Cleanth Brooks and the Rise of Modern Criticism Mark Royden Winchell, 1996 During a career that spanned sixty years Cleanth Brooks was involved in most of the major controversies facing the humanities from the 1930s until his death in 1994 He was arguably the most important American literary critic of the mid twentieth century Because it is impossible to understand modern literary criticism apart from Cleanth Brooks or Cleanth Brooks apart from modern literary criticism Mark Royden Winchell gives us not only an account of one man's influence but also a survey of literary criticism in twentieth century America More than any other individual Brooks helped steer literary study away from historical and philological scholarship by emphasizing the autonomy of the text He applied the methods of what came to be called the New Criticism not only to the modernist works for which these methods were created but to the entire canon of English poetry from John Donne to William Butler Yeats In his many critical books especially *The Well Wrought Urn* and the textbooks he edited with Robert Penn Warren and others Brooks taught several generations of students how to read literature without prejudice or preconception

Inventing Southern Literature Michael Kreyling, 2009-11-12 Winner of the 1997 Eudora Welty Prize I take an outward route arguing that the Agrarian project was

and must be seen as a willed campaign on the part of one elite to establish and control the South in a period of intense cultural maneuvering The principal organizers of *I'll Take My Stand* knew full well there were other Souths than the one they touted they deliberately presented a fabricated South as the one and only real thing In *Inventing Southern Literature* Michael Kreyling casts a penetrating ray upon the traditional canon of southern literature and questions the modes by which it was created He finds that it was indeed an invention rather than a creation In the 1930s the foundations were laid by the Fugitive Agrarian group a band of poet critics that wished not only to design but also to control the southern cultural entity in a conservative political context From their heyday to the present Kreyling investigates the historical conditions under which literary and cultural critics have invented the South and how they have chosen its representations Through his study of these choices Kreyling argues that interested groups have shaped meanings that preserve a South as the South As the Fugitive Agrarians molded the region according to their definition in *I'll Take My Stand* they professed to have developed a critical method that disavowed any cultural or political intent or content a claim that Kreyling disproves He shows that their torch was taken by Richard Weaver on the Right and Louis D Rubin Jr on the Center Left and that both critics tried to preserve the Fugitive Agrarian credo despite the severe stresses imposed during the era of desegregation As the southern literary paradigm has been attacked and defended certain issues have remained in the forefront Kreyling takes on three reconciling the imperatives of race with the traditional definitions of the South testing the ways white women writers of the South have negotiated space within or outside the paradigm and analyzing the critics use and abuse of William Faulkner the major figure of southern literature as they have relied on his achievement to anchor the total project called Southern Literature

The New Encyclopedia of Southern Culture M.

Thomas Inge, Charles Reagan Wilson, 2014-02-01 Offering a comprehensive view of the South's literary landscape past and present this volume of *The New Encyclopedia of Southern Culture* celebrates the region's ever flourishing literary culture and recognizes the ongoing evolution of the southern literary canon As new writers draw upon and reshape previous traditions southern literature has broadened and deepened its connections not just to the American literary mainstream but

also to world literatures a development thoughtfully explored in the essays here Greatly expanding the content of the literature section in the original Encyclopedia this volume includes 31 thematic essays addressing major genres of literature theoretical categories such as regionalism the southern gothic and agrarianism and themes in southern writing such as food religion and sexuality Most striking is the fivefold increase in the number of biographical entries which introduce southern novelists playwrights poets and critics Special attention is given to contemporary writers and other individuals who have not been widely covered in previous scholarship

The Legacy of Robert Penn Warren David Madden, 2000-08-01 Robert Penn Warren was unique among twentieth century American writers for having achieved excellence in a broad and assorted range of genres poems novels plays critical works historical essays personal essays biography and innovative textbooks In this collection of essays critics and poets among the finest Warren scholars assess Warren's legacy within his various genres and illuminate his centrality to twentieth century American culture Although Warren was best known for his novel *All the King's Men* the fact that most of these essays focus on his poetry attests to the urgency these poets and scholars feel about the need to call attention to this relatively neglected aspect of his work Although their approaches and themes are varied the pieces in *The Legacy of Robert Penn Warren* are united in their assertion that the writer's true legacy is that he was in a century of increasing specialization a myriad minded Renaissance man

