Who: A British Alien?** Danny Nicol, 2018-02-02 This book argues that Doctor Who the world s longest running science fiction series often considered to be about distant planets and monsters is in reality just as much about Britain and Britishness Danny Nicol explores how the show through science fiction allegory and metaphor constructs national identity in an era in which identities are precarious ambivalent transient and elusive It argues that Doctor Who s projection of Britishness is not merely descriptive but normative putting forward a vision of what the British ought to be The book interrogates the substance of Doctor Who s Britishness in terms of individualism entrepreneurship public service class gender race and sexuality It analyses the show s response to the pressures on British identity wrought by devolution and separatist currents in Scotland and Wales globalisation foreign policy adventures and the unrelenting rise of the transnational corporation Corporations and Cultural Industries Scott W. Fitzgerald, 2012-01-01 Corporations and Cultural Industries Time Warner Bertelsmann and News Corporation by Scott Warren Fitzgerald fills an important neglected area in communication and media studies through its sustained theoretically grounded and empirically rich analysis of three of the most important global media conglomerates of our time Time Warner Bertelsmann and News Corp The book examines how financialization processes regear the internal operations of media corporations in a manner that pits one sector against another *Critical Policy Studies* Michael Orsini, Miriam Smith, 2011-11-01 Traditional definitions of public policy in Canada have been challenged in recent years by globalization the transition to a knowledge based economy and the rise of new technologies Critical Policy Studies describes how new policy problems such as border screening and global warming have been catapulted onto the agenda in the neo liberal era The book also surveys the recent evolution of critical approaches to policy studies which have transformed decades old issues Contributors conceptualize the ways in which public policy

questions cut across the traditional fields of policy. They cover both topical approaches such as Foucauldian and post empiricist analysis and new applications of established perspectives such as political economy. Conventional methodologies reveal new connotations when used to explore such topics as security issues, Canadian sovereignty, welfare reform, environmental protocol, Aboriginal policy and reproductive technologies. Critical Policy Studies provides an alternative to existing approaches to policy studies and will be welcomed by scholars, students and practitioners of political science and public policy.

Challenge for Change Thomas Waugh, Michael Brendan Baker, Ezra Winton, 2010-02-01. Pioneering participatory social change oriented media, the program had a national and international impact on documentary film making yet this is the first comprehensive history and analysis of its work. The volume's contributors study dozens of films produced by the program, their themes, aesthetics and politics, and evaluate their legacy and the program's place in Canadian, Québécois and world cinema. An informative and nuanced look at a cinematic movement. *Challenge for Change* reemphasizes not just the importance of the NFB and its programs but also the role documentaries can play in improving the world.

Losing Labour's Soul? Eric Shaw, 2012-08-17. Based on extensive original research and interviews with a wide variety of key players, this is a compelling assessment of the Labour Party in power. Beginning with a detailed account of the development of New Labour including the ideological tensions within the party, Eric Shaw provides a sophisticated analysis of the Labour Government during an unprecedented period of power. Offering the most detailed examination yet published of the actual performance of the party in several key social and economic policy areas, *Losing Labour's Soul* will be of enormous interest to students of British politics, labour history and party politics.

Criminal Justice and Neoliberalism E. Bell, 2011-01-19. This book explores the origins of the so called punitive turn in penal policy across Western nations over the past two decades. It demonstrates how the context of neoliberalism has informed penal policy making and argues that it is ultimately neoliberalism which has led to the recent intensification of punishment.

Authoritarian Capitalism in the Age of Globalization Peter Bloom, 2023-02-14. Authoritarian capitalism is rapidly evolving, intensifying and spreading across the globe. This updated second edition book demonstrates that the recent resurgence of fascism and repressive democracies are connected to and symptomatic of the fundamental authoritarianism of capitalism.

The Impact of Addictive Substances and Behaviours on Individual and Societal Well-being Peter Anderson, Jürgen Rehm, Robin Room, 2015. Analyses the impact of addictive drugs, alcohol, nicotine and illegal drugs and behaviours, gambling on the health and wellbeing of individuals and societies based on the latest research and within an innovative new conceptual framework.

Reclaiming the Sane Society Miri Seyed Javad, Robert Lake, Tricia M. Kress, 2014-07-03. Erich Fromm's body of work written more than 50 years ago was prophetic of the contemporary moment. Increasingly, global society is threatened by the many-headed monster of corporate greed, neo liberalism, nihilism, extreme fundamentalist beliefs and their resulting effects on the natural world and the lived lives of people. Fromm clearly warned us of the peril of the misuse of technology and the destructive nature of man's perverse desire.

to possess control and or destroy Through his theories of having vs being the importance of hope as active resistance and his notion of freedom as the capacity to love self and others Fromm encouraged his readers to cultivate biophilic ways of being in the world that will counter and heal the impending necrophilic plunder of man s hubris This multi authored volume sheds new light on Fromm s forgotten role in the formation of contemporary thought through an engaging variety of reflexive and historical narratives from fields of sociology clinical psychology political science critical theory of religion and education Key concepts from his body of work are interpreted and expressed in ways that offer hopeful and humane alternatives to the present global conditions of despair greed and depersonalization

Global Governance and the Quest for Justice - Volume II
Sorcha MacLeod, 2006-11-06 This book one in the four volume set Global Governance and the Quest for Justice focuses on the role of corporations in an increasingly globalised world Against the backcloth of perceived abuse of corporate power alleged violations of human rights degradation of the environment abuse of labour Enron style financial scandals and the like the chapters in this collection examine the nature and function of the corporation as well as the way in which we should understand corporate governance and the power of transnational corporations Central to the question is the issue of accountability as well as the questions of social and environmental responsibility here the authors ask whether corporations should be more accountable relative to the broader public interest and suggest that public law approaches to accountability may offer a way forward Consideration is also given to the most appropriate regulatory locus local regional or international and the most effective form of response to the deficit in corporate responsibility and the abuse of corporate power For example are transnational corporations most effectively regulated internationally e g by the United Nations regionally e g by the EU or NAFTA or locally e g through stringent reporting requirements and implementation of triple bottom line standards
