## The Four Seasons

There are four seasons in a year: spring, summer, fall, and winter. Each season has its own weather and characteristics. Spring is when flowers start to bloom and the weather gets warmer. Summer is hot and there are long days. Fall is when the leaves change color and fall off the trees. Winter is cold and there are shorter days.

### Questions:

1. How many seasons are there in a year?
2. What is the weather like in spring?
3. What happens to the leaves in fall?
4. Is it cold or hot in winter?