The Silencing of Emily Mullen and Other Essays Fred Hobson, 2005-11-01 Perhaps the preeminent contemporary scholar of southern letters Fred Hobson is adept at cutting through the many myths and self illusions spun about the South and exposing a far more intriguing reality In his inaugural collection of essays Hobson offers both an astute and deeply personal take on American and southern life He touches on history literature religion family race and sports as he ponders various famous and obscure biographical and autobiographical figures Rife with stimulating writing and thought *The Silencing of Emily Mullen* informs moves and entertains all at once Hobson's own great grandmother inspires the title essay in which he investigates the whispered family rumor that Emily Mullen Gregory committed suicide by jumping down a well in the late nineteenth century Besides the facts of Mullen's death Hobson inquires into the plight of southern middle class women's lives generally in that era A happier female relative animates another absorbing chapter Hobson's great aunt who left the benighted South with the intent of bringing enlightenment to China as a missionary and teacher from 1909 to 1941 and who became both friend and critic of Madame Chiang Kai shek Ruminative appraisals of H L Mencken W J Cash progressive journalist Gerald W Johnson social critic James McBride Dabbs man of letters Louis D Rubin Jr African American author Mary Mebane novelist Richard Ford and twentieth century southern literature add incrementally to the collection's overall intellectual pleasures Hobson's concluding three pieces take a more intimate turn He reflects on his connection to the hills of North Carolina the impact the book *The Mind of the South* had on him and the love of college basketball he shared with his father *The Silencing of Emily Mullen* captures both the richness and deficiencies of the South within the American society at large It is a book that makes for

exceptionally rewarding and enjoyable reading **Contemporary Southern Men Fiction Writers** Rosemary M. Eacker, 1998-04-01 In this brilliant collection five historians and literary critics explore the many ways that southern writers influence and are influenced by their region Christopher Morris examines the relationship between economic development and the humor of such Old Southwestern writers as Augustus B Longstreet and Johnson Jones Hooper while Susan A Eacker explains how South Carolina author Louisa McCord came to defend slavery Anne Goodwyn Jones offers a penetrating deconstruction of gender in the southern literary renaissance Charles Joyner reassesses William Styron s controversial decision to write *The Confessions of Nat Turner* in the first person and Bertram Wyatt Brown reveals the connection between depression and literary creativity Presenting interdisciplinary topics within a broad chronological range this remarkable work will be of interest to all students of southern literature and history **The Rebuke of History** Paul V. Murphy, 2003-01-14 In 1930 a group of southern intellectuals led by John Crowe Ransom Allen Tate Donald Davidson and Robert Penn Warren published *I ll Take My Stand The South and the Agrarian Tradition* A stark attack on industrial capitalism and a defiant celebration of southern culture the book has raised the hackles of critics and provoked passionate defenses from southern loyalists ever since As Paul Murphy shows its effects on the evolution of American conservatism have been enduring as well Tracing the Agrarian tradition from its origins in the 1920s through the present day Murphy shows how what began as a radical conservative movement eventually became alternately a critique of twentieth century American liberalism a defense of the Western tradition and Christian humanism and a form of southern traditionalism which could include a defense of racial segregation Although Agrarianism failed as a practical reform movement its intellectual influence was wide ranging Murphy says This influence expanded as Ransom Tate and Warren gained reputations as leaders of the New Criticism More notably such neo Agrarians as Richard M Weaver and M E Bradford transformed Agrarianism into a form of social and moral

traditionalism that has had a significant impact on the emerging conservative movement since World War II George Garrett Casey Clabough,2013-10-01 Considering George Garrett's life and work in the continuum of American literary history it is perhaps most profitable to place him in the tradition of the now exceedingly rare Southern man of letters he or she who embraces and produces literature in all its complexity and in multiple forms novels short stories poems plays criticism translation editing and so on This kind of Southern writer stretching back to Edgar Allan Poe perhaps finds its best modern examples in the Nashville based writers of the 1920s and 1930s Chronologically Garrett born in 1929 probably was the most variously gifted Southern writer to arrive on the scene following Robert Penn Warren Indeed it is in such company that his life and work belong **William Faulkner** John E. Bassett,2009-05-22 Considered one of the great American authors of the 20th century William Faulkner 1897-1962 produced such enduring novels as *The Sound and the Fury* *Light in August* and *As I Lay Dying* as well as many short stories His works continue to be a source of interest to scholars and students of literature and the immense amount of criticism about the Nobel prize winner continues to grow Following his book *Faulkner in the Eighties* Scarecrow 1991 and two previous volumes published in 1972 and 1983 John E Bassett provides a comprehensive annotated listing of commentary in English on William Faulkner since the late 1980s This volume dedicates its sections to book length studies of Faulkner commentaries on individual novels and short works criticism covering multiple works biographical and bibliographical sources and other materials such as book reviews doctoral dissertations and brief commentaries This bibliography provides an organized and accessible list of all significant recent commentary on Faulkner and the annotations direct readers to those materials of most interest to them The information contained in this volume is beneficial for scholars and students of this author but also general readers of fiction who have a special interest in Faulkner
