## Reading For Rhetoric Applications:

*Reading for Rhetoric* Caroline Shrodes, Clifford Anthon Josephson, James R. Wilson, 1979-01-01      *Reading for Rhetoric: Applications to Writing* Caroline Shrodes, Clifford Anthon Josephson, James R. Wilson, 1975      **Readings in Rhetorical Fieldwork** Samantha Senda-Cook, Aaron Hess, Michael Middleton, Danielle Endres, 2018-09-05

Readings in Rhetorical Fieldwork compiles foundational articles highlighting the development of fieldwork in rhetorical criticism. Presenting a wide variety of approaches, the volume begins with a section establishing the starting points for the development of fieldwork in rhetorical criticism and then examines five topics: Space, Public Memory, Publics and Counterpublics, Advocacy and Activism, and Science, Technology, and Medicine. Within these sections, readers evaluate a full spectrum of methods from interviews to oral histories to participant observation. This volume is invaluable for advanced undergraduate and graduate students of rhetorical criticism, rhetorical fieldwork, and qualitative methods looking for a comprehensive overview of the development of rhetorical fieldwork.

*Reading for Rhetoric: Applications to Writing*, 1972      *Research in Education*, 1974      *Reading and Writing for Civic Literacy* Donald Lazere, 2015-12-03

This brief edition of a groundbreaking textbook addresses the need for college students to develop critical reading, writing, and thinking skills for self-defense in the contentious arena of American civic rhetoric. Designed for first-year or more advanced composition and critical thinking courses, it is one-third shorter than the original edition, more affordable for students, and easier for teachers to cover in a semester or quarter. It incorporates up-to-date new readings and analysis of controversies like the growing inequality of wealth in America and the debates in the 2008 presidential campaign expressed in opposing viewpoints from the political left and right. Exercises help students understand the ideological positions and rhetorical patterns that underlie such opposing views. Widely debated issues of whether objectivity is possible and whether there is a liberal or conservative bias in news and entertainment media, as well as in education itself, are foregrounded as topics for rhetorical analysis.

**Media and Communication Research Methods** Arthur Asa Berger, 2015-10-15

Media and Communication Research Methods, Fourth Edition, is a concise and practical text designed to give students a step-by-step introduction to conducting media and communication research. Offering real-world insights along with the author's signature animated style, this text makes the discussion of complex qualitative and quantitative methods easy to comprehend. Packed with detailed examples and practical exercises, the Fourth Edition of this bestselling introductory text includes a new chapter on discourse analysis, expanded discussion of social media, expanded coverage of the research process, and more. Ideal for undergraduate and graduate students conducting research for the first time, this accessible text will help students understand practice and master media and communication research.

**The Rhetoric of Videogames as Embodied Practice** Steve Holmes, 2017-09-11

The Rhetoric of Videogames as Embodied Practice offers a critical reassessment of embodiment and materiality in rhetorical considerations of videogames. Holmes argues that rhetorical and philosophical conceptions of habit offer a critical resource for describing the interplay

between thinking writing and rhetoric and embodiment The book demonstrates how Aristotle's understanding of character ethos habit hexis and nature phusis can productively connect rhetoric to what Holmes calls procedural habits the ways in which rhetoric emerges from its interactions with the dynamic accumulation of conscious and nonconscious embodied experiences that consequently give rise to meaning procedural subjectivity control and communicative agency both in digital game design discourse and the activity of play

Adams,2020-07-27 This book develops a new and innovative way of understanding how language is used when people describe their spiritual and mystical encounters Early chapters provide overviews of the nature of spiritual encounters how commonly they occur and the role of language The book then develops a unique way of understanding the dynamics of talking about spirituality using original research to support this perspective In particular Peter J Adams explores how this characteristically vague way of speaking can be viewed as an intentional and not an incidental aspect of such communications because certain types of vagueness have the capacity to engage the imaginative participation of receptive listeners This expressive vagueness is achieved by embedding missing bits or gaps in the flow of what is described and these in turn provide sites for listeners to insert their own content Later chapters focus on practical ways people including helping professionals can improve their skills in talking about their spiritual encounters All content is situated in café conversations between four people each of whom is in their own way concerned with the challenges they face in converting the content of their encounters into words      Conceptual Structures: Inspiration and Application Pascal Hitzler,2006-06-29 This book constitutes the refereed proceedings of the 14th International Conference on Conceptual Structures ICCS 2006 held in Aalborg Denmark in July 2006 The volume presents 24 revised full papers together with 6 invited papers The papers address topics such as conceptual structures their interplay with language semantics and pragmatics formal methods for concept analysis and contextual logic modeling representation and visualization of concepts conceptual knowledge acquisition and more      *Reconnecting Reading and Writing* Alice S. Horning,Elizabeth W. Kraemer,2013-09-06 Reconnecting Reading and Writing explores the ways in which reading can and should have a strong role in the teaching of writing in college Reconnecting Reading and Writing draws on broad perspectives from history and international work to show how and why reading should be reunited with writing in college and high school classrooms It presents an overview of relevant research on reading and how it can best be used to support and enhance writing instruction      *The Ethics of Reading in Manuscript Culture* John Dagenais,1994-02-18 Reexamining the

roles played by author reader scribe and text in medieval literary practice John Dagenais argues that the entire physical manuscript must be the basis of any discussion of how meaning was made Medievalists he maintains have relied too heavily on critical editions that seek to create a single definitive text reflecting an author s intentions In reality manuscripts bear not only authorial texts but also a variety of elements added by scribes and readers glosses marginal notes pointing hands illuminations and fragments of other seemingly unrelated works Using the surviving manuscripts of the fourteenth century Libro de buen amor a work that has been read both as didactic treatise on spiritual love and as a celebration of sensual pleasures Dagenais shows how consideration of the physical manuscripts and their cultural context can shed new light on interpretive issues that have puzzled modern readers Dagenais also addresses the theory and practice of reading in the Middle Ages showing that for medieval readers the text on the manuscript leaf including the text of the Libro was primarily rhetorical and ethical in nature It spoke to them directly individually always in the present moment Exploring the margins of the manuscripts of the Libro and of other Iberian works Dagenais reveals how medieval readers continually reshaped their texts both physically and ethically as they read and argues that the context of medieval manuscript culture forces us to reconsider such comfortable received notions as text and literature and the theories we have based upon them *Rhetoric and Scripture* Thomas H. Olbricht, 2021-03-31 This book offers a unique overview of the development of rhetorical criticism both in North America and internationally through the work of pioneering New Testament scholar Thomas H Olbricht Lauri Thur n has gathered nineteen of Olbricht s essays as a guidebook to rhetorical criticism for students clergy and scholars The range of essays from throughout Olbricht s career illuminate the history of rhetorical criticism and reflect the different motivations of ancient and contemporary rhetorical approaches Essays focus on the history of biblical rhetorical analysis the rhetorical analysis of biblical texts the characteristics of rhetorical analysis and types of biblical rhetorical criticism A foreword by Thur n and a memorial essay by Carl R Holladay contextualize Olbricht s work Anyone interested in the rhetorical study of the New Testament will find this volume inspiring and informative
