Odyssey of Your Soul Elizabeth Clare Prophet, 2020-09-28

Elizabeth Clare Prophet's fresh and insightful interpretation of the rites of passage hidden in one of the greatest epics of all time Homer's Odyssey is your personal map for charting life's challenges and achieving your highest potential After the Trojan War Odysseus struggles against all odds to return to his beloved wife and homeland His voyage is much more than a tale of monsters enchantresses and mythical gods The drama of Odysseus is an inner drama His relationships and encounters mirror back to him parts of his own character that he must confront His journey is also symbolic of our own voyage through life and our efforts to navigate its turbulent waters and explore its uncharted islands Odyssey of Your Soul is an invitation to become the hero you are meant to be

Odyssey of the Soul Pamela Chilton, 1997 *Odyssey of the Soul, When Gods Walk the Earth* Pamela Michael Chilton, Hugh Harmon, Light, 2000-01-01 *Odyssey of the Soul, a Trilogy* Pamela

Chilton, Hugh Harmon, Light, 1997 First in a trilogy Book One presents extraordinary information gathered from the inner consciousness levels of the minds bodies and spirits of thousands of ordinary people Knowledge gathered by the authors in their healing motivational and channeling work with and for others opens the mind and excites the spirit to the inherent abilities of the soul Written simply even complex subjects such as healing hypnosis reincarnation channeling therapy spirit possession multiple personalities inner children astral matter metaphysics the soul and Higher Self become clear and understandable Personal stories add light humor motivation and a sense all is possible and knowable Presents a lighted path to self mastery for the enlightenment of self and others while succinctly outlining why the past is important to this path Explains the dynamics of trauma including childhood abuse and how the mind stores as well as buries trauma Explains why memories whether false or real are important to healing and achieving personal and professional goals Delineates the levels of the mind and spirit in a way that is meaningful to every day reality Lures and keeps the interest of both beginners and experts in metaphysical studies even as it brings forward information that enhances both mainstream and alternative healing Miracles are explained as well as why medications surgery prayer guided imagery visualizations affirmations hypnosis herbs and other healing aids sometimes do not work and what needs to be done so they will It is a book written by experts who explain why no expert knows more about a person's mind body or spirit than that person's own mind body and spirit Explains how such information can be accessed both in and out of trance states Channeling is introduced in a manner that eliminates fear dread and foolhardiness Parts of the book and all of chapter eight are written by LIGHT which says it is The Light the creator energy of The Creator of All That Is Light outlines a plan for healing the earth balancing nature and enlightening humans The plan is powerful and perfect for people of all religions and no religion So ingenious is this plan so simple so positively focused it could only have been written by a consciousness of light leading to the thought that if a consciousness of light does not lie this must indeed be The Creator Light Just knowing such a consciousness is present and active in the world

lessens the rampant fear presently escalating naturally occurring earth changes Most importantly this book as it makes clear how the mind creates makes clear how prophecy works It becomes understood prophecy is not for the ego of the prophet it is for the good of the people If one does not like a prophecy one has the ability and the right to positively shift the mental focus and physical actions in the present which alters the future thus nullifying the prophecy Being created in the image of the Creator means we are spirit with will and the ability to choose what we will A great prophet does not care about being right A great prophet cares about doing right Doing right is to warn and when the warning is heeded the great prophet rejoices knowing the prophecy will be rendered untrue Book One explains how the mind truly works so the soul of one and the souls of many may alter the future to bring greater good and joy [Gnostic Writings on the Soul](#) ,2011-08-18 The inspiration and insight of these Gnostic writings can become a companion on your own spiritual journey Just what is a soul exactly Where did the idea come from How do we experience our souls Two ancient Gnostic texts The Exegesis on the Soul and The Hymn of the Pearl both presented here in all new translations hold important clues to the development of the soul as a concept and reveal inspiring ways your own soul can remember and return to its unique divine purpose The Exegesis on the Soul depicts the soul as a feminine figure who has fallen into the corrupted world and must find her way back to the Divine It is the story of the soul's struggle and redemption that will embolden your own spiritual pilgrimage The Hymn of the Pearl is an allegorical story about a prince sent to retrieve a precious pearl but who soon forgets his purpose and falls asleep It is a moving tale of the importance of remembering your soul's identity and calling and knowing that only you can fulfill your destiny Accessible facing page commentary explains the Gnostic writings for you even if you have no previous knowledge of Gnosticism or early Christianity Additional material draws on ancient religions Platonism Christianity Judaism Islam and modern philosophical and psychological notions of the soul to place the Gnostic teachings in a clear historical context By following the development of this concept through time you will more clearly perceive and respond to the divine spark found in your own soul [The Odyssey of the Soul](#) Franck Labat,2024-10-02 The Odyssey of the Soul Experiments on the Edge of Consciousness Discover the mysteries of human consciousness with The Odyssey of the Soul a fascinating exploration of out of body experiences that will take you on incredible spiritual adventures This captivating book by Franck LABAT passionate about altered states of consciousness reveals the techniques testimonies and spiritual implications of astral travel Whether you're an avid spiritual seeker a curious skeptic or a novice in search of understanding this guide offers enriching insights and practical advice for those who aspire to explore the subtle dimensions of human existence With personal accounts rigorous scientific references and step by step instructions The Odyssey of the Soul serves as a compass for navigating this mysterious and often misunderstood phenomenon This book also aims to reassure the reader about the nature of astral travel experiences providing clear rational explanations It highlights the potential of these journeys as powerful tools for spiritual evolution emphasizing their transformative value Get ready to challenge your perception of reality Are you ready to
